PROCEEDINGS—CONTRACT FOR PUBLISHING.

The Committee appointed to make a contract for printing the proceedings presented the following contract, which was approved and ordered published upon motion of Mr. Thomas:

This agreement made this 10th day of December, 1906, between the Committee of the Board of Supervisors of Genesee County on Publishing Proceedings of the Board, of the first part, and Anthony J. Fix of the second part, witnesseth: That the said Anthony J. Fix agrees to print and deliver at their office in Batavia, N. Y., four thousand copies (4,000)

of the Proceedings of the Board, properly indexed, on or before the first day of March next, according to the attached specifications, subject to the approval of the Committee of the Board, for the sum of one dollar and ninety-four cents per page ($1.94 per page), said price to be full compensation and cover all cost of printing and binding at his office.

And the said Anthony J. Fix agrees that he will publish in one of the leading papers of Genesee County so much of the Proceedings as may be required by law. Payment to be made on acceptance and delivery of said pamphlets in compliance with this agreement, said payment to be made by an order drawn on the Treasurer of Genesee County, and payable on the 10th day of March, 1907.

And it is further agreed that the said Anthony J. Fix shall forfeit the sum of five dollars ($5.00) for each and every day's delay in furnishing the said copies of the Proceedings. Said Anthony J. Fix agrees that the book shall not exceed the number of pages in last year's report, provided the copy shall not be more than that furnished for last year's Proceedings.

It is hereby mutually agreed that the said Anthony J. Fix shall be entitled to one day extra for every day he is without copy.

Paper—The paper shall be machine-finished book, 25x38, and weigh not less than 50 pounds per ream of 500 sheets.

Cover—The paper for covers shall weigh not less than 32 pounds per ream of 500 sheets, 20x25 inches.

Type—The Clerk's entries shall be set in Small Pica; resolutions, reports, communications, etc., in Brevier.

Pages—The pages of a pamphlet shall not be less than 5⅝x8¾ inches in size.

Binding—The pamphlet shall be hand-sewed with linen thread or wired stapled.

THISTLE COMMISSIONER.

To the Honorable Board of Supervisors of the County of Genesee:

Your Russian Thistle Commissioner would report as follows:

There is a marked improvement in conditions in the past four years, for I found no thistles growing along the following railroads this year:

Tonawanda and Canandaigua branches of the New York Central, Erie and West Shore.

There were but few plants growing on the D. L. & W. R.R. and were as follows:

Section 111. Found a bunch of thistles about 300 feet east of the highway crossing in the Town of Pavilion, east of the B., R. & P. Junction.

Section 112 had only two thistles, one just west of the Oatka at the Signal Station and one near telegraph pole 367-22

The B., R. & P. R. R. had a few thistles growing in the Town of Le Roy only, and were found as follows:

One plant east side of the highway crossing near the Graino plant, another just west of the railroad scale, west of the freighthouse, and one very large plant on the east bank of fall, 200 feet north of the railroad bridge, south of the village.

There were scattering plants on the N. Y. C. R. R. clear across the county, but not near as many as formerly, and those found were growing between the rod lines, while in the past they were found from fence to fence.

In the town of Bergen, Section 6, we found scattering plants from mile post 389 to 392. In the town of Byron, Section 8, found one plant near telegraph pole 396-36, and a few plants in Stafford from mile post 397 to 398, and two plants near mile post 399 in Section 9. In the town of Batavia, there were scattering plants in Sections 9-10 and 1 as follows: Some near mile post 401, and scattering from 402 to Harvester avenue, and one

plant at pole 404 Found one thistle in the town of Pembroke, near mile post 414, Section 4. In the town of Darien found scattering plants from mile post 416 to 417 in Section 5.

There are also less thistles growing along the Lehigh Valley railroad than formerly, although there is but little change for the better on the cross-over from the Lehigh Valley depot to the Woodworks, and for a short distance west of Tonawanda creek.

There were scattering plants for about 80 rods, west from Tonawanda creek, in Section 14, but we found no thistles from there to the west county line. In Section 13 there was a bunch west of the Darby crossing in the town of Stafford, with scattering plants both sides of the tracks from telegraph pole 407-14 to 407-15 and one plant at pole 406-19.

In Section 12 there was a bunch just west of the creek, on south side of tracks, east of the Stafford station, and plants were growing quite thick on the south bank of cut just east of the Pump Station. In Section 11, town of Le Roy, we found a bunch south side of the tracks, east of the Oatka bridge five poles, but found no more plants from there east to the county line

Found immense quantities of thistles growing on the Retsof Farm, south of Le Roy. Nothing goes to show that an effort is being made to rid this farm of the Russian Thistle and I would recommend that some better method be used to secure a compliance to the resolution of this Honorable Board, on this farm, in regard to destroying Russian Thistles in Genesee County

Respectfully submitted,

C. T. PRATT,

Thistle Commissioner.

There has been raised on the County farm during the past year 1,272 bushels of wheat, 1,140 bushels of potatoes, 70 bushels of very poor beans, 172 bushels of oats, 150 tons of hay, about 100 bushels of carrots, 300 bushels of beets, 100 bushels of turnips and 500 heads of cabbage. At a fair estimate we had every reason to expect a 1,000 bushels of oats, 500 bushels of beans, 500 barrels of apples and more than enough corn to fill our silo, but owing to a severe hailstorm we did not have quite enough corn to fill silo and only the above amounts of beans and oats. It also damaged our garden to a very great extent, obliging us to buy a good many vegetables for the institution's use owing to the above storm which has reduced our available funds for the ensuing year about $1,500.00. There is now on the farm 6 work horses, 2 mules, 1 brood mare with colt by side; 1 pair oxen, 32 head of other cattle, 5 brood sows, 1 stock hog, 20 hogs for fattening, 16 shoats, 20 pigs, 75 hens and 10 turkeys We have put up about 160 rods of woven wire fence, put in about 1,000 feet tile drain and the usual amount of repairs. We most respectfully recommend the following appropriation to defray the poor expenses during the coming year, all of which we most respectfully submit, $5,000.00

My term of office expires January 1, 1908.

Town of Bethany, County of Genesee.

WIDE TIRES ON VEHICLES.

An act of the Board of Supervisors of Genesee County to regulate the width of tires on vehicles on the highways in the County of Genesee, pursuant to Chapter 155 of the Laws of 1899, entitled, "An act to amend the County law relating to powers of boards of supervisors with reference to tires on vehicles."

Passed at the annual session of said Board of Supervisors, November 20, 1901, by a vote of 10 for and 3 against its passage.

The Board of Supervisors of Genesee County, pursuant to Chapter 155, of the Laws of 1899, entitled, "An act to amend the County law relating to powers of boards of supervisors with reference to tires on vehicles," do enact as follows:

Section 1. On or after January 1, 1907, no vehicle built to carry a weight of 1,500 pounds or upwards shall be used, driven or propelled on or over any highway in the County of Genesee, unless the same be equipped with tires of the widths specificed in Section 2 hereof.

Section 2. The tires used on such vehicles are hereby required to be the following widths:

All wagons equipped with thimble skein axle of 3 inches or less in diameter, steel axle of 1⅝ inches or less in diameter, tubular axles of 2⅜ inches in diameter, and built to carry a weight of 1,500 pounds or upwards, shall have tires not less than 3 inches in width. All wagons equipped with thimble skein axles of 3¼ inches in diameter, steel axles of 1¾ inches in diameter, or tubular axles 2⅝ inches in diameter, and built to carry a weight of 1,500 pounds or upwards, shall have tires of not less than 3½ inches in width.

All wagons equipped with thimble skein axles of 3½ inches or more, in diameter, steel axles of 1⅞ inches or more, in diameter, tubular axles of 2⅞ inches or more, in diameter, and built to carry a weight of 1,500 pounds or upwards, shall have tires of not less than 4 inches in width

Section 3. This act shall not apply to platform or three-spring wagons equipped with steel axles not to exceed 1¼ inches in diameter.

Section 4. Any person owning any vehicle which is hauled, propelled or used contrary to the provisions of this act, as well as any person engaged in hauling, propelling, using or having charge of any such vehicle, shall be deemed guilty of the offense herein prohibited. Provided, however, that any employe may prove in extenuation of the offense charged that the same was committed pursuant to instructions of his employer, and in ignorance of the fact that such vehicle did not comply with the requirements of this act, but no such defense shall be admitted on the part of the employer or owner of the vehicle, under whose direction or with whose consent the same was used.

Section 5. Any person offending against the provisions of this act shall be deemed guilty of a misdemeanor, and shall be punishable by a fine of not less than five dollars nor more than twenty-five dollars, for each such offense,

and in case of failure to pay any fine imposed may be committed to jail not exceeding one day for each dollar of such fine.

Section 6. Courts of special sessions, having jurisdiction to try misdemeanors as provided by Section fifty-six of the Code of Criminal Procedure, shall have exclusive jurisdiction to try offenders in all cases occurring under this act, in the same manner as in other cases where they now have jurisdiction and subject to the same power of removal and to render and enforce judgment to the extent herein provided.

Section 7. All fines collected under the provisions of this act shall be paid when the offense is committed in a town outside of the incorporated villages hereinafter specified to the supervisor of that town for the highway fund, to be paid out by him under the direction of the town board. When the offense is committed in any village in the County, which by law is constituted a separate road district, the fine shall be paid to the treasurer of said village to be used as the board of trustees thereof may direct.

Section 8. This act shall take effect January 1, 1907.

PROCEEDINGS

OF THE

BOARD OF SUPERVISORS

OF THE

COUNTY OF GENESEE

1907

SPECIAL SESSION

February 23, 1907.

In pursuance of the following call, the Board of Supervisors of Genesee County convened in Special Session in their room in the Court House, Batavia, N. Y., with all the members present, Chairman R. Tracy Miller presiding.

BATAVIA, N. Y., February 14, 1907.

To W. H. Parker, Clerk of the Boark of Supervisors of Genesee County:

You are hereby requested to convene the Board of Supervisors of Genesee County in Special Session in their room in the Court House, Batavia, N. Y., Saturday, February 23, 1907, at 10 o'clock a. m., to consider the question of road improvement in Genesee County and transact such other business as may properly come before the session.

R. T. MILLER,
JOHN THOMAS,
L. H. WELLS,
J. W. MULLEN,
ARCH. McVEAN,
ELMER E. HASKELL,
W. B. DAVIS.

After the call had been read by the Clerk, the following report of the Inspection of the County Home was read and ordered published with the proceedings upon motion of Supervisor Davis:

NOTES OF INSPECTION OF THE GENESEE COUNTY ALMSHOUSE.

I. Buildings.

Capacity, 100. Estimated value, $35,000.

General Character and Condition: The buildings are frame and have two stories, with attics and cellars. The administration building, containing the keeper's residence and offices, has a rear extension for the service department, and a hospital annex. The men's building, to the left, and the women's building, to the rear, are connected by enclosed corridors with the service department. The laundry building is detached. The buildings are all in good repair. They need exterior painting.

Recent Improvements: None except ordinary repairs.

Contemplated Improvements: Fire escapes are to be bought for the dormitory buildings.

Heating: By steam from central heating plant. The boilers are located in the basement of the women's building.

Lighting: By acetylene gas from a double generator located in a rear annex to the laundry building.

Ventilation: By ordinary openings, transoms, and ceiling ventilators from the large dormitory rooms, discharging into the attics. These ventilators should be provided with metal flues piercing the roofs.

Water Supply: A masonry reservoir on the hillside is roofed. It is 20x40 feet in size and 10 feet deep. Water is pumped to it from a well on the premises, by hot air engine, and by windmill from a well near the reservoir. The elevation is sufficient to insure good pressure.

Bathing Facilities: Shower and tub baths for each sex in the dormitory buildings, and tub baths in the hospital wards.

Laundry Appliances: The steam laundry plant is complete except

mangle, and is in a detached frame building.

Drainage: By 12 inch cement joint tile drain 1,500 feet to a ravine. The fall is good.

Precautions Against Fire: There are five outside hydrants and 400 feet of 3 inch hose on a reel. Standpipes with attached hose 2 inches in diameter, 50 feet long, are located in the halls, and, in the horse barn, with 100 feet. There are six liquid chemical and twenty-four dry powder extinguishers. Three dozen fire pails and kept filled and distributed.

Means of Escape in the Event of Fire: By front and back interior stairs in the dormitories, and by one interior stairway in the hospital. Outside means of exit by iron stair escapes should be provided for both the dormitory buildings and the hospital.

II. The Farm.

Number of Acres of Land and Adaptability of the Soil: 246 acres. Estimated value $10,000. 85 acres are in pasture. The rest is tilled. The farm is a good general purpose farm. The early crops this year were excellent. Considerable damage has been done by hail, especially to the garden and oats.

Barns and Outbuildings: These include a large barn for horses, cows, hay and straw, a tool house, piggery, carpenter and blacksmith shops and ice house. They are well kept and in good repair. The horse barn is too near the residence buildings for safety.

Dairy, and the Disposal of Its Products: Twenty-eight cows are kept. Twenty-one are now milked. Products are for the inmates.

Employment of the Inmates: In such work on the farm and about the house as they are able to do.

III. The Census.

	Males.	Females.	Total.
Number of inmates	54	15	69
Children under two years	0	0	0
Children between two and 16	0	0	0
Number of blind	2	1	3
Number of deaf-mutes	0	0	0

	Males.	Females.	Total.
Number of feeble-minded	15	2	17
Number of idiots	0	0	0
Number of epileptics	1	0	1
Persons over 70 years old	25	8	33
Pensioners	1	0	1
Aliens	0	0	0
Insane	0	0	0

Means for Separation of the Sexes Indoors: Separate buildings and separate dining rooms.

Means for Separation of the Sexes Outdoors: None.

IV. Care of the Sick.

Hospital Accommodations: The hospital annex contains five beds for each sex, the men being on the lower floor, and the women on the upper floor. The rooms are large enough for eight beds each. Separate toilet and bath accommodations are on each floor. There are five male and four female patients. Hospital furniture, including a portable tub, wheel chairs, bed pans, feeding bottles, bandages, etc., are needed. Nurses also are needed.

Medical Services, by Whom Performed: Dr. J. B. Miller of Alexander, eight miles distant, calls once a week and on telephone call.

Hospital Supplies, Diet, Medicine, Etc., How Furnished: The County buys drugs to the amount of $50. The physician furnishes other needed medicine.

Number of Paid Hospital Attendants: None.

V. Records.

State Board of Charities Record of Inmates: Fully kept. The latest entry is No. 687, July 25, 1906. Duplicates are forwarded regularly.

Almshouse Register of Inmates: Fully posted and revised annually.

State Board of Health Record of Vital Statistics: This is properly kept. Stubs are on file.

Deaths since last inspection, January 11, 1906:

	Males 3,	Females 1,	Total 4
Births, same period	Males 0,	Females 0,	Total 0

VI. Salaries, Wages and Labor.

List of Officers and Employes, with their annual compensation:

NAME	POSITION	COMPENSATION
Cortland Crosman, Alexander, N. Y.,	Supt. of Poor	$3 per day
G. H. Craft, Oakfield, N. Y.,	Supt. of Poor	$3 per day
John R. Bennington, Batavia, N. Y.,	Supt. of Poor	$3 per day
T. A. Hart,	Keeper	$700
Mrs. T. A. Hart,	Matron	100
George Velzy, Farmer, and Mrs. George Velzy,	Cook for Officers	410
John Conley,	Farmer	275
Luella Blatter,	Cook for Inmates	208
Bessie Sage,	Matron's Assistant	208
J. B. Miller, M. D.,	Visiting Physician	180
Rev. J. M. Scarf,	Chaplain	100

VII. Remarks.

The buildings and records were examined in company with the Keeper, Mr. Hart. The grounds and buildings were found in an orderly condition. There is no improvement to be desired as respects cleanliness. The rooms are tidy and the beds well made, clean and free from vermin.

The walls and ceilings of the dormitory buildings are covered with matched sheathing. This is kept clean, but at considerable trouble and expense for extra labor. Such wall covering is undesirable for dormitory buildings, owing to the labor of keeping it clean and the great danger of its becoming infested with vermin. The walls and ceilings should be covered with stamped metal sheathing.

The meals today were:

Breakfast: Oatmeal, warmed up potatoes, cold beef, butter, bread, tea.

Dinner: Fresh beef, boiled potatoes, gravy, bread, butter, tea.

Supper: Mush and milk, bread and milk, or bread, butter, tea or milk, as preferred.

Additional helpers are needed to nurse the sick, and be of such assistance to the Keeper and Matron as is possible. The enlarged buildings and large number of inmates make such assistance very much needed.

Two boys aged 16 are present. The almshouse is not the place for their care in view of the very bad influence it will have on the boys. One is bright, and should be indentured to some competent employer. The other is feeble-minded, and should be sent to a State institution.

NEEDS: The needs remain as in the last report:

1. Fire escapes.
2. Stamped metal sheathing in the dormitory buildings.
3. Hospital appliances and equipment, including a drug room.
4. Iron beds in the dormitory buildings.
5. Nurses for the sick, to act also as general help.
6. Outside painting of the buildings.

Respectfully submitted,

(Signed) WM. C. ROGERS,
Inspector.

Dated August 2, 1906.

Assemblyman Parker appeared before the Board and spoke at some length regarding Good Roads legislation and the prospect for future legislation.

Judge Washburn then addressed the Board, explaining the status of affairs regarding the work being done upon the Batavia-East Pembroke highway, and the necessity of the Board providing the necessary funds to meet the payments now due the Contractor for work already performed upon said highway, the Legislature having failed to make provision for the payment of the County's share of the money for said work.

Upon motion of Mr. Thomas:

Resolved, That the sum of twenty-four thousand five hundred dollars ($24,500), being one-half of the estimated total cost, which amounts to $49,000, of the improvement of that portion of the highway commonly known as the East Pembroke—Batavia Road, described in a resolution of this Board passed on the 15th day of February, 1906, be and the same is hereby appropriated for constructing and improving, under the provisions of Chapter 115 of the Laws of 1898, said road described in paragraph 3 of said resolution: and the County Treasurer of Genesee County is hereby authorized and directed to pay said sum upon the requisition or draft of the State Engineer and Surveyor, said sum being hereby made immediately available for such purpose: and if he should find it necessary said County Treasurer is hereby authorized and empowered to borrow all or part of said sum on the obligation of the said County issued by him for, on behalf of and in the name of the County of Genesee and acting for and on behalf of said County.

All the Supervisors voting in the affirmative, the motion was declared carried.

Upon motion of Supervisor Fleming:

Resolved, That the Senator and Assemblyman from this District be requested to use their influence with the proper authorities to have the highway from East Bethany to Folk's Corners added to the official highway map of the State.

Carried.

Upon motion of Mr. Thomas:

Resolved, That the County Superintendents be empowered to draw on the Contingent Fund to pay for the insurance at the County Home.

Carried.

Upon motion of Supervisor Davis Supervisor Reed was

made a delegate to the State Convention of County Superintendents of the Poor.

Upon motion of Supervisor Wells Messrs. Miller, Gibbs, Bissell, Fleming, Davis and Thomas were made delegates to the Good Roads Convention at Albany.

Upon motion of Supervisor Gibbs the Board adjourned to March 16, 1907, at 10 o'clock a. m.

SPECIAL SESSION

March 16, 1907.

The Board met pursuant to adjournment with all the members present except Chairman Miller.

Supervisor J. W. Mullen was elected Chairman Pro Tem.

Upon motion of Mr. Thomas:

Resolved, That the County Treasurer be instructed to adjust the Western Union Back Taxes in the towns of Byron and Darien upon the basis agreed upon by the officials of said Company and the officers of said towns.

Carried.

Upon motion of Supervisor Thomas Supervisor Mullen

was added to the delegation to attend the Good Roads Convention at Albany.

Upon motion of Supervisor DeMuth the Board adjourned.

W. H. PARKER,
Clerk.

SPECIAL SESSION

April 5, 1907.

In pursuance of the following call the Board of Supervisors of Genesee County met in Special Session in their room in the Court House at Batavia, N. Y., with all the members present except Chairman R. Tracy Miller.

BATAVIA, N. Y., April 1, 1907.

To W. H. Parker, Clerk of the Board of Supervisors of Genesee County:

You are hereby requested to convene the Board of Supervisors of Genesee County in their room in the Court House at Batavia, Friday, April 5, 1907, at 11 o'clock a. m., to transact any business which may properly come before the meeting.

L. H. WELLS,
JOHN THOMAS,
J. M. GIBBS,
ARCH. McVEAN,
FREEMAN EDGERTON,
JAMES A. BISSELL,
W. B. DAVIS,
ELMER HASKELL.

After the call had been read by the Clerk Supervisor L. H. Wells of Pavilion was chosen Chairman Pro Tem.

Supervisor Thomas explained the object of the meeting to be to authorize the appointment of a Deputy County Treasurer.

Upon motion of Mr. Thomas:

Resolved, That the County Treasurer of Genesee County be and hereby is authorized by this Board, to appoint a Deputy County Treasurer in and for the County of Genesee as provided by Chapter 276 of the Laws of 1905.

Carried.

Upon motion of Supervisor Gibbs the Board adjourned.

W. H. PARKER,
Clerk.

SPECIAL SESSION

In Memoriam

Batavia, April 12, 1907

The members of the Board of Supervisors of Genesee County met and attend the funeral of the late County Treas-

urer L. F. McLean in a body, after which an informal session of the Board was held in their room in the Court House.

After remarks touching upon the character and life work of the late County Treasurer had been made by various members of the Board, the following resolution was adopted upon motion of Supervisor Thomas:

Resolved, That the Chairman and Clerk of this Board be a Committee to draw suitable resolutions expressing our sympathy upon the death of our County Treasurer, L. F. McLean, and that they be a part of the minutes of this meeting and a copy of the same, signed by the Chairman and Clerk, be sent to the bereaved family.

The following resolutions were read by the Clerk:

Whereas, It has pleased Almighty God, in that Divine Wisdom, which is His and His alone, to take from us our esteemed friend and fellow citizen, Louis F. McLean, and

Whereas, By this dispensation of Divine Providence, the family has been deprived of a loving husband and devoted father, the County of a competent and efficient official and the community of a citizen whose upright living demonstrated his belief in that greatest of all commandments, "Thou shalt love thy neighbor as thyself." Therefore be it

Resolved, That without criticising the wisdom of "Him who doeth all things well," yet we deplore the untimely death of one, who by his loving devotion to his family, his conscientious performance of all his public and private duties and responsibilities, his genial disposition and pleasing personality, all typical of the best in American manhood and citizenship, have so endeared him to the hearts of all who knew him.

That we extend to the sorrowing family our deep sympathy in their sad affliction.

Upon motion of Supervisor McVean the resolutions were

adopted as read.

Upon motion of Supervisor DeMuth the Board adjourned.

W. H. PARKER,
Clerk.

SPECIAL SESSION

June 22, 1907.

In pursuance of the following call the Board of Supervisors of Genesee County met in Special Session at the County Home in Bethany with all the members present except Chairman Miller and Supervisor Gibbs of Byron.

BATAVIA, N. Y., June 10, 1907.

To W. H. Parker, Clerk of the Board of Supervisors of Genesee County:

You are hereby requested to convene the Board of Supervisors of Genesee County in Special Session at the County Home, Saturday, June 22, 1907, to inspect the County property.

JOHN THOMAS,
J. W. MULLEN,
L. H. WELLS,
L. G. DeMUTH,
W. B. DAVIS,
ELMER HASKELL,
J. A. BISSELL.

After partaking of a sumptuous dinner and making a thorough inspection of the buildings and grounds the Board was called to order by the Clerk.

After the call had been read Supervisor Thomas was made Chairman Pro Tem.

County Clerk Pixley was present and asked the Board to have additional filing cases placed in the County Clerk's office.

Upon motion of Mr. Davis:

Resolved, That the County Clerk be empowered to purchase the filing cabinet desired.

Carried.

Upon motion of Supervisor Mullen the Board adjourned.

W. H. PARKER,
Clerk.

SPECIAL SESSION

August 15, 1907.

In pursuance of the following call the Board of Supervisors of Genesee County met in Special Session in their room

in the Court House, Batavia, N. Y., with all the members present except Chairman Miller.

BATAVIA, N. Y., August 3, 1907.

To W. H. Parker, Clerk of the Board of Supervisors of Genesee County:

You are hereby requested to convene the Board of Supervisors of Genesee County in Special Session in the Court House at Batavia, N. Y., Thursday, August 15, 1907, at 10 o'clock a. m., to consider the petition of the Town of Le Roy for consent to issue Town Bonds for bridge construction in said town and to transact any other business which may come before the meeting.

ARCH. McVEAN,
L. H. WELLS,
JOHN THOMAS,
L. G. DeMUTH,
E. E. REED,
J. A. BISSELL,
W. B. DAVIS.

After the call had been read by the Clerk Supervisor Thomas of Batavia was made Chairman Pro Tem.

Supervisor McVean explained briefly the object of the meeting.

The following petition from the Town Board of the Town of Le Roy was read by the Clerk:

To the Honorable, the Board of Supervisors of Genesee County:

A proposition having been duly submitted at a special town meeting held in the town and village of Le Roy, N. Y., on the 10th day of August, 1907, pursuant to the provisions of the Town Law, providing for the construction of a bridge in said town, as hereinafter described, and for the borrowing of the sum of $20,000, or so much thereof as may be needed, pay-

able in ten annual payments, and a further sum to pay the interest thereon, and the issue of town bonds therefor for the purposes aforesaid; and such proposition having been adopted by a majority of the electors of such town voting at said town meeting, as will appear from the proceedings of the said special town meeting as to such proposition duly certified by the Town Clerk, annexed to this petition and made a part thereof;

Therefore, pursuant to the authority conferred upon us by Section 69 of the County Law, we, the undersigned, members of the Town Board and Highway Commissioner of the Town of Le Roy, N. Y., do respectfully petition your honorable board for authority to construct a bridge in said town, described as follows:

A bridge to take the place of the present structure over the Oatka Creek at Main street in the Village of Le Roy, N. Y.; the proposed new bridge to connect the present abutments by means of an arch, or otherwise, the whole to be widened so as to make a roadway, including sidewalks, of not to exceed sixty feet; the exact width and style of said bridge, and the material of which it is to be constructed, to be left to the discretion of the Highway Commissioner of said town.

We do further respectfully petition that your Honorable Board authorize the Town of Le Roy to borrow the sum of $20,000, or so much thereof as may be needed, payable in ten annual payments, and a further sum to pay the interest thereon, and to issue its bonds therefor, under such terms, conditions and restrictions as your said board may legally impose, which sum is to be expended for the construction of the bridge heretofore described, the fair cost and expense of the construction of which is $20,000.

Dated this 13th day of August, 1907.

N. A. MacPHERSON,
LEON W. SKINNER,
CHARLES R. LAWRENCE,
S. PERCY HOOKER,
Justices of Peace, Town of Le Roy.

ERNEST TOWNSEND,
Town Clerk, Town of Le Roy.

PHILO J. SPERRY,
Highway Com., Town of Le Roy.

ARCH. McVEAN,
Supervisor.

Upon motion of Mr. Mullen:

Whereas, The Town Board of the Town of Le Roy pursuant to statute has petitioned the Board of Supervisors of Genesee County for consent to issue bonds of said town in a sum not to exceed $20,000 for bridge construction. Therefore be it

Resolved, That this Board hereby grant to said town the desired permission and hereby authorize the issuance of said bonds.

All the Supervisors voting in the affirmative, the motion was declared carried.

Upon motion of Mr. McVean:

AN ACT to validate, legalize and confirm all the proceedings of the legal voters of the Town of Le Roy, Genesee County, at a special town meeting held the 10th day of August, 1907, and the action of the officers of said town prior and subsequent thereto in relation to the erection of a bridge in said town and the issuance and sale of certain bonds of said town. Passed on the 15th day of August, 1907, two-thirds of all the Supervisors elected to the Board of Supervisors of such County voting in favor thereof.

THE BOARD OF SUPERVISORS OF THE COUNTY OF GENESEE, in pursuance of authority conferred by Section 15 of the County Law, and the acts amendatory thereof, do enact as follows:

Whereas, A special town meeting was held in the Town and Village of Le Roy, Genesee County, New York, on the 10th day of August, 1907, at which was submitted to the legal voters of said town a proposition for the erection of a bridge over the Oatka Creek at Main street in the Village of Le Roy, in said town, and the issuance of town bonds to the amount of not to exceed $20,000, besides interest, payable in ten annual payments, to pay for the construction of said bridge; and said proposition having been carried at such special town meeting, the Town Board of said town having made application to the Board of Supervisors for authority to issue and sell the said bonds, and said Board of Supervisors having passed a resolution authorizing said town to issue and sell said bonds, now therefore be it

Resolved, That all of the proceedings had by the legal voters of the

Town of Le Roy, Genesee County, New York, and of the officers of said town, in calling and holding said special town meeting, and all acts both prior and subsequent thereto, for the purpose of voting a tax, and with respect to the issuance and sale of bonds in the sum of $20,000, besides interest thereon, the same to bear interest at not to exceed the rate of five per centum per annum, for the purpose and to pay for the erection of a bridge over the Oatka Creek at Main street in the Village of Le Roy, Genesee County, New York, shall be and hereby are in all respects authorized, legalized, ratified and confirmed.

STATE OF NEW YORK,
County of Genesee. } ss.

We, the undersigned, Chairman and Clerk of the Board of Supervisors of the County of Genesee, for the year 1907, do hereby certify that the foregoing is a true copy of an act passed by said Board of Supervisors by a two-thirds vote of all the members elected thereto, on the 15th day of August, 1907.

JOHN THOMAS,
Chairman Pro Tem.

W. H. PARKER,
Clerk.

Upon motion of Supervisor DeMuth the Board adjourned.

W. H. PARKER,

RULES.

Upon motion of Mr. Davis:

Resolved, That the rules of last year be adopted as the rules for this session.

Carried.

RULES OF THE BOARD OF SUPERVISORS OF GENESEE COUNTY.

1. The Board shall assemble at such times as they may determine at a previous session, or upon call of the Chairman; and when so called, shall be at the hour of 10 o'clock a. m.

2. The Chairman shall preserve order at the sessions and have power to call any member of the Board temporarily to the Chair, and shall appoint all committees of the Board, unless specially ordered.

3. A member desiring to speak or present any subject-matter to the Board shall arise and address the Chair, and shall not proceed further until recognized by the Chair, and awarded the floor for such purpose.

4. No debate shall be in order until the pending question shall be stated by the Chair.

5. When two or more members arise to speak at the same time the Chair shall determine which is entitled to the floor.

6. Any member upon being called to order shall take his seat, and shall remain therein until the Board determine the point raised, and if the call shall be sustained, he shall not further proceed except in order and by the permission of the Board.

7. Any resolution which by its terms calls for the appropriation of money for any specific object or purpose shall be read, for the information of the Board, at least one session prior to its being put upon its passage, upon the request or motion, of any member thereof.

8. No motion for the reconsideration of the vote upon any question shall be entertained unless moved by one who voted in the majority upon such question, nor unless such motion be made within three days (upon which sessions of the Board shall be held) subsequent to such vote having been taken.

9. A motion for the reconsideration of any question having been made and decided in the negative, no proposition for further reconsideration shall be entertained.

10. The "previous question" shall be as follows: "Shall the main question be now put?" and until it is decided shall preclude all amendments or debate. When, on taking the previous question, the Board shall

decide that the main question shall not be now put, the main question shall be considered as still remaining under debate. The "main question" shall be on the passage of the matter under consideration, but when amendments are pending, the question shall first be taken upon such amendments in their order.

11. The ayes and nays shall be taken upon any question on the demand of two members, and every member within the railing shall vote when his name is called, unless excused by the Board therefrom.

12. Order of Business.

After the minutes are read and approved the order of business shall be as follows:

1. The presentation of Petitions and Communications.
2. Report of Standing Committees.
3. Report of Select Committees.
4. Introduction of Resolutions, Notices and Motions.
5. Unfinished Business.
6. Special orders of the day.

13. Standing Committees.

Standing Committees shall consist of three, except the Equalization, and Superintendents of the Poor Committees, which shall consist of five members, and shall be appointed on the following subjects, to wit:

1. Equalization.
2. County Claims.
3. County Treasurer's Accounts.
4. Sheriff's Accounts.
5. Justices' and Constables' Accounts.
6. Superintendents' of the Poor Accounts.

8. Highway Taxes.
9. Coroners' and Physicians' Accounts.
10. Accounts of Public Institutions.
11. Erroneous Taxes and Assessments.
12. Loan Commissioners.

13. Every member requesting to be excused from voting may make a brief and verbal statement of the reason for making such request, and the question shall be taken without further debate.

14. Committees on making reports shall return to the Clerk all the papers relating thereto.

15. All reports of committees may be read by the members making them when called in their order, and then be presented to the Board; but the Board may dispense with the reading thereof.

16. All reports of Standing Committees on the auditing of accounts and the report of the Equalization Committee shall lie over one day at least before being acted upon.

17. All reports, resolutions and other matters laid on the table may be called therefrom under subdivision four or rule twelve in the order of business.

18. All resolutions offered for the purpose of raising moneys shall be adopted only by a two-thirds vote of all the members present.

19. All questions not covered by the rules shall be decided according to parliamentary law.

20. Any rule may be suspended by the unanimous consent of the members of the Board.

The Clerk then read the following statements from the Comptroller, which were received, placed on file and ordered published with the proceedings:

JAIL INSPECTION—REPORT OF

A report of the annual inspection of the County Jail was read by the Clerk and ordered published with the proceedings upon motion of Mr. Davis.

GENESEE COUNTY JAIL.

Located at Batavia.

Inspected August 30, 1907.

Number of prisoners on the day of inspection, 29. No women.

The prisoners are separated, the minors occupying cells on second floor; older ones on first floor. There were no sheets or pillow cases on the beds, which seems to be a step backward, as last year the Secretary reported that they were used. As a sanitary measure, pillow cases and sheets should be used in every jail. They prevent the ticking from becoming soiled.

The official in charge of this jail had only been there three weeks, but no ticks had been washed during that time.

The jail is a modern fire-proof structure, and has every convenience for cleanliness.

There is no yard, nor are the prisoners employed at manual labor.

Respectfully submitted,

(Signed) CHARLES F. HOWARD,
President.

Mr. Thomas brought up the matter of the County's co-operating with the Village of Batavia in the erection of a Soldier's Monument in the Village of Batavia. After remarks had been made by several Supervisors the matter was made a special order for Tuesday, December 3d, at 11 a. m.

Committee.

The Special Committee appointed to report on the annual visit to the County Home presented the following report, which was accepted and adopted, upon motion of Supervisor Fleming:

BATAVIA, N. Y., Dec. 10, 1907.

To the Honorable, the Board of Supervisors of Genesee County:

GENTLEMEN:

Your Committee to whom was assigned the duty to report upon the annual meeting of inspection of the Genesee County Home held June 22,

1907, beg leave to submit the following report: We arrived at the County farm about 12 o'clock. After a short time spent socially the Supervisors, their wives and visiting guests were invited into the dining room and did justice to an elegant dinner prepared by the Keeper's wife, Mrs. Hart, who knows how to entertain the Supervisors and their wives; after which the Supervisors, Superintendents and other guests inspected the buildings and grounds and found everything in a satisfactory condition. Too much credit cannot be given to Keeper Hart and wife for the sanitary condition and care of the unfortunate poor of the County.

Our County Home is in one of the most beautiful towns in the County of Genesee, it being located in the town of Bethany. There is some of the finest scenery in the State. The elevation of the particular spot makes it one of the most beautiful and enjoyable, especially to those that are unfortunate in life, being obliged to spend the remainder of their days there.

ELMER HASKELL,
Committee.

ERRONEOUS TAXES AND ASSESSMENTS—REPORT OF COMMITTEE.

The Standing Committee on Erroneous Taxes and Assessments presented the following report, which was read by the Clerk and laid over under the rules:

THISTLE COMMISSIONER.

To the Honorable the Board of Supervisors of Genesee County:

GENTLEMEN:

Your Russian Thistle Commissioner would report as follows:

I take pleasure in reporting a much smaller area producing Russian Thistles in Genesee County this year than last.

I found no thistles growing along the following railroads: The Erie, West Shore, Buffalo, Rochester & Pittsburg, and the Tonawanda and Attica branches of the New York Central Line.

There were a few plants growing on the Canandaigua branch as follows: A small bunch east of Cedar street, in Batavia, near the Yard Limit. One plant a little east of the Stafford Station, and a few plants in Le Roy, about four hundred (400) feet west of the Erie and Canandaigua crossing.

On the Main Line of the New York Central I found but few plants.

In Bergen, near telegraph pole 391-16, there were scattering plants on north bank, and in track four. In Byron there were a few plants near telegraph pole 401-3. In Batavia, found a bunch growing in the Central yards a little southeast of the railroad scale, and scattering plants growing near telegraph pole 404-8, to 404-20, and one large plant in Section 3, town of Pembroke, near pole 412-18.

Lehigh Valley Railroad: Found thistles growing along this road only in the towns of Batavia and Stafford.

In Stafford there was a small bunch on the north bank of the cut, a little west of Albert Wolcott's barn, and scattering plants from George Randall's west the whole length of the south siding, and from there, west to the highway, there were a great many plants growing on both sides of the tracks.

In Batavia there were a great many plants both sides of the crossover from the depot to the Wood Works, and scattering plants along south side of tracks from the Tonawanda Creek to the Attica tracks.

The Delaware, Lackawanna & Western Railroad: Found thistles growing along this line only in Sections 113 and 116. Towns of Alexander and Darien.

In Alexander, a bad bunch growing between Lapp's under crossing and the Creek on south side of the tracks.

In Darien there was a bunch of thistles east of the Fargo Station, near the Creek, and one plant a short distance west of the Station, all on south side of the tracks.

On the Retsof Farm in Le Roy there was about the same area as last year, covered with thistles, but the tenant has followed my directions, and

taken a great deal of pains to exterminate them this season, and I expect you will find an improvement next year.

My attention was called to the George W. Root farm in Byron early in the season, and the fore part of August I visited the farm and found a great quantity of thistles growing near the northeast corner of this farm, in an old gravel pit, and later I saw Mr. Root and his tenant, and they agreed to use their best endeavors to rid the place of this dreaded pest, and at the time of my last visit there was evidence of their work, but not as thorough a job as should have been done.

Batavia, N. Y., Oct. 28, 1907.

Respectfully submitted,

C. T. PRATT,
Thistle Commissioner.

COUNTY TREASURER'S OFFICE,
GENESEE COUNTY.

Batavia, N. Y., November 30, 1907.

Received of Charles B. Pixley, County Clerk of Genesee County, the

sum of six hundred twenty-five dollars ($625.00), the same being fine money received from him as County Clerk for violations of the Excise Law from November 1906, to and including November, 1907.

MINNIE PFEIFER,
Deputy County Treasurer.

GAME AND FISH PROTECTIVE ASSOCIATION.

To the Honorable, the Board of Supervisors of Genesee County:

Batavia, N. Y., Dec. 9, 1907.

The Genesee County Fish and Game Protective Association respectfully make the following report for the year beginning January 1, 1907, up to date:

Cash on hand January 1, 1907, $3.25. Received from Board of Supervisors, $50.00. Total cash receipts to date $53.25.

The expenditures during the past year have been as follows:

To John J. Kitz for services $4; to the Daily News for notices, $1.05; total expenditures $5.05, leaving balance on hand at this time of $48.20.

In addition to the above report I would say that there are one or two small bills outstanding that have not been presented for payment to date. Would also say that there are some dues to be received from members which will add something to the assets of the Association.

During the past year several arrests have been made by Game Constable Kitz for violation of the game laws and in each instance fines have been imposed.

During the past year our Association made application for 100,000 pike fry and these fish were received and placed in the upper waters of the Tonawanda Creek by Mr. Smith at Linden. The Association also had application in to the Federal Government for black bass, but for some reason did not receive the same. They have filed application with the State and Government departments asking for such varieties of fish as will thrive in our

waters and these we expect to plant during the coming spring. The Association also desires to introduce quail and white rabbits and wish the support and co-operation of the Board in this enterprise.

Respectfully submitted,

ALBERT J. SQUIRES,
Secretary,

Genesee County Fish & Game Protective Association.

There has been raised on the County Farm during the last year 925 bushels of wheat, 800 bushels of potatoes, 320 bushels of beans, about 150 tons of hay, 200 bushels of carrots, 350 bushels of beets, 100 bushels of turnips, 500 heads of cabbage, about 60 barrels of apples; also corn enough to fill silo and small garden truck for institutions' use. We now have on the farm 4 work horses, 1 brood mare, 1 sucking colt, 1 yearling colt, 1 pair of oxen and 26 head of other cattle, 8 brood sows and 48 other hogs and pigs; 100 hens, 7 turkeys; have put up about 80 rods of fence and 2,500 feet of tile drain. Have repaired stock shed by putting wall under and new siding; also new roof on same. Repaired roof on wooden part of administration building, built new grainary and harness room in barn. We have painted the interior first floors of both the men's and women's buildings; also dining rooms and kitchens, hospital building, and have varnished arcades, with the usual amount of minor repairs. We most respectfully recommend the following appropriation to defray the poor expenses during the coming year:

Appropriation	$5,000.00
For religious services at County Home	100.00
Total	$5,100.00

All of which we most respectfully submit.

CORTLAND CROSMAN,
JOHN R. BENNINGTON,
G. H. CRAFT,
Superintendents of the Poor.

STATE OF NEW YORK—STATE BOARD OF CHARITIES.

NOTES OF INSPECTION OF THE GENESEE COUNTY HOME.

T. A. HART, Resident Keeper.

I. The Buildings.

Capacity, 90. Estimated value, $35,000.

General Character and Condition. The administrative building is a two-story structure of brick and wood. Connected with it are four frame buildings; first, the service building with two stories and cellar; to the left of this is the hospital with two stories, and behind it the women's building with two stories, attic and cellar. Diagonally to the left is the men's building with three stories and cellar. All the buildings have hard wood floors and matched pine walls and ceilings. Wooden walls and ceilings are not desirable in an almshouse and they should be covered with steel and painted a light color.

Recent improvements adopted on recommendation of the State Board of Charities: Iron beds.

Other improvements: None.

Contemplated improvements ordered by Supervisors or Committee: None.

Heating: By steam. There are two low pressure boilers and one high pressure.

Lighting: Acetylene gas is generated in the laundry building.

Ventilation: There is ordinary ventilation, but the rooms are so arranged that a good cross ventilation can be obtained.

Water Supply: Rain water is pumped from cisterns by a windmill. A steam pump pumps the water from a reservoir to the house.

Bathing Facilities: The men have three shower baths and one porcelain lined tub. The women have one shower and one tub. Each hospital ward has a bathroom.

Laundry Appliances: There is a complete steam laundry, except a mangle.

Drainage: A 12-inch cement joint tile drain empties into a ravine on the south. The fall is good.

Precautions Against Fire: There are 24 dry and six liquid chemical fire extinguishers. A stand pipe with a supply of 2-inch hose is located on every floor. The water pressure is 25 pounds on the first floor.

Means of Escape in the Event of Fire: Each dormitory building contains two interior stairways. The roofs of the porches offer a means of escape, but outside iron stairs are needed.

II. The Farm.

Number of acres of land, 246. Estimated value, $10,000.

Number of acres cultivated, 161.

Adaptability of the Farm: The farm is an excellent one.

Principal Crops: Potatoes, beans, wheat, oats and corn.

Barns and Outbuildings: The main barn is 170 feet long. There are also two hog houses, a tool house, an ice house and a silo. The buildings are good ones and are neatly kept.

Dairy and the Disposal of its Products: 28 cows are kept, 18 being milked. The products are for the inmates who have butter two or three times a day. Any surplus butter is sold.

Other Stock Kept: Five horses, 2 mules, 75 hogs.

III. The Census.

	Males.	Females.	Total.
Number of inmates	45	15	60
Children under two years old, with mothers	0	0	0
Other children under two years old	0	0	0
Children between two and 16 years	0	0	0
Number of blind	1	2	3
Number of deaf mutes	0	0	0
Number of feeble minded	13	3	16

Number of epileptics	1	0	1
Number of insane	2	1	3
Number of pensioners	0	0	0
Number of alien	0	0	0
Persons over 70 years old	24	8	32
Number of tramps entertained since last inspection	2	0	2

Means of separation of the sexes indoors: Separate buildings and dining rooms.

Means of separation of the sexes outdoor: None.

IV. Care of the Sick.

Hospital Accommodations: There is a separate hospital building with a ward for men and one for women. There is no real hospital equipment and no paid attendant. The cases at present in the hospital need more attention than the officers are able to give them without neglecting their regular duties. A paid nurse is very much needed.

Medical Services, by Whom Performed: Dr. J. B. Miller of Alexander calls once a week and oftener if needed.

Hospital Supplies, Diet, Medicine, Etc., How Furnished: By the County.

Number of Paid Hospital Attendants: Males 0, females 0, total 0.

V. Records.

State Board of Charities Record of Inmates: The record is properly kept and duplicates are forwarded monthly. The last entry is No. 705, June 18, 1907.

Almshouse Register of Inmates: Fully kept and reposted yearly.

Are county and town poor distinguished? Yes.

State Board of Health Record of Vital Statistics: Properly kept with stubs on file.

J. B. Miller, M.D.,	Visiting Physician	180.00
For religious purposes	.....	100.00

VII. Remarks.

Keeper Hart accompanied the Inspector and furnished the statistics. The buildings are conveniently arranged and neatly kept. The dark wooden walls detract from the cheerfulness of the rooms and are difficult to care for. The beds were well made, clean and free from vermin. All the windows are screened. The meals for the day were:

Breakfast—Oatmeal, beef, potatoes, gravy, tea, sugar and milk.

Dinner—Fresh beef, potatoes, gravy, lettuce, bread, butter and tea.

Supper—For the men: Mush and milk. For the women: Warmed up potatoes, bread, butter, currant sauce, tea.

The lawns about the building were in fine condition and the whole place is well kept up. There is no room provided in which to lay out the dead and no cell for the retention of violent cases. For instance, a recent case of delirium tremens and erysipelas. A dead room and a cell are needed.

VIII. Summary of Needs and Recommendations.

1. Fire escapes.
2. A paid hospital attendant.
3. Hospital appliances.
4. Stamped metal sheathing in the dormitory buildings.
5. A dead room.
6. A cell.
7. A mangle.

Respectfully submitted,

GERTRUDE E. HALL,
Inspector.

Dated August 5, 1907.

Highway, Bridge and Miscellaneous Report.

Of the Town of Alabama, County of Genesee, 1907.

For the improvement, repair and maintenance of public highways, repair and construction of bridges, laying out or altering roads, removing obstructoins caused by snow, and the purchase of machinery, tools and implements, etc.

Section 27 of the Highway Law reads as follows:

Section 27. Reports to State Engineer.—The supervisor and the highway commissioner or commissioners of every town receiving State aid pursuant to section 53 of the highway law, shall annually upon the day of the annual settlement between the town board, or the board of auditors, if there be one, and the supervisor make a verified report to the State Engineer, in form to be prescribed by him, showing the total amount of money received during the preceding year for the construction or maintenance of highways or bridges or for other highway purposes, indicating the source thereof, together with all expenditures for the improvement, repair and maintenance of highways, for the repair and maintenance of bridges, for the construction of new bridges, for damages and charges in laying out or altering highways, for the removal of obstructions, caused by snow, for the rebate of highway taxes, for the purchase of machinery, tools and implements, for highway commissioner's salary or per diem allowance, or for any other highway purpose, and also showing the machinery, tools and implements owned by the town and the districts thereof and the estimated value of the same. The State Engineer may also require additional information from any other town officer in such form as he may deem necessary to carry into effect the purposes of this section. A certified copy of such report shall also be filed by the supervisor with the clerk of the Board of Supervisors who shall cause the same to be printed in the next issue of the annual proceedings of the Board of Supervisors. The town board shall cause a certified copy of the report to be published in a newspaper published in the town, or if no newspaper is published in the town, then it shall cause such publication in a newspaper published within the county and having the greatest circulation within the town. The expense of such publication, which shall not exceed ten dollars, shall be a town charge. The clerk of the Board of Supervisors shall transmit a printed copy of the journal of proceedings of the Board containing such report to each, the Comptroller and the State Engineer and Surveyor.

Upon motion of Mr. Thomas the Board took a recess until 2 o'clock p. m.

Afternoon Session.

County Clerk Pixley appeared before the Board and offered the following:

Referring to the criticisms recently made of some of the charges in my bills as County Clerk, I wish to say that these charges have been made by me in entire good faith and believing them to be correct and proper. Further than that they are the same charges made by the late Carlos A. Hull as County Clerk for the same services, with the approval of the Board for many years, and so far as I am aware no changes have been made in the law in the meantime. If these charges are shown to be wrong I, of course, desire them to be corrected that any fees higher than those now allowed by law be reduced, that any lower than the lawful amount be increased, and that in cases where I have performed services for which I have made no charge, but for which I am entitled to, this be allowed me. In other words I only desire that the whole subject be treated by the Board in a spirit of fairness, a desire which I know will be shown by every member of this Board.

Upon motion of Mr. Fleming the foregoing was made a part of the minutes.

The Board then proceeded to a reading of a report of the accounts of the County of Genesee, made to the Comptroller of the State by one of his examiners and furnished to the Board by the courtesy of the County Treasurer, no copy thereof having been forwarded to the Board or to its Clerk by the Comptroller. During the reading the Board was attended by its Counsel, E. A. Washburn.

Upon motion of Mr. McVean the Board adjourned to August 28th, 1908, at 10 a. m.

Special Session.

Second Day.

Friday, August 28, 1908.

The Board convened at 10 a. m., all members present, Chairman Wells presiding.

Journal of Thursday read and approved.

E. A. Washburn, Counsel for the Board, being present, the Board at once resumed the reading of the report of the Comptroller's examiner.

Upon motion of Mr. Thomas, the Board took a recess until 2 p. m.

During the recess the Board proceeded to inspect the new State highway from Batavia village to East Pembroke.

Afternoon Session.

Mr. Thomas offered the following resolution:

Resolved, That the County Treasurer pay all natural gas bills, properly verified, on or before the 10th of every month for gas consumed in the county buildings as per schedule made by the Alden-Batavia Natural Gas Company, and filed with the County Treasurer.

All the Supervisors voting in the affirmative, the motion was declared carried.

Mr. Thomas offered the following resolution:

Resolved, That the County Treasurer pay all the electric light bills, properly verified, for county buildings on or before the 10th of every month at the following rates as per contract made by the Board of Supervisors of Genesee County with the Genesee County Electric Light, Power & Gas Company and filed with the County Treasurer.

All the Supervisors voting in the affirmative, the motion was declared carried.

The Board then resumed the reading of the report of the Comptroller's examiner and completed the same.

Mr. McVean offered the following resolution:

The report made to the State Comptroller by H. Le Roy Austin, an accountant, and submitted by him to the County Treasurer, comprising one hundred pages or more, criticising some of the methods pursued by the Board of Supervisors and other County officials of Genesee County, having

been brought to the attention of this Board,

Resolved, That the Chairman appoint a committee of five members of this Board, of whom the Chairman shall be one, and that the committee, together with the Clerk and Counsel to the Board, examine the said report in detail and report to the Board.

All the Supervisors voting in the affirmative, the motion was declared carried.

Mr. Thomas offered the following resolution:

Resolved, That hereafter the County Treasurer in making his annual report to the Board of Supervisors shall make the same for the year ending on the 30th day of September, and that the fiscal year in so far as his report to this Board is concerned, shall commence on the 1st day of October in each year and end on the 30th day of the succeeding September except that the next report shall commence with date of the last report submitted by him to this Board.

All the Supervisors voting in the affirmative, the motion was declared carried.

Mr. Weeks offered the following resolution:

Resolved, That the Clerk be instructed to file with the State Engineer a protest in writing against the acceptance of the East Pembroke-Batavia road No. 586, extending a distance of 5 58-100 miles in the town of Batavia, upon the following grounds:

First: The shoulder, a space of eight feet on each side of the highway, has not been rolled according to specifications, although graded.

Second: In many cases the approaches to the highway or connections therewith and parts of the same coming from the dwellings or barns on adjacent property have not been properly constructed.

Third: The ditches are not sufficient for proper drainage.

In all of which respects said highway and work are not according to the contract and specifications.

All the Supervisors voting in the affirmative, the motion was declared carried.

Upon motion of Mr. Thomas the Board adjjourned until September 9th next at 10 o'clock a. m.

RULES OF THE BOARD OF SUPERVISORS OF GENESEE COUNTY.

1. The Board shall assemble at such times as they may determine at a previous session, or upon call of the Chairman; and when so called, shall be at the hour of 10 o'clock a. m.

2. The Chairman shall preserve order at the sessions and have power to call any member of the Board temporarily to the Chair, and shall appoint all committees of the Board, unless specially ordered.

3. A member desiring to speak or present any subject-matter to the Board shall arise and address the Chair, and shall not proceed further until recognized by the Chair, and awarded the floor for such purpose.

4. No debate shall be in order until the pending questions shall be stated by the Chair.

5. When two or more members arise to speak at the same time the Chair shall determine which is entitled to the floor.

6. Any member upon being called to order shall take his seat, and shall remain therein until the Board determine the point raised, and if the call shall be sustained, he shall not further proceed except in order and by the permission of the Board.

7. Any resolution which by its terms calls for the appropriation of money for any specific object or purpose shall be read, for the information of the Board, at least one session prior to its being put upon its passage, upon the request or motion, of any member thereof.

8. No motion for the reconsideration of the vote upon any question shall be entertained unless moved by one who voted in the majority upon such question, nor unless such motion be made within three days (upon which sessions of the Board shall be held) subsequent to such vote having been taken.

9. A motion for the reconsideration of any question having been made and decided in the negative, no proposition for further reconsideration shall be entertained.

10. The "previous question" shall be as follows: "Shall the main

question be now put?'' and until it is decided shall preclude all amendments or debate. When, on taking the previous question, the Board shall decide that the main question shall not be now put, the main question shall be considered as still remaining under debate. The ''main question'' shall be on the passage of the matter under consideration, but when amendments are pending, the question shall first be taken upon such amendments in their order.

11. The ayes and nays shall be taken upon any question on the demand of two members, and every member within the railing shall vote when his name is called, unless excused by the Board therefrom.

12. Order of Business.

After the minutes are read and approved the order of business shall be as follows:

1. The presentation of Petitions and Communications.
2. Report of Standing Committees.
3. Report of Select Committees.
4. Introduction of Resolutions, Notices and Motions.
5. Unfinished Business.
6. Special orders of the day.

1. Equalization.
2. County Claims.
3. County Treasurer's Accounts.
4. Sheriff's Accounts.
5. Justices' and Constables' Accounts.
6. Superintendents' of the Poor Accounts.
7. Clerk's and Printers' Accounts and Publishing Proceedings.
8. Highway Taxes.
9. Coroners' and Physicians' Accounts.
10. Accounts of Public Institutions.
11. Erroneous Taxes and Assessments.
12. Loan Commissioners.
13. Supervisors' Compensation.

14. Every member requesting to be excused from voting may make a brief and verbal statement of the reason for making such request, and the question shall be taken without further debate.

15. Committees on making reports shall return to the Clerk all the papers relating thereto.

16. All reports of committees may be read by the members making them when called in their order, and then be presented to the Board; but the Board may dispense with the reading thereof.

17. All reports of Standing Committees on the auditing of accounts and the report of the Equalization Committee shall lie over one day at least before being acted upon.

18. All reports, resolutions and other matters laid on the table may be called therefrom under subdivision four or rule twelve in the order of business.

19. All resolutions offered for the purpose of raising moneys shall be adopted only by a two-thirds vote of all the members present.

20. All questions not covered by the rules shall be decided according to parliamentary law.

21. Any rule may be suspended by the unanimous consent of the members of the Board.

Judge Washburn, Counsel for the Board, addressed the Board in relation to the Batavia-East Pembroke highway, No. 586.

Upon motion of Mr. Weeks:

Whereas, The State Engineer and Surveyor has drawn a requisition on the County Treasurer for $3,607.50 in final settlement for the expense to be born by Genesee County and the town of Batavia on account of Batavia-East Pembroke highway No. 586, and the State Engineer was without authority to draw such requisition, by having failed to hear the protest to the exceptance of said highway heretofore filed by this Board, payment of which requisition has been withheld by the County Treasurer by direction of the chairman and other members of this Board.

COUNTY TREASURER—INSTRUCTIONS TO.

Resolved, That the County Treasurer be requested and directed to refuse payment of the said requisition, and any further moneys on account of said highway, except sufficient to complete the payment of ninety per centum of the cost thereof chargeable to the County and Town until the further order of this Board, that his refusal up to this time to pay said requisition be, and same hereby is approved.

Carried.

PURCHASE OF DESK—COMMITTEE ON.

Upon motion of Mr. Bissell:

Resolved, That Mr. Thomas and County Treasurer Bryant be instructed to purchase a desk for the County Treasurer.

Carried.

CLERK—INSTRUCTION TO.

Upon motion of Mr. Thomas:

Resolved, That the Clerk be instructed to place a notice in The Daily News, giving notice that all claims against the County must be presented to the Board on or before the 17th of November, 1908, to insure their being audited this year.

Carried.

Upon motion of Mr. McVean:

Resolved, That when this Board adjourns, it be to Monday, November 16th, 1908.

Carried.

CLERK—INSTRUCTION TO.

Upon motion of Mr. Davis:

Resolved, That the Clerk be instructed to procure one hundred printed

COUNTY HOME INSPECTION—REPORT OF.

The following report of the inspection of the County Home was read by the Clerk, and ordered published with the proceedings, upon motion of Mr. Davis:

STATE OF NEW YORK—STATE BOARD OF CHARITIES

DEPARTMENT OF STATE AND ALIEN POOR

NOTES OF INSPECTION OF THE GENESEE COUNTY ALMSHOUSE.

Resident Keeper, T. A. Hart,

P. O. Address, Linden, N. Y. R. R. Station, Linden, N. Y.

I. The Buildings.

Capacity, 90. Estimated value, $35,000.

General Character and Condition: The almshouse is built on the New York State plan and consists of a brick administrative building, connected with which, by enclosed corriders, are four frame cottages, the two story hospital, two story and attic service building, three story men's building and two story and attic women's building. The buildings are in good repair, but the interior matched board walls should be covered with metal sheathing.

Recent Improvements Adopted on Recommendation of the State Board of Charities: New iron beds to replace the wooden cots.

Other Improvements: O new bake oven. Interior painting.

Contemplated Improvements Ordered by Supervisors or Committee: New windows in service building. New rotary washers.

Heating: By steam from two low pressure boilers.

Lighting: Ocetylene gas is generated in a detached building.

Ventilation: The buildings were well ventilated. There is only natural means of ventilation.

Water Supply: Spring water flows by gravity into a well from which it

is pumped by hot air engine into an excellent reservoir on the hill. Rain water is pumped by windmill from cisterns into elevated tanks. A windmill on the hill pumps spring water into the reservoir.

Bathing Facilities: The toilet and bathing facilities are excellent. There are two porcelain lined tubs in the hospital and also one in each dormitory building. There are three shower baths for men and one for women.

Laundry Appliances: The power laundry is located in a detached building. It is fully equipped except for a mangle, which is needed.

Drainage: A 12-inch cement joint tile drain empties into a ravine on the south. The fall is good.

Precautions Against Fire: There are stand pipes with 2 inch hose on every floor. The water on the first floor is under 25 lbs. pressure. 24 dry and 6 liquid chemical extinguishers are provided.

Means of Escape in the Event of Fire: There are alternate interior stairs leading to exits except in the hospital which has but one flight of stairs.

Exterior fire escapes should be added.

II. The Farm.

Number of acres of land, 246. Estimated value, $10,000.

Number of Acres Cultivated: 161.

Adaptability of the Farm: The farm is productive.

Principal Crops: Wheat, oats, potatoes, corn, ensilage.

Barns and Outbuildings: The barn is excellent. The hog pens should be more distant from the house.

Dairy, and the Disposal of its Products: Of 30 cows kept, 21 are being milked. The products are for the inmates who receive milk and butter two or three times a day.

Other Stock Kept: Ten horses, four calves, fifty hogs, a number of which are registered stock.

III. The Census.

	Males	Females	Total
Number of inmates	51	14	65
Children under two years old with mothers	0	0	0
Other children under two years old	0	0	0
Children between two and sixteen years	2	0	2
Number of blind	0	1	1
Number of deaf-mutes	0	0	0
Number of feeble-minded	2	0	2
Number of idiots	0	0	0
Number of epileptics	0	0	0
Number of insane	0	2	2
Number of pensioners	0	0	0
Number of alien	0	1	1
Persons over seventy years old	27	6	33

Number of tramps entertained since last inspection: None.

Means of separation of the sexes indoors: Separate buildings and dining rooms.

Means for separation of the sexes outdoors: None.

IV. Care of the Sick.

Hospital Accommodations: On the first floor of the hospital is the men's ward with eight beds and on the second the women's with six beds. The hospital is a clean, pleasant building. The employment of a helper whose first duty is the care of the sick would insure the patients greater attention than it is now possible to give them.

Medical Services, by whom Performed: Dr. J. P. Miller of Alexander calls weekly and oftener if needed.

Hospital Supplies, Diet, Medicine, Etc., How Furnished: By the physician and county.

Number of Paid Hospital Attendants:

Males.	Females.	Total.
0	0	0

V. Records.

State Board of Charities Record of Inmates: Properly kept and duplicates

forwarded. Last entry No. 724, February 6, 1908. Three names remain to be added.

Almshouse Register of Inmates: Reported yearly.

Are County and Town Poor Distinguished: Yes.

State Board of Health Record of Vital Statistics: Fully kept with stubs on file.

Deaths Since Last Inspection:

	Males.	Females.	Total.
August 5, 1907	2	2	4
Births Since Last Inspection:	0	0	0

VI. Salaries, Wages and Labor.

Name.	Position	Compensation
Cortland Crosman,	Alexander, N. Y., Supt. of Poor	$3 per day
George H. Craft,	Oakfield, N. Y., Supt. of Poor	$3 per day
John R. Bennington,	Batavia, N. Y., Supt. of Poor	$3 per day
T. A. Hart,	Keeper	$800
Mrs. T. A. Hart,	Matron	100
John Conway,	Hired Man	360
Gus Stoss,	Hired Man	360
Paul Smith,	Hired Man	360
Luella Blatter,	Domestic to Keeper	208
Bessie Sage,	Cook to Inmates	208
Olive Hart,	Attendant	208
Dr. J. P. Miller,	Visiting Physician	150
Rev. Scarff,	Chaplain	100

VII. Remarks.

In the absence of Keeper Hart, the Matron, Mrs. Hart, accompanied the inspector and furnished the statistics. The almshouse was clean and the inmates neatly clothed and well cared for. There are no vermin.

The dietary for the day was:

Breakfast: Oatmeal, meat, potatoes, bread, butter, tea.

Dinner: Fresh beef, potatoes, gravy, bread, butter, bread pudding, tea.

Supper: (Men)—Mush and milk, bread and milk, or bread and tea.

(Workers)—Warmed up potatoes, extra.

(Women)—Warmed up potatoes, bread, butter, sponge cake, tea.

The beef used is raised on the almshouse farm and is of good quality. There is an excellent cold storage room. Coffee and left-over food from the Keeper's table goes to the women inmates. The awarding or withholding of this food is the method employed of securing good discipline, and it is effective. For the care of the suspected insane and for delirium tremens cases, of whom a number are admitted to the almshouse each year, a padded cell is needed.

The two boys Earl Lake, aged 8, and Truman Lake, aged 5, who are inmates of the almshouse contrary to law, were committed there by Overseer D. W. Griffis, of Batavia, pending a decision as to their ultimate disposition. They should have been committed to a children's home, or boarded temporarily in a private family.

Application should be made to a State institution for the admission of the feeble-minded boys, Roy and George Crouse, aged 18 and 17, respectively. George is middle or high grade, but Roy appears to be low grade. Frank Wimple, aged 17, another inmate, has bad spells or trances. He will soon be discharged to work on a farm.

VIII. Summary of Needs and Recommendations.

1. Fire escapes.
2. A paid hospital attendant.
3. A mangle.
4. A morgue.
5. A strong room for delirious patients.
6. Stamped metal sheathing in the dormitory buildings.

Respectfully submitted,

GERTRUDE E. HALL,
Inspector of Almshouse.

Dated, April 10, 1908.

SEALER OF WEIGHTS AND MEASURES—REPORT OF.

The following report of E. C. Moulton, Sealer of Weights and Measures, was read by the Clerk, and upon motion of Mr. Reed was received and ordered published with the proceedings:

To the Honorable, the Board of Supervisors of Genesee County:

GENTLEMEN:

I was appointed by the Board of Supervisors on December 7th, 1907. An outfit was purchased anl work commenced April 1st, 1908. I visited 280 business places from April 1st, 1908, to October 10th, 1908. I inspected and adjusted 1,100 articles such as small scales, large platform scales, computing sealers, etc. Also gallon, quart and pint measures. I found about a tenth of the scales off on weight and were short weights. I also found in use liquid measures where dry measures should have been used for; such as beans, peas, corn and cranberries. I advised the selling of above articles by weight. I find that majority of articles where in cartoons are short weight; such as raisins, ginger-snaps and the like, which should be marked short. My advise would be for the people to take the same interest in this line of work as

Yours respectfully,

E. C. MOULTON,
Sealer of Weights and Measures for Genesee County.

PROCEEDINGS TO BE PUBLISHED.

A notice from the Batavia Village Trustees was read by the Clerk, ordering the County to put in water meters in the Court House and County Clerk's office.

THISTLE COMMISSIONER—REPORT OF.

The following report of Thistle Commissioner Pratt was read by the Clerk, and upon motion of Mr. Haskell was received and ordered published with the proceedings of the Board:

To the Honorable, the Board of Supervisors of Genesee County:

GENTLEMEN:

Your Russian Thistle Commissioner would report as follows: The number and growth of plants in the County is much greater than last year, but the extra growth is confined to the railroads, and nearly all these plants were found growing between the rod lines, so it would seem difficult for them to go to seed.

On the Retsof property, south of Le Roy, they have made an extra effort to destroy the plants, and they have succeeded fairly well, but it will take some time to fully eradicate them.

On the George W. Root farm in Byron I found but few plants this year, and they were of small growth, thus showing a marked improvement.

On the West Shore Railroad I found but few thistles, and they were as follows: Scattering plants in Byron from mile post 386, west, for one and one-half miles. Found only one plant in the town of Elba. That was in Section 21; and two plants in the town of Oakfield in Section 22.

The N. Y. C. R. R. main line: From the east line of the County to Batavia, for the whole distance, thistles were growing quite thick, but were confined mostly to tracks three and four; but from Batavia, west, to the County line, there were only a few scattering plants, except a large bunch growing a little east of Corfu, along the siding and driveway from the cattle-chute to the tool-house. Many of these plants were on the north bank of the driveway.

On the Attica, Tonawanda and Canandaigua branches I found no thistles.

Lehigh Valley Railroad: Found scattering plants all the way from the P. and G Junction, west to Batavia, and there were two bunches growing on the siding in Le Roy that goes to the Stone Crushing Plant, near Holmes Crossing. One bunch was about half way from the main line to the crusher on the east side of tracks, and a good many plants were growing at the extreme north end of siding. There were a few plants growing along the cross-over from the Batavia depot to the Wood Works, and in Section 14, the first one west of the depot, I found only four plants while in former years there were a great many, and from here west to the County line there were only a few scattering plants.

Erie Railroad: Found no thistles from the east County line to Attica, via Batavia, and only one plant from Linden to Attica, and that was near mile post 34, from Buffalo and in south track. From Attica west I found many scattering plants, especially in Section 16, for the last mile and a half, before reaching the County line.

B. R. & P. R. R.: Found no thistles on this road, except in the village of Le Roy. There were a few plants near the Plow Works, and a bad bunch northwest of the Salt Plant, just south of the Canandaigua tracks, where refuse had been dumped from the Salt Plant.

D. L. & W. Railroad: Found scattering plants through Section 112 from the Oatka, to East Bethany, and one plant near the west line of the

Gardner farm, in Section 114. Also two plants on the siding west of the Alexander depot in Section 115, and one plant just west of the Fargo depot on the south siding.

Respectfully submitted,

C. T. PRATT,
Commissioner.

Batavia, N. Y., November 18, 1908.

BATAVIA-EAST PEMBROKE ROAD HEARING—COMMITTEE ON.

Upon motion of Mr. McVean:

Resolved, That a committee of two be appointed to attend the Batavia-East Pembroke road hearing in Albany, N. Y., November 24th.

Carried.

Upon motion of Mr. Weeks:

Resolved, That a committee of three be appointed to examine the work of the salaried County officials, and report whether the present salaries paid are sufficient or otherwise.

Carried.

Messrs. Weeks, Peck and Reed were named as such Committee.

Upon motion of Mr. Edgerton the Board adjourned to November 21st, 1908.

Seventh Day.

November 21st, 1908.

The Poard met pursuant to adjournment, all members being present.

Journal of last session read and approved.

SPECIAL COMMITTEE—REPORT OF.

The Committee appointed to examine the report of the Comptroller in his examination of the accounts of Genesee County, made the following report:

To the Honorable the Board of Supervisors of the County of Genesee:

Your committee appointed for the purpose of investigating the report of the State Comptroller, relative to the examination of the accounts of Genesee County, respectfully reports as follows:

By Chapter 705 of the Laws of 1905, as amended, the comptroller of this State is given power to inspect and examine the accounts of all the fiscal officers of various municipal corporations, including counties, and on such occasions to make inquiry as to the financial condition and resources of the municipal corporation, and into the method and accuracy of its accounts. The Comptroller is also authorized to prescribe a system of keeping accounts, to be uniform for each class of municipal corporations, and to direct the installment of such system by any of the municipal corporations comprising such class.

The comptroller's authority ceases at this point and it is therefore apparent that in his report in this case he has attempted to exceed by far the powers and duties which pertain to his office. He can, as has been stated, prescribe a system of keeping accounts for the county. In other respects he has no more power to recommend or to order action by the officials of the County or by its Board of Supervisors than the Board of Supervisors has to control the affairs of the Comptroller's office.

SYSTEM OF BOOKKEEPING.

The first criticism made by the report of the Comptroller is found under this head, and relates to the manner in which the county treasurer's books have been kept. These books are stated to have been accurately kept, and a very careful examination thereof and of the county treasurer's checks and the bank balances is stated by the report to have shown the accounts to be entirely correct. The system is however claimed to be wrong, and at page 14 of the printed report the examiners state that they are to prepare forms for a new set of books satisfactory to them. This promise was made in June last, but it has never been kept. In September the county treasurer notified the Comptroller's office of the ommission, calling attention to the fact that a new fiscal year was to commence on the 1st day of November. In reply examiner Austin wrote under date of September 8th last, saying: "I will endeavor to take up the matter of a new set of books for your office with the Comptroller's department sometime during the present week, and will see that you are notified as to what is done." Although more then two months have since elapsed, no further communication has been received. If any change is necessary or proper in this respect the failure of its accomplishment prior to this time has been due only to the neglect of the Comptroller or his assistants.

The reference to the surrogate's stenographer (page 13 of the printed report) is so misleading and at variance with the law and the facts that this subject requires special comment.

Section 2513 of the Code of Civil Procedure authorizes the appointment by the surrogate of each county of a stenographer, who in Genesee County is to receive a salary of not exceeding $1,000 per annum, such salary to be fixed by the surrogate; such stenographer also to perform the duties of stenographer to the County Court and to furnish assistance in clerical duties in connection with the Surrogate's Court as the surrogate directs. Miss Sarah M. Blount has for several years acted as surrogate's stenographer, her salary now being $900 per annum. Miss Blount has herself acted as stenographer in all proceedings requiring the taking of evidence in the surrogate's office and has at her own expense employed George H. Thornton, a stenographer of long experience and well-known ability, to take the minutes of the County Court. She also employs at her own expense Miss Grace A. Lowe to perform the clerical duties in the Surrogate's Office, Miss Lowe giving her whole time to this work. Whatever payments have been made by the county treasurer to Mr. Thornton and Miss Lowe have been made on account of Miss Blount's salary, for her convenience

and at her request, and have been receipted by her. In the one instance mentioned in the report as occuring in the first quarter of the present year, whereby $23 more than the quarterly sum due for surrogate's stenographer was paid by the county treasurer, all being paid to Mr. Thornton and Miss Lowe, Miss Blount receiving nothing, the facts are these: Under the arrangement between Miss Blount and Mr. Thornton the latter is paid a compensation based upon the number of days attendance at court. In the month of January, 1908, an unusually long term of the County Court was held, a murder case alone occupying eight days in its trial, and the amount due Mr. Thornton for his services at this term together with the compensation of Miss Lowe for the quarter amounted to $248. The county treasurer therefore overpaid Miss Blount for the quarter $23 and deducted it from her salary for the next quarter; payments being $248 for the first quarter and $202 for the second quarter, instead of $225 for each. As there was no trial term of the County Court in either the second or the third quarter of 1908, Miss Blount was able to make up in those quarters what she lost in the first quarter and to receive a fair compensation for her services. If the county treasurer had in fact expended the appropriation for surrogate's stenographer for any other purpose than that for which it was appropriated, the statement of the Comptroller that the treasurer had no right to make such payment would be well founded, but such is not the case and the payments have been made entirely for the purpose authorized and directed by statute. The statement or insinuation of the Comptroller's examiner to the contrary must be due to a want of understanding on his part; we cannot believe that he intended to make a wilful misrepresentation.

The legality of the payments for surrogate's stenographer being shown, it is fair that the actual results to the tax payers of this county by reason of the present method should be referred to.

For the year ending September 30, 1908, the expense for Supreme Court stenographers paid by the County of Genesee was $911.10. The number of days during this period on which terms of the Supreme Court were held in Genesee County at which a stenographer was present was thirteen. The number of days in 1908 on which terms of the County Court requiring the attendance of a stenographer were held was twenty-five. The county therefore in 1908 will obtain the services of a stenographer at the County Court for twenty-five days, the services of a stenographer at the Surrogate's Court on such days as her attendance is required, which will be probably not less than the number of days of County Court, and the services every day of Miss Lowe, altogether for the sum of $900,

wheras for 13 days services of stenographer in the Supreme Court in the year ending September 30, 1908, the county paid $911.10. Mr. Thornton is himself a Supreme Court stenographer and it cannot be said that his qualifications are in any respect inferior to those of any of the men employed at any of the terms of the Supreme Court here. The daily sessions of the County Court have usually been longer and the work more onerous than in the Supreme Court. The comparison is necessarily made between the year ending September 30th for Supreme Court stenographers, and for the calendar year 1908 for surrogate's stenographer, by reason of the fiscal year ending on September 30th in the case of the Supreme Court stenographers. For the year ending September 30, 1909, this county will pay for Supreme Court stenographers $1,052.36. The compensation of Supreme Court stenographers is fixed, pursuant to law, by Comptroller Glynn himself. At the rates paid for these services as fixed by him, this county would be required to pay for surrogate's stenographer, County Court stenographer and surrogate's assistant during the year 1908 about $4,000. It will pay $900. Whether the county will be benefited by adopting the suggestion of the Comptroller at page 14 of his report may be left to the intelligent judgment of the tax payers. If they desire to follow the ideas of this gentleman upon this subject the matter should receive serious consideration, otherwise no.

It should also be noted that under the present arrangement one copy of the minutes of proceedings in Surrogate's Court, which is usually sufficient for all purposes, is furnished by the stenographer without additional expense. Under the former practice and under the procedure which the Comptroller seems to favor such would not be the case, and each estate would be required to pay for the minutes in the case involved. This method was formerly employed in this county and the consequent expense paid by individual estates sometimes amounted to $100 or more.

THE CONTINGENT FUND.

The Comptroller's remarks upon this subject are very lengthy and are found at pages 15 to 24 of his printed report. At page 21 he summarizes his conclusions and attempts to show total unauthorized payments from this fund amounting during the period of his examination to $13,007.18. In the press report sent out by him in August and printed in nearly every newspaper in the state an inference was drawn that in some manner this sum had been wrongfully taken from the county treasury and that the County had been defrauded to that extent. Such an inference is most outrageously untrue and it is to be regretted that for the sake of fairness

to all concerned the remark of the report (page 21) that "it is not claimed that any of the foregoing payments were not legitimate county charges" was not included in the press despatches published at the time the report was sent out. If the Comptroller was in any way responsible for this omission he cannot be too severely condemned.

A compilation of these disbursements from the contingent fund, widely heralded at the time of the first publication of the Comptroller's report as "illegal payments," shows that they were made up of the following items, all having been expended during the period commencing November 22, 1902, and ending March 31, 1908:

Supervisors' compensation	$4,838.53
Repairing, painting, plumbing, etc., county buildings	1,355.05
Coal and wood	2,137.11
Gas and electric light	1,811.15
Janitor, county buildings	1,400.00
Soldiers' burials	875.00
Record books, binding and supplies, county clerk's office	409.75
Moving, freight and cartage	49.55
Postage stamps	92.64
Water for county buildings	86.00
Stationery	13.50
The Daily News and Batavia Times, publishing redemption notices	45.02
Expenses Good Roads Convention	36.68
Minor items	5.00
Total	$13,154.98

It will be observed that this total does not exactly correspond with the total of $13,007.18 set forth at page 21 of the printed report. This is due to the fact that the items for the year ending November 21, 1906, aggregate $4,952.93 and not $4,967.28 as shown in the printed report due to an error in addition by the Comptroller's examiners, and to another error made by them in adding the disbursements from November 22, 1907 to March 31, 1908. The last error does not appear in the printed report, it having been discovered, it would seem, in the Comptroller's office at Albany, and the figures changed so as to make the addition in this instance correct. At page 29 of the original report filed with the county treasurer of this county the Supervisors' compensation and mileage for the period from November 22, 1907 to March 31, 1908, is given as $1,242.

In the printed report, at page 21, this item is changed, the figures being given as $1,079.85. By altering the figures a balance was forced so that the total of payments during the last period was correctly added at $1,867.66. The same total of $1,867.66 for the period mentioned was given in the original report at page 29, a mistake in addition of $162.15. As a matter of fact the exact supervisors' compensation during the period mentioned was not $1,242, as stated in the original report, or $1,079.85 as changed in the printed report, but $1,236.88. These discrepancies in addition and otherwise are not referred to as possessing substantial importance, but they furnish a sufficient answer to the very frequent criticisms made by the Comptroller's examiners as to small errors occasionally made by the Supervisors and county officials in addition and in transcribing amounts. If these paid fault finders, two of whom were employed for approximately five weeks, at a daily wage of not less than $8 each besides travelling expenses, could do no better in adding a column of figures containing twelve items than to make a blunder of $162.15, which as has been shown was avoided in the printed report only by the falsifying of one item of the list and a consequent forced balance, it is not surprising that this board and its committee and others have at times made errors of 30 cents, $1, and like amounts, such as the examiners have diligently sought for and referred to in their report. The error in addition of the items for the year ending November 21, 1906, was not even discovered by the Comptroller's office at Albany before the report was printed, and can be found by anybody who cares to add the items for that period, which are found on pages 18, 19 and 20, printed report

We now proceed to discuss the alleged impropriety of the payments made from this fund which are criticized. The Supervisors' compensation for attendance at regular meetings of the Board has for the last forty years been paid on a certificate of the clerk of the days of attendance and the mileage to which each member is entitled. The same practice is followed, as we are informed, in practically all legislative bodies, and the learned Comptroller is apparently the first to express an opinion of its impropriety. The printed proceedings of the Board of Supervisors in each year show in detail on a separate page the compensation received by the Supervisors for such services with the number of days attendance by each and the number of miles travelled. The services of the Supervisors on committees have always been the subject of audit by the Board.

The arrangement by the board with the sheriff to act as janitor of the county buildings is made pursuant to the power and duty imposed on the Supervisors by statute, (subdivision 1, section 12, of the County Law.)

It is not made with the sheriff in his official capacity, but with him as an individual. The board undoubtedly has the right to contract with any person to perform such janitor services and the fact that such person happens to be sheriff is utterly immaterial. They might contract for the same services with the individual who happened to then be county clerk of Genesee County, or town clerk of the town of Batavia, or any one else. It is simply a question of common sense and of obtaining the services of a qualified person who can and will do the work at a fair price. This janitor service has been contracted for at a fixed sum of $400 per year for a number of years past, the services performed and the money paid.

The items for repairing the county buildings, coal and wood, gas and electric light, record books, etc., for the county clerk's office, and many of the lesser items, may be considered together. These items are what is known as cash bills, the work being done or supplies furnished at a specified rate. The parties entitled to the money will not wait for it until the ordinary time for payment of bills, in February of each year. Many of the items are for day labor upon payment for which the laborers depend for their daily existence. The coal and wood is contracted for to be paid for on delivery. The record books for the county clerk's office have for many years been furnished in the same manner, the books obtained when necessary and paid for on delivery in order to obtain the lowest possible net price. Gas and electric light bills as is well known have been subject to substantial discount if paid promptly. All these discounts have been taken advantage of in every case and the bills paid from the contingent fund, the result being the utmost economy so far as the interests of the county are concerned. If some of these payments were technically improper until audit by the full Board of Supervisors, then it follows that in order to meet the objections of the Comptroller on this point the board must either pay higher price on account of requiring the parties to wait for their pay for months after the services are rendered or the goods furnished, or must hold frequent special meetings for the purpose of auditing bills, the cost of which meetings in many cases would total more than the amount of the bills. These amounts from the contingent fund were paid largely if not entirely under contracts made by the Board of Supervisors and well understood. There is no claim made that any of these charges were improper. The county received the full benefit of every dollar spent and the action taken and criticized by the Comptroller actually resulted in a direct saving of a very considerable amount to the taxpayers.

Soldiers' burials are paid for by the county treasurer under the pro-

visions of section 83 of the Poor Law, with the provisions of which the learned examiners seem to have been unacquainted.

The bills mentioned on pages 22, 23 and 24 of the printed report are not included in the summary of unauthorized payments at page 21, but the Comptroller apparently considers some impropriety in their payment. These orders were principally, for insurance on the county buildings, an adding machine, desk in county clerk's office, for publishing official canvass of election in the Le Roy Gazette and Genesee Courier, and for publishing the proceedings of the Board of Supervisors. The insurance was payable at a fixed rate, uniform in the case of all the companies; the desk in the county clerk's office was purchased for a fixed price under a resolution of the board; the same was the case with the adding machine; the rate to be paid for publishing the canvass is fixed by law; the Supervisors' proceedings were published at a specified rate per page fixed by contract between the board and the printers, the ascertainment of the total cost requiring simply the computation of the numbers of pages printed, which could not be known until the work was done.

The payment of very many of these items from the contingent fund, in fact the great bulk of them, (other than Supervisors' compensation and soldiers' burials which as has been shown come under a different rule) was authorized by action of the board similar to the resolution of December 5, 1905, (found at page 18 of the printed report) where the county treasurer was authorized and directed to pay all gas bills against the county on or before the 10th of each month in order to save the cash discount. This resolution the Comptroller says would have been sufficient authority for payment without audit, if it had specified a rate, and even as passed he admits that it furnished an excuse for such payment. If this is true with the gas bills, we do not see why the case should be different with the others.

COUNTY TREASURER'S SALARY.

It is true as stated by the Comptroller that the compensation of $800 per annum fixed by the Supervisors for the county treasurer was fixed with the understanding that the treasurer should retain the fees of his office, and he has received and retained those fees. Fees on State taxes and interest on the county's money in the county treasurer's hands have for years past been and still are received by the county, and not by county treasurer. Whether this shall continue to be the case or whether a salary should be fixed and the fees belong to the county is exclusively for the consideration of the Board of Supervisors and the Comptroller has no

power or duty in regard to that matter. His suggestion on the subject is therefore purely gratuitous and entitled to no more consideration that if coming from any other individual. We desire, however, to call the attention of the board to the fact that in the year 1905 and 1906 to which attention is expressly directed by the Comptroller, (pages 25 and 26 of his printed report) the emoluments of the office far exceeded any received in any other year or likely to be received by any county treasurer in any year hereafter under the present system. This was due to the fact that in 1905 and 1906 collateral inheritance taxes on the estate of the late Adelaide R. Kenny, amounting altogether to about $80,000, were paid upon all of which the county treasurer received five per cent., or about $2,000 in each year from this source alone. In no other case in this county have the fees upon the transfer tax or collateral inheritance tax on any estate approached anything like the sum mentioned nor are they apt to do so again. Going back to the years 1903 and 1904, we found that in 1903 the county treasurer's fees on collateral inheritance taxes amounted to $274.42, and in 1904 to $270.73. In 1905 and 1906 these receipts were, as has been shown, very largely increased from the estate mentioned. In 1907 the fees again fell, the total from this source in that year (page 26 printed report) amounting to $251.93. The average emoluments of the office are therefore very much more accurately represented by the sum received in 1907 than in the years of 1905 and 1906, which were in this respect phenomenal.

DEPUTY COUNTY TREASURER.

Miss Minnie Preifer was appointed deputy by county treasurer McLean, April 5, 1907, and performed all the duties of the office of county treasurer from April 11, 1907, the date of Mr. McLean's death, until the end of the year. The examiners have learnedly discussed the subject of her compensation, finally admitting that they do not know what she should have received for her services. They advise the legislature to remedy the apparent omission in the law applicable to such cases (page 28 printed report.) As Miss Pfeifer performed all the duties of the county treasurer after Mr. McLean's death and paid the proportionate premium on his bond to the bonding company during that period (amounting to about $170) it would seem a sensible disposition of the matter to allow her the same compensation that Mr. McLean would have received for the same services, and that is what she received.

AUDIT OF BILLS.

Very few if any bills have been audited by this board without a

proper verification. If ever done it has been by inadvertence. The use by claimants of the printed blanks furnished for such purpose is much to be desired. In many cases, however, bills are presented to the board with the affidavit on a separate blank pinned or insecurely fastened to the bill, and in handling which the bills receive both before and after audit it is no doubt sometimes the case that these slips of verification become detached and lost.

The Comptroller's report states (page 28 of the printed document) that the section of the County Law requiring that the printed proceedings of the Board of Supervisors "shall contain a summary statement of all bills against the county presented to the board and allowed or disallowed, indicating the amount allowed or disallowed" has not been complied with. This statement is not a fact. The information required by the statute has always been printed in the published proceedings of the board. The law does not require that the nature of the bills be stated although as a matter of fact the bills are usually so arranged in the record as printed that in practically every instance the nature of the ilis appears. The Comptroller evidently thinks that the board should not only print the statement of the bills as they appear in the reports of the various committees, but that all of them should be summarized and printed over again at the end of the volume. This is entirely unnecessary, subserves no good purpose, is not required by law and would merely cause additional expense.

Justices' and constables' bills have been a source of trouble to the board for many years past. Many of these bills have to be sent back for correction and additional information, in some cases more than once, although the items involved are usually very small. The board has endeavored to deal fairly both with officials interested and on behalf of the county, and has tried to adjust and audit these bills at amounts deemed proper, and we believe they have been successful in so doing. If minor errors have occured in bills containing a large number of items of 25 or 50 cents each it would not be surprising.

Bill No. 62 of E. A. Washburn referred to as not verified was for $57.54, being for the minor expenses of the surrogate's office during the year 1906, including cleaning office, postage stamps, express and sundry expenses account of transfer taxes. This bill has been made up in each year by the surrogate's clerk, who has kept a detailed account of the items as expended. It has then been verified by the surrogate. In this instance through an oversight such verification was omitted and was not discovered before the audit. The account has since been verified by the surrogate as correct.

Errors in allowing payment for publication of local laws, a 75 cents per folio instead of 50 cents per folio allowed by law are referred to (pages 30 and 31.) Both the Daily News and the Batavia Times formerly charged 75 cents per folio for these laws. It was supposed by the publishers and by the Board that they were entitled to the same rate for this publication as for publishing the concurrent resolutions of the legislature and other ordinary state printing. In 1905 this error was discovered by the board and the bills cut from 75 cents to 50 cents per folio, the proper rate, publishers consenting to this as soon as their attention was called to the statute. The examiners failed to make mention of the fact that the board discovered this error three years ago. Both of the newspapers interested have voluntarily returned the overcharge on this account to the county, about $15 in each case, in one instance by check, in the other by credit on account.

The publication of the election notices in the Daily News in 1905 arose in this manner. This was the first year in which town offices to be filled at the annual election were by law required to be published with the election notice and the board directed publication in the Daily News as well as the two other papers already designated, supposing the authority therefor to exist, the object being to obtain as wide publicity as possible for the information contained in the notice. The publication was duly made by the newspaper and paid for at the regular rates.

The duplicate bills of Mathew Bender & Company for books furnished the surrogate's office were paid as stated on page 32. In this case two verified bills were presented by the claimants, one being sent to the surrogate's clerk and the other to the clerk of the Board of Supervisors; this is frequently the case, but in this instance the error was not observed until after payments were made on both bills. It was discovered very shortly after and the county given credit for $33 by the same law book house, making its bill for the following year $33 less, so that the county in fact received its money back and only paid the bill once. We have itemized statements from the firm referred to showing this fact.

The statement as to absence of verification of bills has already been explained. In our investigations of some of the items under this head we have been embarrassed by the fact that numerous bills have been removed from the files by the examiners themselves, there being left only a slip giving the number of the bill, the name of the claimant and the total amount allowed. Whether they took the bills away with them or placed them somewhere else in the Supervisor's room, outside of the proper place, we can-

not say, as we have not been able to find the bills referred to.

COUNTY CLERK'S SERVICES.

The report discusses at great length the amounts which have been allowed to the county clerk as fees and expresses the opinion that in various instances such amounts have been improper.

The law as to fees to which a county clerk is entitled for services rendered to the county is involved and in many cases a matter of very decided uncertainty. In 1883 and again in 1889 the then Boards of Supervisors of this county caused to be compiled by their clerk, Mr. B. F. Hawes, and published with their proceedings, a digest of the fees to which the various county officers, including the county clerk, were entitled. This summary of fees was apparently adopted by the late County Clerk Carlos A. Hull in making his bills up to the time of his death, and County Clerk Pixley has followed the same practice. The various legal works on the subject of fees have allowed practically the same charges. It is not possible to ascertain exactly and finally the correctness of the charges for some of these services without inaugurating and carrying to the court of last resort a litigation for that purpose.

The board in its digest of fees for 1883 recognized the right of the clerk to be paid for practically all the services which the Comptroller says should be performed by him gratuitously. We quote from the proceedings of the Board for that year, page 139, relating to fees of county clerk:

Services—Fees Discretionary.

The following services are required by various statutes. No fees being prescribed by law therefor, the compensation is a reasonable sum to be fixed and determined by the Board of Supervisors.

For writing, folding and depositing in a box the names of grand and petit jurors.

For giving notice of drawing juries and publishing the same.

For serving notice on Sheriff and County Judge of drawing juries.

For drawing juries and making list and delivering to Sheriff.

For drawing additional petit jurors on order of the Court, and making list thereof.

For receiving and transmitting the duplicate census returns to the Secretary of State.

For arranging, binding and preserving the original census returns.

For transcribing records, maps or public papers.

For giving notice to the Supervisors of the neglect of Justice of the Peace to file oath of office.

For transmitting to the Secretary of State statistical information concerning convicts.

For transmitting to the Comptroller the names of all religious societies that were incorporated in the preceding year.

For transmitting to the Secretary of State list of names of persons changed in the preceding year.

For reporting to District Attorney all omissions of town officers to make and transmit returns and certificates which by law they are required to make to such Clerk.

For approving the bond of Coroner acting as Sheriff.

For approving the bond of Surrogate.

For delivering to Sheriff copy of order for defaulting jurors to show cause.

For delivering to Sheriff copy of sentence of any person to jail.

For delivering to Sheriff copy of sentence of any person to State Prison.

For making and printing calendar of causes for courts.

For filing appointment of members of Board of Health appointed by County Judge.

For making a return to a writ of error of certiorari.

For issuing subpoenas to defendants in criminal cases.

For witnessing and certifying the execution of the death penalty.

For making index to books of records and collectors' bonds.

For making certificates for pay of jurors and other officers for attendance at court.

For entering orders in civil actions.

For delivering notice of election of Supervisors and Assessors.

For causing same to be published.

For mailing slips of Session Laws to Town Clerk.

The same principle was recognized in the digest of county clerk's fees printed in the proceedings of the board for 1889, pages 173 and 174, this statement being found at page 174; "other fees are discretionary."

Powell's Fee Book of Town and County Officers, edition of 1900, a recognized authority, reiterates the rule, under the subject of county clerk's fees, page 35: "For all other services required by various statutes, for which no fees are prescribed by law, the compensation is a reasonable sum to be fixed and determined by the Board of Supervisors."

Fees for these services were charged by Mr. Hull and allowed by the various Boards of Supervisors at the same sum for many years preceding his death, and Mr. Pixley since his incumbency of the office has modelled his bills upon those of Mr. Hull, no change being made in the charges for the respective services.

In order to determine the fairness of the charges made we have examined into the nature of the services performed and charged for, the amount of labor involved, and the charges made for the same services by Mr. Hull, by Mr. Pixley, by the county clerk of an adjoining county where the office is under the fee system, and by the clerk of another county in Western New York where the same is the case. A comparison of the important items in question so far as these charges are concerned shows the following:

Indexing books of deeds, mortgages, etc.: The charge made by Mr. Pixley and by Mr. Hull is identical; in the adjoining county the charge is about fifty per cent greater; in the other county referred to the charge is apparently the same as that made by Mr. Pixley and Mr. Hull, but there is an additional charge for comparing the indexes, making the expense larger than in this county.

For preparing calendars of the Supreme and County Courts: By Mr. Pixley $2 to $6 according to length; by Mr. Hull $5 for terms of the Supreme Court, no calendar of the County Court being generally required at that time; in the adjoining county sums varying from $6.25 to $18.50; in the other county from $7.25 to $12.63.

For services attending drawing juries: By Mr. Pixley $4 in the County

Court, $5 in the Supreme Court; by Mr. Hull the same; in the adjoining county $9.62; in the other county $8.12.

For certificates to county treasurer in payment of jurors' and witnesses' fees, etc.: By Mr. Pixley 12½ cents each; by Mr. Hull 12½ cents each; in the adjoining county 25 cents each; in the other county 25 cents each. In this connection we should add that County Clerk Pixley states that on examining this subject and consulting with the clerks of the other counties he now claims that the proper fee for this service is 25 cents and that both himself and Mr. Hull should have been compensated at that rate instead of 12½ cents, which he claims would make a difference in favor of himself of several hundred dollars over and above what he actually charged and received.

Filing and recording collectors' bonds: By Mr. Pixley 72 cents; by Mr. Hull 72 cents; in the adjoining county one dollar; in the other county no charge: In the case of this item it is quite possible that under the law this fee should be paid by the individual collectors of the town affected, and not by the county at large. Mr. Pixley followed the practice of Mr. Hull in making the charge to the county and as will be seen the amount involved for the thirteen towns is less than $10 per annum.

Filing various papers, six cents each in all four counties. The practice of estimating the number of reports filed was one adopted by Mr. Hull and followed by Mr. Pixley, the number given being fixed by a general computation without counting each instrument. The reports for 1897-1900, charged for by Mr. Pixley in 1905 (page 42 printed report) were school commissioner's reports for the years first mentioned not filed until 1905.

Reports to secretary of state, aliens: By Mr. Pixley $4; by Mr. Hull $5; in the adjoining county $10; in the other county item not discovered.

Entering Supreme Court and County Court orders is charged for by Mr. Pixley at ten cents per folio and was charged for by Mr. Hull at the same rate; in the other counties owing to the complex and unfamiliar nature of the bills rendered we have not so far located these items.

The filing of discharges of mortgages was not required or allowed by the statutes until after the death of Mr. Hull. Mr. Pixley has charged for this service at six cents for each discharge. A careful examination of the statute would seem to make it doubtful if he was entitled to this sum

and if this is correct Mr. Pixley was not entitled to the sum of $167.66 received by him for this service, as stated at page 37 printed report. Mr. Pixley states, however, that if it is determined that he ought to give credit to the county for this sum he should be allowed to charge for the certificate for jurors and witnesses, the subject of which has already been mentioned, at the rate of 25 cents each instead of 12½ cents each, a difference which would be considerably greater than the sum received by him for filing discharges of mortgages. We understand that this item for filing discharges will not be included in the county clerk's bills hereafter, but will be charged to the individual presenting the instruments for record.

Other items might be compared, but enough has been shown to illustrate the comparative charges made by Mr. Pixley, Mr. Hull, and by the clerks of the other counties. We regard the charges made by Mr. Pixley and Mr. Hull and allowed by this board as no more than fair and reasonable for the services rendered and we are satisfied that neither of them has made any charge to which he did not in good faith believe himself entitled. Whether the law as an abstract proposition is as contended by the Comptroller can only be determined by an expensive litigation. The county clerk is paid entirely by fees, receiving no salary. Very much of the work charged for is now and always has been done, not by the county clerk, but by assistants paid by him from his own pocket and for whose acts he is responsible. The volume of work in the county clerk's office has been such as to render this absolutely necessary, it being impossible for the clerk to do it all himself. We know of no county in the state where services of the nature referred to rendered by the county clerk (the office not being a salaried one) for the county are not paid for by the county at what is deemed a fair remuneration, and the Board of Supervisors of this county by its digest of fees in 1883 and 1889 distinctly stated the right of the county clerk to such remuneration, as already shown. If the Comptroller's contention concerning the law is correct, the law stands for substantial injustice, and we certainly do not recommend an attempt on the part of this board to institute a litigation which if successful will result in injustice, especially when we consider the very considerable expense to the county which would attend such a litigation.

In justice to Mr. Pixley and Mr. Hull we should state that in the adjoining county and the other county the bills of county clerks in which were examined by us, many items of services were charged for and paid by the county where in this county such services have been performed without charge, and that in the case of other services larger fees have been charged in the other counties than here, referring now to items not criticized by the

Comptroller. A noteworthy instance which well illustrates this point is the charge for swearing jury panels at the opening of a term of the Supreme Court. In this county the total charge for all services in empanelling and swearing grand and trial jurors is 38 cents. In one of the other counties the following charges were made in one instance: Calling grand jury 19 cents; calling trial jury 19 cents; entering ten orders excusing jurors $1.20; entering ten oaths to jurors $1; enter order foreman grand jury 12 cents; swearing foreman grand jury 10 cents; swearing grand jurors 19 cents; total $2.99. We express no opinion as to the charges in the other county, but call attention to the fact that Mr. Hull and Mr. Pixley have charged and been allowed 38 cents for services where in another county under similiar circumstances the same services in a typical instance were charged for at $2.99.

We are advised that care has been taken by the clerk not to charge stationery used in the county clerk's office to tthe county except where used for purposes authorizing such charge, ordinary stationery being paid for by the clerk himself.

The Comptroller at page 46 calls attention to the requirement of the County Law that the county clerk shall file a report of fees with the Board of Supervisors annually, and states that the county clerks failed to do this until 1907 when Mr. Pixley filed such a report. From 1844 until 1892 the law required a similar report to be filed with the Secretary of State. In 1892 this law was repealed and the report required to be filed with the Board of Supervisors. No county clerk ever filed such a report, so far as we are aware, until Mr. Pixley did in 1907, although the law for over sixty years has required it to be done. Mr. Hull never filed such a report during his incumbency of the office, a term of thirty-five years or more. Mr. Pixley did when his attention was called to the law by the Board of Supervisors and undoubtedly will continue to do so hereafter.

SHERIFF'S BILLS.

The remarks which have been made in connection with the fees of the county clerk as to the uncertainties and ambiguities of the law apply with equal force in the case of the sheriff's fees. It is also true that the charges made by the sheriffs to the county for many years past have been practically identical, and likewise it is a fact that in 1883 and 1889 the Boards of Supervisors of this county caused a digest of fees to be paid to sheriffs to be published with their proceedings. The turnkey fees are fixed by a statute as to the construction of which there is a difference of opinion. The sheriffs

of this and other counties claim that this fees of 37½ cents is to be paid them for every time the prisoner is admitted to or released from the jail. On the other hand the Comptroller claims that however many times the prisoner is admitted to and taken from the jail the sheriff is entitled only to one fee for the original commitment and another for the final discharge. Until this question is finally settled by the courts in a case where the point is distinctly raised and passed upon, the law may be claimed to be uncertain. Charges for bringing the prisoners before the Court and "before court to plead" as charged by Sheriff Williams (which as he advises us is one of the services charged by other sheriffs under the general language "before court" the words "to plead" being added to furnish further information) are charged for in the Supreme Court and County Court at $1.50 for each session and in justice's court at $1 for each session. There is an ambiguity in the law, which furnishes ground for the contention that the Board of Supervisors has discretion to fix the sheriff's fees in this as well as in the case of many other services performed by the sheriff for the county. By revised statutes, part 4, chapter 2, title 8, section 11 (Cummings and Gilbert's General Laws, page 1452) a sheriff is entitled for serving a warrant or performing any other duty which may be performed by a constable to the same fees as are allowed by law to a constable for such service. By section 4 of the same title (Cummings and Gilbert's General Laws, page 4193) it is provided in the case of constables that they shall receive "for other services in criminal cases, for which no compensation is specially provided by law, such sums as the Board of Supervisors of the county shall allow." This statute is not mentioned by the Comptroller. It is allows the board in its discretion to fix the sum to be paid to the sheriff for services of various kinds, each board can of course allow such amounts as it deems proper, and such action would not bind any succeeding board.

Charges for summoning trial jurors are given in Crocker on Sheriffs as fifty cents each. The digest of fees in Supervisors' proceedings of 1889 (page 185) makes the amount to be allowed discretionary. The sheriffs of this county have charged fifty cents each for summoning trial jurors, no mileage being added. If the Comptroller is right and no fee is allowable for this the practical result may be illustrated as follows: At the last term of the County Court in this county there were two jury cases on the civil calendar, neither of which was tried. The sheriff received therefrom for calendar fees one dollar. He summoned 36 trial jurors from the whole county and 20 additional jurors from the town of Batavia. For summoning the 56 jurors he charged fifty cents each, plus one dollar for calendar fees, total $29. If the Comptroller is right in the construction of the law he

would receive for summoning the 56 jurors a total of one dollar.

Returning jury lists should be returning jail lists. For this the sheriffs have charged one dollar each under the authority of Powell's Fee Book, edition of 1900, last item on page 68, and Supervisors' proceedings, 1889, page 185.

Furnishing jail calendars has been charged for under Crocker on Sheriffs, page 565, Powell's Fee Book, edition of 1900, page 69 and Supervisors' proceedings of 1889, page 185, and the same authorities are cited for charges for attendance on drawing juries.

As to the charge for preparing court and jury room, Supervisor Thomas of this committee and Mr. Mullen, now the clerk of this board, were members of the Board of Supervisors when tthe original contract was made with Sheriff Pixley for janitor service at a fixed price of $400, and they have personal knowledge of the fact that it was then understood between the board and Sheriff Pixley that this sum did not include the charge for preparation of court and jury rooms for the terms of court, which understanding has been followed with the subsequent sheriffs. This work has been done by employees and payment made therefor at a sum which has been deemed to be fair.

An examination of the bill of the sheriff in a nearby county, very recently made and allowed, shows that in that county the sheriff has charged for searching prisoners, for laundry of the prisoners (at fifty cents per week or fraction thereof) for tobacco for prisoners in the jail, for expenses incurred in cases where the sheriff has made investigation without arrest, and other items none of which have been charged by the sheriffs of this county. We express no opinion of the propriety of these charges. In the same county many other charges are made identical with those made in this county and criticized by the Comptroller. We are informed that in the county referred to the same representative of the Comptroller's office examined the various county accounts, including sheriff's bills, before his visit to Genesee County and that no criticism whatever followed, nor has any intimation ever been received by the officials of that county of any impropriety in the charges referred to. This of course has no bearing on the merits of the bills which have been audited in this county and it is mentioned only as bearing on the good faith of some at least of the numerous criticisms which have been made here.

The sheriff of Genesee County is paid entirely by fees and employs

his own help, including an under-sheriff, a turnkey, and other assistants at the jail.

CORONER'S BILLS.

The remarks in relation to these are brief and of little consequence. During a term of three or four years one coroner is stated to have overcharged the county $3.50 and then given the county $10 by an error in addition.

SURROGATE'S FEES.

The surrogate is stated to have kept no book of fees as required by law. Such a book has never been kept by the present surrogate or by any of his prodecessors, but as none of them has ever received any fees, being paid a salary, it does not appear that any necessity has existed for one. Any such book would consist only of blank pages.

It is stated that the surrogate's clerk is not entitled under the resolutions of the Board of Supervisors to retain the fees of his office. In 1884 the supervisors passed a resolution authorizng the surrogate to appoint a clerk, at a salary fixed by the resolution, which also authorized the clerk to receive all the fees of the office; amounting it appears at the present time to about $150 per annum. This authority to appoint a clerk was never revoked, nor was the authority to the clerk to retain the fees revoked by any subsequent resolution, but as the business of the office increased and the labors of the clerk were corresponding enlarged the Supervisors from time to time passed resolutions changing the amount of salary to be paid. Edwin S. Lent, clerk of the Surrogate's Court under Judge Peck, James A. Le Seur and Fred A. Lewis, clerks by appointment from Judge North, and George MacDonald, the clerk at the present time, have all received and retained these fees, with the full knowledge of the Board of Supervisors, and with the understanding on the part of all concerned that the resolution of the board authorized them to do so. We believe that under the language of the resolution, which has never been revoked, they were entitled to the fees and that they acted within their rights in retaining the same, their action in so doing being both right and in accordance with law.

BONDS AND UNDERTAKINGS.

The criticisms of these are for the most part absolutely technical ex-

cept in the case of County Clerk Pixley whose undertaking is criticized more severely. Careful examination shows that the principal defect in this instrument is due to the omission in one place of the words "law or" which should have been included. We find that in this respect, as well as the others complained of, the undertaking of Mr. Pixley is identical in form with those given by County Clerk Hull in the years 1882, 1885, 1888, 1891, 1894, 1897 and 1900, all of which were approved by the Boards of Supervisors then in office. Mr. Pixley has voluntarily furnished a new undertaking in the exact language of the statute and desires us to bring the attention of the Board to the same that it may receive their formal approval, the bond formerly given to remain in force as well, that there may be no question of a full compliance with the law.

LEVY AND COLLECTION OF TAXES.

Upon this subject we find on examination of the abstract of taxes for the year 1905 a letter dated February 6, 1906, signed by the clerk of the Board of Supervisors, mentioning the change referred to in the Comptroller's report in the tax roll for the town of Pavilion for that year which the clerk there states is necessary to correct an error. Supervisor Wells of this committee says that this correction was necessary and was properly made. In the cases of the alleged errors in Pembroke, Alexander, Elba and Darien, we refrain from making any comment for the reason that none of these towns is represented upon this committee, and no action in those cases, if any be proper, can properly be taken until the interested Supervisors have an opportunity to be heard on behalf of their towns.

SALARY OF CLERK OF BOARD OF SUPERVISORS.

The labors of the clerk of this board, as is well known, are usually performed almost entirely during the months of November, December and January, and he has ordinarily been paid his full compensation by the end of this period. The last salary payment of February 28, 1908, $200, to Mr. Parker, was made under the following circumstances. The order was presented by the collector of the town of Elba, having been turned over to him and allowed by him in payment of taxes during the time that Mr. Parker was clerk of the Board of Supervisors and when he had authority to draw the order. The order was in regular form and recited that it was drawn by order of the Board of Supervisors. It "was regular upon its face and constituted a sufficient authority for the treasurer to make payment;" the county treasurer paid it, as the learned examiner for the Comptroller would no doubt have advised him to do under the statement of

the law concerning such orders found on page 22 of the printed report, middle of the page. Even assuming the county treasurer could have refused payment to Mr. Parker, he could not well do so to the party who had cashed the order while Mr. Parker was clerk. We are not implying that the payment was not proper upon the merits but we simply answer the remarks of the Comptroller as to any legal impropriety in its payment.

ACCOUNTS OF THE SUPERINTENDENTS OF THE POOR.

These accounts are stated to have been improperly kept, in the opinion of the Comptroller, but the latter specifically admits that a voucher or receipt of some kind was found on file for practically all reported disbursements (page 64) and also that all the moneys received by the superintendents and the keeper have been accounted for at the end of each year, so far as can be ascertained from the books (page 65). No contention is made that the county has been defrauded of a penny. It is stated that the superintendents have no power to carry any money on hand, but that all moneys must be deposited with county treasurer. Section 3, subdivision 14, of the Poor Law, provides that the county superintendents of the poor shall "pay over all moneys remaining in their hands within fifteen days after the expiration of their terms of office to the county treasurer or their successors." This seems clearly to imply a right of the superintendents to carry moneys belonging to the county in their hands. All of them are under bonds to properly account for such moneys and have accounted for the same. We understand from them that they frequently advance from their own pockets money to pay bills due from the county and that as a matter of fact the county is more often in debt to them than they are to it. The question is therefore simply one of bookkeeping and as we have shown the Comptroller apparently has power to prescribe a different system of keeping accounts for the superintendents, if he deems it wise to do so, in which case he should under the law formulate a uniform system for all the counties in the State. If he does nothing of that kind and this board deems a different method of keeping accounts desirable it can, of course bring the matter to the attention of the superintendents through the regular committee.

SUMMARY.

We think we have sufficiently for all practical purposes covered every item of criticism made by the comptroller in his report. The impression of mismanagement and wrong doing on the part of the Board of Supervisors of this county and the various county officers which it endeavors to convey is wholly unjustified and unsupported by the facts. We believe that the

fiscal affairs and business of this county for years past have been conducted economically and with the utmost regard to the rights of the taxpayers, as well as with fairness and justice to the officials.

It has been and is the custom in many counties of similar size to pay for public improvements by issuance of bonds. That practice has never been followed in this county, at least not within the recollection of the present generation. During the past seven years the following sums have been raised by the county for substantial and much needed public improvements, all of which have been paid for in full, not one penny of indebtedness remaining on account of the same, (except unsettled balance for state road, more than sufficient to pay every dollar claimed on account of which is now in the county treasury) nor has the rate of taxation at any time during that period been burdensome:

1901—County Jail	$20,000.00
1902—County Jail	30,000.00
1903—County Jail	4,263.40
1903—County Home	8,000.00
1904—County Home	15,523.11
1907—State Road	17,500.00
Total	$95,286.51

We do not believe any county in the state can show a better record in this respect, nor has our attention been called to the case of any county which can show as good a one.

In 1907 the average state, county and town tax in the several towns of Genesee County, which tax included the tax for highways, under the money system, in four towns, the construction of two bridges in Batavia, and $24,850 for state road, was $6.00 per $1,000; in Wyoming County for the same year it was $6.30; in Orleans County for the same year it was $8.86; in Niagara County for the same year, excluding all taxes raised for highways under the money system in the towns and all moneys raised to apply on railroad bonds, it was $6.89. In the county of Genesee in 1906, there being no such unusual county charges as was included in 1907, the state, county and town tax rate was $4.88.

This should show the taxpayers whether or not their servants are doing their duty. If the learned and presumably fairminded Comptroller can show us a county which is producing better results we shall be most happy

to obtain the information and we have no doubt that this board will make every effort to learn in what manner the results are obtained, and to adopt the methods employed if they are proper and lawful.

All of which is respectfully submitted.

Dated, November 16th, 1908.

ARCH McVEAN,
JOHN THOMAS,
W. B. DAVIS,
LOUIS H. WELLS,
J. A. BISSELL,

COUNTY HOME—REPORT OF COMMITTEE ON.

The Special Committee on Inspection of the County Home presents the following report, which was read by the Clerk, and upon motion of Supervisor Davis, was received and ordered published with the proceedings:

To the Honorable, the Board of Supervisors of Genesee County:

GENTLEMEN:

Your Committee appointed to draft resolutions regarding the annual visit to and inspection of the Genesee County Home most respectfully submit the following:

The Board assembled on the morning of June 13th and inspected the main building and dormitories. The equipments were found adequate. The rooms are well lighted, well ventilated and sanitary. After dinner at one o'clock the Board met in session and when concluded made an inspection of the farm.

All of the buildings have the great advantages of a fine site and healthful location. The accounts and audits are correct and are posted each day.

There has been 98 inmates during the year and the cost of maintenance has been $9,486.14 including every expense. In an adjoining County, Wyoming, the cost of maintenance has been $14,742.07 having 67 inmates for the same period, giving an average of about $100 per inmate as against $220.

Order, neatness and kindness to the inmates prevail and all of the conditions found were satisfactory in every respect justifying the very complimentary report of State Inspector Hall and we think the people of Genesee County may be pleased to know that in Mr. Hart we have capability, honesty and all the qualifications of a first-class Keeper, and that every dollar received for this Institution is wisely expended and properly accounted for.

HOMER A. WEEKS,

PROCEEDINGS—CONTRACT FOR PUBLISHING.

The Committee appointed to make a contract for printing the proceedings presented the following contract, which was approved and ordered published in the proceedings:

This agreement made this 8th day of December, 1908, between the Committee of the Board of Supervisors of Genesee County on Publishing Proceedings of the Board, of the first part, and Fix & Fix of the second part, witnesseth: That the said Fix & Fix agrees to print and deliver at their office in Batavia, N. Y., four thousand copies (4,000) of the Proceedings of the Board, properly indexed, on or before the first day of March next, according to the attached specifications, subject to the approval

of the Commiittee of the Board, for the sum of two dollars and twenty-four cents per page ($2.24 per page), said price to be full compensation and cover all cost of printing and binding at their office.

And the said Fix & Fix agrees that they will publish in one of the leading papers of Genesee County so much of the Proceedings as may be required by law. Payment to be made on acceptance and delivery of said pamphlets in compliance with this agreement, said payment to be made by an order drawn on the Treasurer of Genesee County, and payable on the 18th day of March, 1909.

And it is further agreed that the said Fix & Fix shall forfeit the sum of five dollars ($5.00) for each and every day's delay in furnishing the said copies of the Proceedings. Said Fix & Fix agrees that the book shall not exceed the number of pages in last year's report, provided the copy shall not be more than that furnished for last year's Proceedings.

It is hereby mutually agreed that the said Fix & Fix shall be entitled to one day extra for every day they are without copy.

Paper—The paper shall be machine-finished book, 25x38, and weigh not less than 50 pounds per ream of 500 sheets.

Cover—The paper for covers shall weigh not less than 50 pounds per ream of 500 sheets, 20x25 inches.

Type—The Clerk's entries shall be set in Small Pica; resolutions, reports, communications, etc., in Brevier.

Pages—The pages of a pamphlet shall not be less than 5⅝x8¾ inches in size.

Binding—The pamphlet shall be hand-sewed with linen thread or wired stapled.

The said Fix & Fixe agree to furnish thirty cloth-bound copies of the proceedings with no additional charge for the same.

FIX & FIX.

COUNTY OFFICERS' SALARY—REPORT OF COMMITTEE.

The Special Committee appointed to investigate salaries of County Officers presented the following report, which upon motion of Supervisor Thomas was received and ordered published with the proceedings:

To the Honorable, the Board of Supervisors of Genesee County:

GENTLEMEN:

Your Committee appointed to report on salaries of County Officials respectfully submit the following:

SURROGATE'S STENOGRAPHER.

Maximum salary allowed by law is $1000.00. Duties are to take all Court detail matters, including Stenographer's work in Surrogate Office. Salary given is $900.00.

COUNTY TREASURER.

The fees and salary received by the County Treasurer is about $2,400.00. The fees are about $400.00 this year in excess of what they usually are on account of change of Excise fiscal year. Licenses having been issued in May and also in October.

CLERK OF THE BOARD OF SUPERVISORS

Salary was $500.00. Wyoming County Clerk received $600.00 and this year raised to $750.00.

SCHOOL COMMISSIONER.

Some of his County duties are to consult and advise with teachers and trustees as to the best way to conduct and improve the conditions of the schools, to hold meetings of teachers and trustees on Saturday afternoons

about ten times during the school year. To be able at all times to supply schools with qualified teachers. To hold Teacher's Institute, to visit, inspect, supervise and report to the Department from day to day the 124 districts of the County embracing in all about 220 rooms with 224 teachers.

Receives from the State $1000.00, from the County $400.00 and for expenses $200.00 with office rent, etc.

COUNTY JUDGE AND SURROGATE.

Salary $2,500.00. Your Committee examined the Fee Book of the Surrogate and found no entries. No fees were ever received.

SURROGATE CLERK.

Yearly average of Intestate and Testate Estates is from 226 to 230. Judicially closed estates 95 to 103. Many of these are poor estates and have not enough money to pay an attorney. Duties are to issue Petitions and probate Citation an order for publication of same. Then making up Citations and Order, mailing to relatives and many times making waivers in the estates. When Will comes to probate a special guardian is appointed and entered upon records, all of the above are recorded and indexed. Sometimes Petition for Administration with the Will annexed, Bond to be prepared, also indexed and Bond recorded.

Code provides that he can charge for every Administrator's Bond $.50. Sureties $2.00 to $3.00. Other counties do it. No charge here. Code also allows $25.00 for preparing a Judicial account and decree, usual charge here $5.00. Will average five accounts during the year. All records of the Surrogate's Court are in his care and by law he is held accountable for them. All Wills, Bonds, Court Orders, Letters Testamentary and Administration issued, Transfer tax orders and miscellaneous matters are to be entered upon record on separate books and compared.

Fees for certifying records .....$.25
Exemplifications of record .....$.50

Fees in 1901 were $159.10 and in 1902 they were $173.70, averaging $150.00 to $160.00. Fees examined by your Committee from September 1st to November 30th this year amounted to $16.00 in all.

Livingston County pays $800.00 and fees making total of $1200.00, Orleans County pays $800.00 and fees, but no charge for recording, administrators Bond, making total of about $1100.00. Genesee County pays $600.00 and fees averaging a total of $750.00. A great deal of work has been

done for the people of Genesee County for which the Surrogate's Clerk has made no charge and we most respectfully call the attention of this Board to this point and his competency.

BATAVIA-EAST PEMBROKE HIGHWAY RESOLUTIONS FOR

Supervisor Thomas offered the following resolution:

Whereas the Board of Supervisors heretofore and on the 29th day of August, 1908, filed a protest with the State Engineer against the acceptance of Pembroke-Batavia Road No. 586 at the time of filing which protest the board had no copy or detailed knowledge of the contract relating to said road entered into between the said engineer and the contractor; and whereas the State Engineer has not yet given a hearing on said protest and the board has recently obtained a copy of the said contract and has been attended by the contractor and heard his claim in regard to the contract and the fulfillment thereof by him; and whereas it is deemed for the best interests of the county and of all concerned that the proposed contract hereto annexed be entered into on behalf of the county with the said contractor and that the work in said contract hereto annexed agreed to be done by said contractor will when completed effect a substantial compliance with the terms of the contract with regard to said road heretofore made by said Knickenberg.

Resolved, That the Chairman and Clerk of this Board be authorized and directed to execute said proposed contract with the said Knickenberg; and further

Resolved, That the County Treasurer on receiving from said Knickenberg the sum of $250 in accordance with and for the purpose mentioned in said proposed contract be authorized and directed to pay the requisition now in the hands of the contractor for $3,607.50 being for balance of contract price of said road; and further

Resolved, That on the execution of the said contract the protest against the acceptance of said road heretofore filed with the State Engineer be withdrawn and the chairman and clerk of this Board notify the State Engineer to that effect.

This Agreement made this 9th day of December, 1908, between Fred W. Knickenberg hereinafter called the contractor of the first part, and County of Genesee hereinafter called the county of the second part, **Witnesseth:**

Whereas the contractor has heretofore constructed Road No. 586 in the Town of Batavia and County of Genesee pursuant to a contract for said work executed between the contractor and the State Engineer; and whereas the State Engineer on the 14th day of August, 1908, gave notice to the Board of Supervisors of the County that he would accept said work in behalf of the State and County within twenty days thereafter unless protest in writing was filed with him prior to that time by the Board of Supervisors; and whereas within said period of twenty days the Board of Supervisors of the County duly filed a protest against the acceptance of said road with the State Engineer; and whereas said protest has not yet been heard although frequent requests for such hearing have been made on behalf of the county; and whereas there is now outstanding and in the hands of the contractor a requisition by the state engineer on the county for the sum of $3,607.50, which constitutes the entire balance due from the county to the contractor on account of said road in the event that said road has been or shall be completed according to contract; and whereas the said contractor in order to obtain payment of said sum at this time is willing to make the repairs and additional construction in said road hereinafter referred to and the county is willing if said contractor does so to withdraw its protest; now therefore in consideration of the premises and of one dollar by each of the parties to the other in hand paid, receipt of which is acknowledged, and of the mutual covenants and agreements herein contained the parties do severally agree as follows:

The contractor agrees that he will prior to the first day of July, 1909, construct proper and permanent drainage for the land on the north side of said road commencing at a point east of the highway running north and adjacent to the property known as the Willow Bend Inn to the end that that part of the highway north of the travelled portion and east of said north and south road shall be afforded a proper system of drainage and the water therein shall be drained into the Tonawanda Creek below the Bushville dam. The contractor also agrees to construct a proper driveway or approach from the said road to the so-called McWain place on the south side of the highway with proper drainage thereunder. The contractor also agrees to repair the approaches or driveways leading from the road to the Redfield place, the Stievater place, the Frank Meyers place and the L. L. Shepard place so as to avoid the existing defects in said driveways and make the same smooth and proper and with proper drainage underneath. The contractor agrees to do all of said work without charge and as a

completion of contract on said road and also that he will leave with the county in the hands of the County Treasurer the sum of $250 until the completion and acceptance of said work herein agreed by him to be done.

The county agrees that on the execution of this agreement and the deposit of the said sum of $250 by the contractor, the county will withdraw its said protest and will cause the said balance of $3,607.50 to be paid to the contractor on his filing the said requisition duly endorsed.

It is mutually agreed that if the said work is completed and the county notified of its completion on or before the first day of July, 1909, the said work shall be inspected by the Board of Supervisors of the county or a committee to be appointed for that purpose and if the said work so agreed to be done by the contractor is found to be in all respects according to this contract and satisfactory to the said board then the aforesaid sum of $250 shall be paid by the County to the contractor. If the said work shall not be completed and accepted as aforesaid on or before the first day of July next the said sum of $250 shall belong absolutely to the county and the contractor shall have no further right or interest of any nature therein.

Witness the hands and seals of the parties the day and year first above written.

District Attorney Coon presented the following claims for Grand Jury Stenographer's services:

STATE OF NEW YORK,
County of Genesee, } ss.:

Harry E. Weldgen, being duly sworn, says: That on September 14th, 1908, deponent was duly appointed in writing as stenographer for the Grand Juries of the County of Genesee, by virtue and according to the provision of Chapter 348 of the Laws of 1885 as amended by Chapter 222 of the Laws of 1907 and of Chapter 587 of the Laws of 1907, which appointment was duly filed and recorded in Genesee County's Clerk's Office on that date. The deponent qualified, took the oath of office and entered upon the discharge of his duties upon that date, as required by provisions of law.

That pursuant to said Section 1 and pursuant to the direction of the said District Attorney, that deponent attended all sessions of the Grand Jury for the September term of the Supreme Court of Genesee County, from September 14th, until September 18th, 1908, inclusive, and there took stenographic minutes of all the minutes offered before the said Grand Jury. That deponent acted as clerk and assistant to said District Attorney in the presentation of criminal cases to the said Grand Jury and was necessarily

employed during such session of the Grand Jury from about 8 o'clock in the morning until 12 o'clock noon, and from 1 o'clock in the afternoon until 5 o'clock in the afternoon. That such services were reasonably worth $10 per day.

That deponent furnished to said District Attorney 448.4 folios of the testimony taken by deponent. That said services in furnishing said testimony, were reasonably worth $.10 per folio, which last named amount deponent believes in the amount allowed to stenographers of the County Court of Genesee County.

That the County of Genesee is now indebted to the services above mentioned as follows:

Five days work at $10.00	$50.00
448.4 folios at $.10	44.84
Total	$94.84

Paid December 12th, 1908.

That no part of the same has been paid to the deponent by the County of Genesee, and the same is now due and owing to the deponent, and that there is no counter-claim or offset to same nor to any part of the same, and that said bill, nor any part thereof, has been presented to any board or official for audit, allowance or payment.

HARRY E. WELDGEN.

Sworn to before me this
12th day of December, 1908.
John Thomas,
Notary Public.

Batavia, N. Y., Dec. 12th, 1908.

I certify that Harry E. Weldgen performed the services specified in the aforesaid affidavit.

W. H. COON,
District Attorney of Genesee County.

STATE OF NEW YORK,
County of Genesee, } ss.:

Karl J. Benton, being duly sworn, says: That he is a resident of the

Village of Batavia, County of Genesee, New York. That deponent commenced work and was a stenographer and clerk for William H. Coon, District Attorney of Genesee County, and as stenographer for the Grand Juries of the County of Genesee on March 13th, 1908. That by the deponent's agreement with the said District Attorney, he was to be officially appointed in writing stenographer for the Grand Juries of Genesee County at such time as he was able to demonstrate his ability to do the work required by such position.

That on May 23rd, 1908, deponent was duly appointed in writing as stenographer for the Grand Juries of the County of Genesee, by virtue of and according to the provisions of Chapter 348 of the Laws of 1885 as amended by Chapter 222 of the Laws of 1907 and of Chapter 587 of the Laws of 1907, which appointment was duly filed and recorded in Genesee County Clerk's Office on that date. That deponent qualified, took the oath of office and entered upon the discharge of his duties upon that date, as required by the provisions of said Law.

That according to the provision of Section 1 of said act and according to the direction of said District Attorney, deponent attended upon and transcribed the testimony given at examinations in criminal actions before Justices of the Peace and the Batavia Police Court, on about 24 days, and transcribed the testimony taken in said examinations upon said days for the use and benefit of the District Attorney aforesaid, which examinations were held on different days between March 13th, 1908, and July 1st, 1908.

That pursuant to said Section 1 and pursuant to the direction of the said District Attorney, deponent attended all the sessions of the Grand Jury for the June term of the Supreme Court of Genesee County, from June 1st until June 6th, 1908, inclusive, and there took stenographic minutes of all of the minutes offered before the said Grand Jury. That deponent drafted all of the indictments, and several copies thereof, returned by the said Grand Jury, and also acted as clerk and assistant to said District Attorney in the presentation of criminal cases to the said Grand Jury. That deponent was necessarily employed during the said week of the session of the said Grand Jury in personally assisting the said District Attorney in the preparation and completion of the work done before the said Grand Jury from about 8 o'clock in the morning until 12 noon, and from 1 o'clock in the afternoon until 5 o'clock in the afternoon, and from 7:30 o'clock in the evening until 10 o'clock in the evening of some evenings, and others until 1 o'clock in the morning. That such services, as set forth in this paragraph, performed during the week of said Grand Jury, are reasonably worth $10.00 per day.

That deponent furnished to said District Attorney 951.6 folios of the testimony taken by deponent. That said services, in furnishing said testimony, were reasonably worth $.10 per folio, and which last named amount deponent believes is the amount now allowed to stenographers of the County Court of Genesee County.

That the County of Genesee is now indebted to the deponent for services above mentioned as follows:

6 days works at $10.00	$ 60.00
951.6 folios at $.10	95.16
Total	$155.16

That no part of the same has been paid to deponent by the County of Genesee, and the same is now due and owing to deponent, and that there is no counter-claim or offset to same, nor to any part of same, and that said bill, nor any part thereof, has ever been presented to any board or official for audit, allowance or payment.

We also recommend that all moneys received or raised for poor purposes

shall be paid over to the County Treasurer and that the County Treasurer shall pay out said moneys on orders properly issued by the Superintendents of the Poor, and further recommend that the fiscal year end September 30 instead of October 31 as heretofore.

During the past year there has been raised on the County Home farm 116 bushels of wheat, 600 bushels of oats, 1500 bushels of potatoes, about 175 tons of hay, 150 bushels of carrots, 250 bushels of beets, 300 head of cabbage, about 150 bushels of onions, about 100 bushels of corn, ensilage corn enough to fill silo, 181 barrels of apples and small garden truck for institution's use. We have on the farm 6 work horses, 1 brood mare, 1 two-year-old colt, 1 yearling colt and 1 colt six months old, 30 cows, 54 hogs and pigs, 100 hens. We have newly shingled tool barns, repaired roof on part of men's building, repaired one hog pen, also put in new cement floor in same; other minor repairs, also considerable painting on interior of buildings.

We most respectfully recommend the following appropriations to defray the poor expenses during the coming year.

Appropriation	$7500.00
Physicians' services	225.00
Religious services	100.00

All of which we most respectfully submit.

CORTLAND CROSMAN,

An increase over last year of $1.77 a month.

While no new school houses have been erected during the year, two of the districts have voted to build, and one of those has practically completed its school at the present time. Many of the districts have continued the good work of repairing and otherwise improving the condition and appearance of their buildings and grounds. Most of the districts throughout the County, having lately furnished their schools with full sets of wall maps, are continueing the work, by obtaining for the use of their schools and communities considerable additions to their libraries, the result of which will be very material increase in the efficiency and usefulness of our district schools.

All of which is respectfully submitted.

MONROE COUNTY PENITENTIARY—CONTRACT WITH.

Following is the contract made with Monroe County Penitentiary by the Clerk for the keeping of Genesee County's prisoners:

This Agreement, made this 14th day of Dec., 1908, between the board of Supervisors of the County of Monroe, in the State of New York, of the first part, and the Board of Supervisors of the County of Genesee, in said State, of the second part.

Witnesseth: That said first party, in consideration of the covenants and agreements on the part of said second party, hereinafter mentioned, does hereby covenant and agree with said second party to receive and keep in the Monroe County Penitentiary, any person or persons not idiotic, insane, crippled or incapacitated for labor, from age, sickness, or any other cause, who may be sentenced between the 1st day of April, 1909, and the 1st day of April, 1910, by any duly authorized Court or magistrate in said County of Genesee, in this State, to confinement at hard labor in the Monroe County Penitentiary for not less than sixty days, and who shall be conveyed to said Penitentiary by the Sheriff or other proper officer of said County of Genesee with....days from the time of receiving such sentence, for and during the full term of such sentence, unless sooner discharged according to law, or by executive pardon.

In consideration whereof, the party of the second part hereby agrees to pay the party of the first part the sum of two dollars per week for the maintenance of each prisoner sentenced and committed to the said penitentiary and actually received therein, before the first day of April,

1910, for the full term of sentence each prisoner shall have received. It is further understood and agreed by the said parties that the account of the said County of Monroe shall be made out in the month of September, of each year, for the maintenance of all prisoners received before the first day of October, of each year, from said County, and confined in the said Penitentiary, and that said account shall be forwarded to the said party of the second part, with the usual affidavit attached and sworn to by the Superintendent or one of the Inspectors of said Penitentiary; and the party of the second part agrees to audit the said account at the price per week set forth in the contract, and issue a warrant therefor drawn upon the Treasurer of the County of Genesee, and the same shall be delivered to said Superintendent of Inspectors of said Penitentiary. It is further agreed that when fines are paid at the Penitentiary, the same shall be retained and belong to said Pententiary.

It is further agreed that the County of Genesee be put to no other or further expense with reference to said prisoners so received in said Pententiary, than as hereinbefore mentioned. Except it is agreed that said County of Genesee will repay to the Penitentiary the amount advanced its discharged convicts to return to said County if residents thereof, and if not residents a sum not exceeding $1.50 may be advanced to discharge persons for railroad fare.

It is further agreed by the parties hereto that if from the prevalence of contagious disease, total or partial destruction of said Penitentiary by fire, or the elements, or from any cause, the Inspectors of said Penitentiary shall deem it necessary, for any given time to decline to receive prisoners sentenced as aforesaid, a notice in writing, personally served on the Clerk of the Board of Supervisors, of said County of Genesee, ten days before the time fixed for declining to receive such prisoners, shall release the party of the first part from any obligation imposed by the contract, during the time stated and set forth in the notice so given. If State should purchase Penitentiary contract could be revoked by first party.

It is further agreed, by the party of the second part, that all persons so sentenced, as aforesaid, in the County of Genesee, shall be transferred to the Monroe County Penitentiary within....days after their sentence.

In Witness Whereof the party of the first part, by the Superintendent of Monroe County Penitentiary, and thereunto duly authorized, and the party of the second part, by their Clerk or Committee, thereunto duly

authorized, have hereunto set their hands and seals, the day and year first above written.

CHAS. A. WEBSTER,
Superintendent of Monroe Co. Penitentiary.

JOHN W. MULLEN,
Clerk of the Board of Supervisors of Genesee County.

Highway, Bridge and Miscellaneous Report.

Of the Town of Bethany, County of Genesee, 1908.

For the improvement, repair and maintenance of public highways, repair and construction of bridges, laying out or altering roads, removing obstructions caused by snow, and the purchase of machinery, tools and implements, etc.

Section 27 of the Highway Law reads as follows:

Section 27. Reports to State Engineer.—The supervisor and the highway commissioner or commissioners of every town receiving State aid pursuant to section 53 of the highway law, shall annually upon the day of the annual settlement between the town board, or the board of auditors, if there be one, and the supervisor make a verified report to the State Engineer in form to be prescribed by him, showing the total amount of money received during the preceding year for the construction or maintenance of highways or bridges or for other highway purposes, indicating the source thereof, together with all expenditures for the improvement, repair and maintenance of highways, for the repair and maintenance of bridges, for the construction of new bridges, for damages and charges in laying out or altering highways, for the removal of obstructions caused by snow, for the rebate of highway taxes, for the purchase of machinery, tools and implements, for highway commissioner's salary or per diem allowance, or for any other highway purpose, and also showing the machinery, tools and implements owned by the town and the districts thereof and the estimated value of the same. The State Engineer may also require additional information from any other town officer in such form as he may deem necessary to carry into effect the purposes of this section. A certified copy of such report shall also be filed by the supervisor with the clerk of the Board of Supervisors who shall cause the same to be printed in the next issue of the annual proceedings of the Board of Supervisors. The town board shall cause a certified copy of the report to be published in a newspaper published in the town, or if no newspapers is published in the town, then it shall cause such publication in a newspaper published within the county and having the greatest circulation within the town. The expense of such publication, which shall not exceed ten dollars, shall be a town charge. The clerk of the Board of Sup-

ervisors shall transmit a printed copy of the journal of proceedings of the board containing such report to each, the comptroller and the State Engineer and surveyor.

SALARY OF COUNTY CLERK—REPORT OF COMMITTEE ON.

Supervisor McVean, chairman of the Committee to investigate salaries of the different County Clerks throughout the State, made the following report:

An Act.

To make the office of County Clerk of Genesee county a salaried office and regulating the management of said office and fixing the salary of said clerk and his assistants.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1—The clerk of the county of Genesee hereafter elected or appointed and thereafter to be elected or appointed shall receive as compensation for his services an annual salary of twenty-four hundred dollars, which salary shall not be increased or diminished during the term for which said clerk shall have been elected or appointed.

Section 2—It shall be the duty of the said clerk to perform all services which he is or shall be required or authorized by law to perform by virtue of or by reason of his holding such office for the state, for the county and for individuals, including his duties as clerk of every court of which he is or shall be clerk and also his duties as clerk of the board of county canvassers, and no compensation, payment or allowance shall be made to him for his own use for such services except the salary aforesaid. Blank books, stationery and other necessary supplies for the use of said office, and for the official use of said clerk and his assistants in said office shall be purchased upon the credit of the county of Genesee, and itemized bills therefor, duly verified, shall be presented to the Board of Supervisors in the same manner as for other claims against such county. The Board of Supervisors shall allow and there shall be paid to the county clerk all expenses necessarily and actually incurred by him and his assistants in the performance of his official duties, including postage and expressage paid by him in conducting the affairs of his office.

Section 3—All the fees, emoluments and perquisities which such clerk shall charge or receive, or which he shall legally be authorized, required or entitled by law to charge or receive, shall belong to the county of Genesee. It shall be his duty to exact, collect and receive the full amount allowed by law of all such fees, emoluments and perqusities for said county, except for searching and certifying title to, and encumbrances upon real property, for which he shall charge for each year for which the search is made, for each name, and each kind of conveyance and lien, a fee of three cents, which charge for seaching and certifying may be changed by the Board of Supervisors at any meeting thereof, provided such charge shall not at any time exceed the charge now allowed by law for such service. But such clerk shall not charge or receive any fees for services in pension cases, rendered for a pensioner of the United States, or an applicant for a pension. Said clerk shall require payment in advance for recording all papers left with him for record, and shall also, in each case, require payment for all other services rendered by him or his assistants in his or their official capacity by virtue of any law of this state, or by order of the Board of Supervisors of said county, or any duty that may hereafter by law be devolved upon him, as soon as the amount chargeable therefor can be ascertained.

Section 4—In a proper book or books to be provided at the expense of the county said clerk shall keep an exact and true account of all official services performed by him or his assistants, and of all moneys, fees, perquisites and emoluments received, collected or chargeable by him or them pursuant to law. Said book or books shall constitute a part of the records of said office and shall at all times during office hours be open to the inspection, without fee or charge therefor, of all persons desiring to examine the same.

Section 5—Such clerk shall make a full and true statement for each calendar month of all moneys received each day by him or his assistants for fees, perquisities and emoluments and for all services rendered by him or them in his or their official capacity and shall transmit such statement to the county treasurer of said county on or before the fifth day of each month following the month for which such statement is made. Such statement shall specify in the following order the amounts so received for the calendar month:

For recording deeds, with a statement of the total number of deeds recorded.

For recording mortgages, with a statement of the total number of mortgages recorded.

For recording other documents and papers.

For docketing judgments and cancelling dockets.

For searches and certificates therefor, with a statement of the total number of searches made.

For copies and exemplification of papers and records.

For filing papers, and for any and all other services, and shall also show the total receipts for said month. Every such statement shall have attached thereto an affidavit of said couny clerk, or his deputy, in effect that the same is in all respects a full and true statement of all moneys by him received as herein required, and at the time of rendering every such statement said clerk shall pay over to the county treasurer of the County of Genesee for the benefit of said county, the whole amount of the moneys so received by him since making the last preceding monthly statment.

Section 6—Every county clerk hereafter elected or appointed in said county shall before entering upon the duties of said office execute to the people of this state and file with the county treasurer of said county a bond in such penal sum and with such sureties as shall be fixed by the Board of Supervisors of said county. Such bond shall be conditioned that said county clerk shall well and faithfully discharge all the duties of his office and all trusts imposed upon him by law or by virtue of his office and shall safely keep and pay over to the said county treasurer as herein provided all moneys which shall come into his hands. Said bond shall be approved as to its form and sufficiency of sureties by the Board

of Supervisors, and if any such clerk shall neglect for thirty days to execute and file such bond according to the provisions of this act his office shall thereupon become vacant.

Section 7—There shall be one deputy clerk, one abstract clerk, and one copying clerk, all of whom shall be appointed by said county clerk and shall hold office during his pleasure. The said clerks shall receive the following salaries: Deputy clerk, eleven hundred dollars per annum; the abstract clerk, eight hundred dollars per annum; the copying clerk, four hundred dollars per annum. Said county clerk may also appoint such additional assistants as shall be necessary for a prompt and faithful discharge of the duties of his said office, but the compensation of such additional assistants shall not exceed in the aggregate the sum of three hundred dollars in any one year. The salaries and compensation of the said county clerk and his assistants shall be paid monthly by the county treasurer upon the certificate of the county clerk showing the amount due to each and for what.

Section 8—The deputy clerk and his assistants shall at all times perform and do all such work and services in and about the county clerk's office, and in attendance upon the several terms of court which may from time to time be held within the county of Gensee as the county clerk may from time to time direct and require, and all such clerks are to be under the direction, supervision and control of the said county clerk at all times during their and each of their periods of employment, and for all of their official acts the county clerk shall be responsible.

Section 9—Any county clerk, deputy clerk or other clerk referred to in this act who shall receive to his own use, or neglect to account for any fees, perquisities, or emoluments, by this act declared to belong to and be for the benefit of the County of Genesee, or who shall neglect to render to the said county treasurer an account of all fees received at his office, or to pay over the same as herein required, shall be deemed guilty of a misdemeanor.

Section 10—The county clerk may require bonds, subject to his approval, from his deputy and other employees in his office to secure him for the faithful performance of their duties.

Section 11—The said county clerk shall present to the Board of Supervisors annually not later than the fifteenth day of November in each year a full report, duly verified, for the preceding year ending September thirtieth, of all the receipts of the office, the amounts paid over to the county treasurer and the amounts certified by him to be due his assistants for services, which account the Board of Supervisors shall examine and if found correct audit and allow the same.

Section 12—The County of Genesee shall not be held responsible for any of the official acts or failure to act of said county clerk or any of his deputies, special deputies, assistants or other persons employed by him to assist him in the performance of his official duties, or any duties devolving upon him or them by virtue or by reason of his holding said office or appointment thereunder.

Section 13—All the provisions of law now in force regulating and governing fees, perquisities and emoluments of the county clerk of the County of Genesee, now in office, shall remain in full force and effect until the expiration of his present term of office, or until the appointment or election of his successor.

Section 14—All acts and parts of acts inconsistent herewith are hereby repealed.

Upon motion of Supervisor Davis:

Resolved, That the discussion of the matter before the Board be deferred for the time being.

JOHN THOMAS—REPORT OF SPECIAL COMMITTEE.

After the call had been read by the Clerk the Committee appointed to examine the rolls in the town of Batavia, in reference to the conduct of John Thomas, Ex-Supervisor, presented the following report:

To the Honorable, the Board of Supervisors of Genesee County:

Your committee on the examination of the condition of the tax rolls in the town of Batavia and in reference to the conduct of John Thomas, late supervisor of that town, concerning said rolls, submit the following report of the result of their investigations up to this time.

The tax rolls of the town of Batavia, commencing with the year 1892, when Mr. Thomas first became supervisor, and continuing to and including the year 1907, have been footed, once to obtain the total assessed valuations of the town in each year, and again to find the total tax as extended. These computations have made necessary the examination and checking of about 125,000 items, which shows something of the magnitude of the task. Except in the year 1893 Mr. Thomas, acting as agent for the collector elected by the people, collected the tax at his store, and during each of these years (except 1893) irregularities were found to exist showing that the assessed valuation in the town was larger than that reported to the board, upon which report the tax rate was based, and consequently that a sum larger than called for by the tax warrant was collected upon the roll. We have arrived at these sums of excess collections in two ways: first by ascertaining the excess of assessed valuations on the roll over that reported to the board and on which the tax rate was based, and multiplying the result by the tax rate; and second, by adding the extensions of the tax on each roll and comparing it with the amount called for by the warrant.

The following table shows the result of the examination by the first method, the total of reported valuations and the tax rate being taken from the printed volumes of proceedings of the Board of Supervisors for each year:

Year	Total Valuation—Actual ..	Total Valuation—Reported	Surplus—Actual—Over-Reported	Tax Rate	Excess of amount of taxes collected based on valuation and tax rate .....
1892	$4,852.630	$4,837.430	$ 15,200	$6.33	$ 96.22
1894	5,041.770	4,983.870	57,900	6.91	400.09
1895	5,225.545	5,122.545	103,000	7.73	796.19
1896	5,383.749	5,274.949	108,800	5.38	585.34
1897	7,356.698	7,241.348	115,350	4.752	548.14

The following table shows the result of the examination by the second method, the amount of the collector's warrants being taken from the assessment rolls. In this table the year 1903 is omitted, the only roll for that year found in the county treasurer's office being one of the assessed valuations, without extensions of tax:

Year.	Total Tax Extensions on Roll.	Total Amount of Warrant of Collector.	Difference.
1892	$30,992.37	$30,883.23	$ 109.14
1894	35,531.10	34,796.25	734.85

The total discrepancy, or excess of collections, by the first method

appears to be $15,819.53; and by the second method $19,662.83. It seems clear therefore that the shortage is not less than the sum first mentioned. It also seems clear that the larger sum includes duplications on various of the rolls, probably made in the course of collection, apparently in cases of chanegs of ownership and very likely for the purpose of assisting the assessors in their work on succeeding rolls, and perhaps other items not properly to be classed as shortages; and this leads us to believe that while the total shortage is not less than that shown by the first method, it is less than that shown by the second method. The excess, if any, over the first method (and we are not now prepared to say that there is any such excess) must be comparatively small. It cannot be absolutely ascertained except by a very intricate and expensive process of computation; and it would now seem that this should more properly be undertaken at a time when all parties interested in the result can be represented, and a final result obtained, rather than to have the work done twice.

In 1893 Thomas Yates was collecter. Mr. Thomas did not collect the tax in that year, and there appear to be no discrepancies in the total of the asessed valuations on the roll from that reported, nor in the total of taxes extended from the sum called for by the warrant. The 1908 roll is still outstanding, being handled by the collector, Mr. Sennate, and his bondsmen, Messrs. D. W. Tomlinson and H. T. Miller of the Bank of Batavia. Our information is to the effect that from 1892 until the present year (with the exception of the year 1893) the connection of the various collectors with their duties was entirely nominal, all the collections and settlements being made by Mr. Thomas. The collectors during these years were as follows: 1892, Jeffrey W. Gardner; 1894, George Shafer; 1895, William F. Miller; 1896, John Redshaw; 1897, John Porschet; 1898, Frank Jacquith; 1899, Charles H. Lafler; 1900, 1901, John McNish; 1902, Edward A. Thomas; 1903, 1904, Williard Quance; 1905, 1906, James A. Edmunds; 1907, Robert Sennate.

The board is already advised of the transfer of property of Mr. Thomas's family and the agreement made by the present holders thereof, Messrs. Miller and Tomlinson, that the proceeds of the same shall be used to make restitution of the moneys taken by Mr. Thomas. This agreement provides for the payment of Mr. Thomas's business debts as well as the amounts unlawfully taken by him, no preference being given by the law to one class of obligations over the other. We are informed that these business debts are less than $325 and will be of little consequence in the final adjustment of the matter.

We are also informed that a very careful examination of the accounts of Mr. Thomas as supervisor of the town of Batavia, commencing January 1, 1905, made by an expert accountant under the direction of the town board, and lasting several weeks, shows but a small apparent shortage. The proceeds of the property referred to should therefore go very far towards making up all shortages which exist growing out of the relations of Mr. Thomas with the public.

District Attorney Coon has appeared before your committee and has been accorded every assistance which has been requested by him in

the matter of the criminal proceedings pending against Mr. Thomas. He has obtained a warrant charging Mr. Thomas with the commission of a felony, which is in the hands of the sheriff, and these officials have used, and are employing, the usual methods through the police authorities of this and other countries for the apprehension of Mr. Thomas, a reward of $500 being offered for his arrest and detention.

The system used by this board in dealing with tax rolls is, we believe, the same which has been in vogue for at least forty years. That it affords opportunities for dishonesty in cases where the supervisor of the town is also the acting colector of the tax—a condition which very rarely exists—is shown by the circumstances in this case. Mr. Thomas's peculations apparently began in 1892 and while they continued the Board of Supervisors has had at different times over fifty different individuals as members, and from time to time different clerks. This shows that the system, and not its administration, is responsible for what has occurred. We recommend that an additional standing committee of this board be created, to be known as the committee for verification of assessment rolls, to consist of five members, whose duty it shall be to compute the totals of assessments in each town, or have the same done under its direction, and to report in writing to the full board before the annual equalization table shall be adopted, and that no member of such committee shall take any part in the computations on the roll in his own town. We believe that this plan if adopted will prevent any possibility of a repetition of the practices which have just come to light.

In setting forth the facts in this matter as they appear to us at this time we of course do so without prejudice to the rights of the county or any municipality or individual as they may hereafter appear to exist.

All of which is respectfully submitted.

Dated, April 1st, 1909.

GEORGE E. PERRIN,
W. B. DAVIS,
J. M. PECK,
L. H. WELLS,
J. A. BISSELL.

Upon motion of Supervisor McVean the Board recessed to 2 o'clock p. m.

Afternoon Session.

Upon motion of Supervisor McVean:

Resolved, That the report of the committee on the examination of the condition of the tax rolls in the town of Batavia and in reference to

the conduct of John Thomas, late supervisor of that town, concernig said rolls covering the result of the investigations of the committee up to this time be received and placed on file and published with the report of proceedings of this board.

Carried.

STATE HIGHWAY THROUGH GENESEE COUNTY.

Upon motion of Supervisor Haskell:

Whereas, Route 6 of Section 120 of the Highway Law of 1908 provides for the construction of a state highway at the sole expense of the state running from Albany to Buffalo, the western part of which state highway is to run by the way of Batavia to a point to be determined by the state highway commission on the dividing line between Erie and Genesee counties and thence westerly to the City of Buffalo; and whereas an improved highway has already been constructed from the village of Batavia to the line between Batavia and Pembroke at East Pembroke and a continuation of said improved highway through the town of Pembroke on the same highway extended west to the Erie county line will reach the highway already improved from said point at the Erie county line to the city line of the City of Buffalo.

Resolved, That the State Highway Commission be requested to at once construct or improve as a state highway at the sole expense of the state the section of road through the town of Pembroke aforesaid running from the junction of the improved highway in the town of Batavia which extends from the village of Batavia to the Pembroke line and thence westward until it joins the improved highway commencing at the Erie county line and continuing through the village of Clarence, the village of Williamsville and to the city line of the City of Buffalo.

Carried.

VERIFICATION OF ASSESSMENT ROLLS—COMMITTEE ON.

Upon motion of Supervisor Davis:

Resolved, That an additional standing committee of this board be created to be known as the Comittee for Verification of Assessment Rolls to consist of five members whose duty it shall be to compute the totals of assessments in each town or have the same done under its direction and to report in writing to the full board before the annual equalization table shall be adopted and that no member of such committee shall take any part in the computation on the roll in his own town, the said committee to be appointed by the chairman of this board.

All of the Supervisors voting in the affirmative, the motion was declared carried.

The Chairman gave notice that he would appoint the committee later.

SCARFF FARM—PURCHASE OF.

The County Superintendents of the Poor appeared before the Board and recommended that the County buy the Scarff farm and exchange the west part of the Scarff farm for the east part of the Winters farm, as that would enable the County to take care of all of the sewerage from the County Home on their own land. They stated that the deal could be made at a cost not to exceed $1,600.00.

Upon motion of Supervisor Perrin the Board went into a committee of the whole to consider the matter.

The Board reconvened and Supervisor Fleming, chairman of the committee of the whole made the following report:

To the Honorable the Board of Supervisors of Genesee County:

Gentlemen:—The committee of the whole recommends that the County Superintendents of the Poor be empowered and instructed to purchase the Scarff farm in Bethany and exchange the west part of the Scarff farm for the east part of the Winters farm as the Superintendents recommend at a cost not to exceed $1,600.00.

Upon motion of Supervisor McVean:

Resolved, That the report of the Committee of the whole be accepted.

Carried.

Upon motion of Supervisor Perrin:

Resolved, That the report and recommendations of the Committee of the whole be adopted.

Carried.

Upon motion of Supervisor Perrin:

Resolved, That Sixteen hundred dollars, or so much thereof as shall be necessary, be appropriated from the Contingent fund to pay for the Scarff farm, and make the exchange for part of the Winters farm as re-

commended by the Superintendents of the Poor, and that the County Treasurer be instructed to pay the same.

All of the Supervisors voting in the affirmative the motion was declared carried.

Upon motion of Supervisor Peck the Board adjourned.

Fifth Day.

May 3rd, 1909.

The board met in regular Bi-monthly Session with all of the members present. Chairman Wells presiding.

The journal for March 4th and 9th and for the Special Session April 1st were read and approved.

Upon motion of Supervisor Davis:

Resolved, That the question of appointing a County Superintendent of Highways be made a special order for 2:10 p. m.

Upon motion of Supervisor Peck the Board took a recess to 1:30 p. m.

Afternoon Session.

The Board was called to order by the Chairman at 1:30 p. m., after which the motion of Supervisor Davis fixing the hour at 2:10 p. m. for the appointment of County Superintendent of Highways was voted on and declared carried.

SUPERINTENDENT OF HIGHWAYS—RECONSIDERATION OF SALARY.

Upon motion of Supervisor Perrin:

Resolved, That the resolution of this Board passed January 4th,

1909, fixing the salary of the County Superintendent of Highways be reconsidered, and that said salary be fixed at $1,500 per annum, the same to include the expenses of the Superintendent, except when called outside of this county by the State Comptroller or Highway Commission, his actual expenses shall be paid by the county.

Carried.

The hour having arrived for the special order

Upon motion of Supervisor Davis:

Resolved, That we proceed to the election of a County Superintendent of Highways.

Carried.

Supervisor McVean placed in nomination the name of William M. Torrance for County Superintendent of Highways.

SUPERINTENDENT OF HIGHWAYS—APPOINTMENT OF.

The Chair ordered a ballot with the following result:

William M. Torrance	9
F. J. Omealia	3
Blank	1
Total	13

William M. Torrance having received a majority, the Chair declared him appointed.

Upon motion of Supervisor Bissell:

Resolved, That the counsel for the Board (Judge Washburn) be authorized to appear before the Governor and ask him to veto the bill that is before him, which makes the expense of a state quarantine, a county expense.

Carried.

COUNTY BOND BILLS—GOVERNOR REQUESTED TO SIGN.

Upon motion of Supervisor Perrin:

Resolved, That the Governor be earnestly requested to sign either the bills of Assemblyman Parker now before him, amending the county

and town law by making expense of County Treasurers' and Town Officers' bonds a county charge (in the County of Genesee) when obtained through surety companies; or the so-called Hoey bill making such items a county and town charge throughout the State of New York.

That in the opinion of this Board it is for the public interest that such bonds be furnished by surety companies rather than by individuals, and that the legislation mentioned is necessary to bring this about.

Carried.

JOHN THOMAS—SETTLEMENT AUTHORIZED.

Upon motion of Supervisor McVean:

Resolved, That the committee of this Board in charge of the so-called John Thomas matters be requested to endeavor to bring about a settlement with Messrs. Miller and Tomlinson as soon as possible, and that it be authorized to take such steps as they may deem necessary for that purpose.

Carried.

Upon motion of Supervisor Davis:

Resolved, That it is the sense of this Board that the County Treasurer accept the return of the uncollected tax on the assessment roll for the town of Batavia as now presented to him by the collector of the town, with affidavit annexed verified this day.

Carried.

COOLER AT COUNTY HOME—REQUEST.

The Superintendents of the Poor appeared before the Board and recommended the building of a cooler for the County Home.

Upon motion of Supervisor McVean:

Resolved, That the question of a cooler at the County Home be referred to the Committee on Repairs to County Buildings with power to act.

Carried.

HIGHWAY PETITION—DARIEN.

Upon motion of Supervisor Weeks:

County of Genesee, Petition No. 1. First resolution requesting the construction or improvement of a County Highway in the Town of Darien, as provided in Article Six of the Highway Law (chapter 330, Laws of 1908), passed by the Board of Supervisors of the County of Genesee, pursuant to section 123 of the Highway Law.

1. Whereas public interest demands the construction or improvement of the highway hereinafter described, as a County Highway, therefore be it

2. Resolved, That this Board of Supevisors request that the following described highway be constructed or improved as a county highway as provided in Article Six of the Highway Law, to wit: Beginning at the county line road running north and south between the counties of Erie and Genesee; thence running easterly on what is known as the New State Road through Darien Center and Darien City, to the line between the Towns of Darien and Alexander, having a total length of about 8 miles all in the Town of Darien.

Resolved, That the Clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

By request of Supervisor Weeks his resolution was put over until Tuesday morning.

Upon motion of Supervisor McVean:

Resolved, That when we adjourn it be to Tuesday, May 4th, at ten a. m.

Carried.

Upon motion of Supervisor Reed the Board adjourned.

Sixth Day.

Batavia, N. Y., May 4th, 1909.

The Board met pursuant to adjournment with all the members present.

The journal of last session was read and approved.

STATE BOARD OF CHARITIES—REPORT OF.

The Clerk read the report of the State Board of Charities inspection of the County Home made by James H. Foster, which was upon motion of Supervisor Davis received and ordered published with the proceedings:

STATE OF NEW YORK—STATE BOARD OF CHARTIES.

Department of State and Alien Poor.

December, 14th, 1908.

Report of an inspection of the Genesee County Almshouse made by Inspector James H. Foster:

Superintendent of Poor Cortland Crosman, began service January 1, 1875.

Superintendent of Poor Geo. H. Craft, began service January 1, 1900.

Superintendent of Poor John R. Bennington, began service January 1, 1901.

Keeper Thurman A. Hart, appointed January 1, 1900.

P. O. Adress, Linden, N. Y.

R. R. Station, Linden, N. Y.

I. THE BUILDINGS.

Capacity 100. Plan, cottage. Estimated value, $35,000.

General character and condition: The almshouse occupies a good site about one and a half miles from Linden R. R. station. The buildings are administration, with service rooms to the rear and hospital to the north forming an irregular group; men's cottage to the north, and women's to the south at the rear, reached by enclosed corridors. All are in good repair. The interior walls and ceilings are of painted or varnished matched boards. While thoroughly clean they are hard to keep so and would afford too convenient lodging for vermin should the building become infested. They should be covered with metal sheathing or painted burlap, which would also make heating easier.

Recent improvements, recommended by the State Board of Charities: None.

Other improvements made: Cement floor and new front siding for hog house. New shingles on small barn and part of administration building.

Further improvements authorized: None are authorized but additional water supply and exterior painting are under consideration.

II. FIRE PROTECTION.

Height, material and character of construction of buildings: Part of the administration building is of brick, the remaining structures are of frame construction. The men's cottage has three stories, the other buildings two and attic. All have basements.

Number and location of interior stairways and whether fireproof: There are two interior stairways in each building, leading to exits, except that the hospital has but one, leading to a hall from which the hospital is reached. All are of wood.

Do exit doors swing out: No.

Number, location, construction and accessibility of fire escapes: None. All the buildings should have at least one escape. This is especially important for the hospital and men's building.

Fire alarm connection and when inspected by the local fire department: None.

Number, diameter and location of hydrants and fire-risers: There are 6 3-inch single hydrants. There are 2-inch risers with 1½-inch outlets on each floor in all the buldings except the hospital.

Length and condition of hose; how often tested: 200 feet of 3-inch web hose on a cart, in the horse barn, where the hydrant wrenches and nozzles are also kept, 50 feet of 1½-inch web hose with nozzle attached to each riser outlet. Hose is tested once a year. It is in good condition.

Number and location of portable fire extinguishers; when last filled: 6 extinguishers not recently filled and 24 dry chemical extinguishers are well distributed. An extinguisher tested in the inspector's presence was found in working order.

Are fire buckets on each floor: Yes.

Are swinging gas jets, furnace pipes, dry-rack boxes, etc., properly protected: There is no apparent lack of protection. The dry-rack box is of metal.

Presence of rubbish, oils, etc., and care given same: Paints and oils are kept in a basement shop; kerosene in metal tanks. Rubbish is not present.

Condition of attics: Clean and orderly. Cellars: Clean and orderly.

Organization and practice of fire drills: None.

Is night watchman's service established with use of watchman's clock: No.

Protection of barns and outbuildings: The horse barn has a riser with 100 feet of 1½-inch hose. Protection is also afforded by hydrants and hose.

III. THE FARM.

Nunber of acres, 240. Estimated value, $10,000.

Acreage of principal crops: Potatoes, 11; corn, 18½; oats, 11; wheat, 9, sowed 27; hay, 85; garden and vegetables, 2; orchard, 6 of young bearing trees.

Value of farm produce: For 1908, $5,750.

Barns and outbuildings: Adequate and well kept. The position of the horse stable over the cow stable ,and the presence of swine in the cow stable are undesirable.

Dairy, and the disposal of its products: 27 head are kept, 16 now milked; butter is made, very little is sold. Calves are fattened with surplus milk and sold. Inmates have butter and milk daily.

Other stock kept: 7 horses, 3 good colts, 50 swine (8 recently killed), 100 hens.

IV. WORKING EQUIPMENT.

Heating: By steam from 2 l. p. boilers in the service building basement.

Lighting: By acetyline gas from a machine in a separate room in the laundry building.

Ventilation: By ordinary means and ceiling ventilators. The air in the men's sitting room was foul.

Water supply, source, quantity, quality, pressure, size of water main: Water is pumped by a hot air pump to a cement tank 22 feet by 42 feet by 10 feet from a well near the almshouse, which also receives water from a spring across the highway, and by a windmill, from a well beyond the tank. Water for drinking and cooking is pumped by hand from a well. There are 3 cisterns one 40 feet by 10 feet by 10 feet and 2 of 100 barrels each for rain water. The pressure from the tank when full is 25 pounds. The attic tanks are filled for service purposes. These as well as the cisterns are now empty. The supply that can now be pumped to the tank is sufficient only for boilers and laundry. Water is drawn from the kitchen well for cattle and other stock and to flush the toilets. No baths except as absolutely necessary have been given for two weeks or more. Water for fire protection is absolutely lacking. The seriousness of the situation is realized and a plan is ready for presentation to the supervisors to tap an abundant spring, from which water can be pumped by a gasoline engine to the tanks.

Drainage: 6-inch iron pipes lead to a 12-inch sewer which empties in a ravine one-half mile distant.

Laundry: The laundry in a detached building has washers, ex-

tractor and metal dry rack but lacks a mangle. The washing is well done. Inmates' clothes and bed linen are not often ironed.

V. HYGIENE.

Condition and location of toilet rooms: There is a good toilet room with slate floor, clean and orderly on each floor occupied by inmates.

Equipment and condition of bathrooms: There are 3 showers and a tub for men; a shower and tub for women, and in the hospital a tub for each sex. All are in good condition.

Frequency of baths: Weekly. Of late baths have been omitted as there is no water.

Is water changed after each tub bath: Always.

Oversight of bathing, by whom: By Keeper and Matron, or by employes.

Lavatory facilities: There are good lavatories on each floor of all buildings.

Are roller or individual towels used: Roller.

Has each inmate his own comb and brush: Most of them have combs. Common brushes are provided.

Are the persons and clothing of inmates clean: Yes.

How often is bed linen changed: Weekly. Care of beds generally: Beds were found well made and bedding and linen clean. Straw ticks are used. Are there vermin. No signs of vermin were found.

Do dormitories allow a minimum of 600 cubic feet of air space per bed: The men's dormitories on the second floor are slightly crowded.

VI. CARE OF THE SICK.

Number of hospital beds for men, 7; for women, 7; total, 14.

Hospital accommodations: The hospital lacks operating room and equipment; but affords pleasant quarters for the sick and feeble. The women's ward on the second floor is now disused as there are no women in need of special care who cannot be accommodated in small rooms in the women's building.

A successful operation was performed at the hospital some time ago for a desperate case of appendicitis complicated by bowel stoppage. The recovery of the patient is evidence that good hospital work can be done.

The expense of good equipment would therefore be justified especi-

ally in view of the fact that patients are maintained in Buffalo and Batavia hospitals. The charges at Batavia are $1.00 a day, $3.00 for operations, and $1.50 per visit for the attending physician. As many as three visits per day to the same patient have been paid for. These charges are excessive. The county should equip its own hospital and care for its sick there.

Special diet for the sick: Food is served to the sick from the Keeper's kitchen.

Provision for segregation of contagious cases: None, except the use of small rooms in the dormitory buildings. The hospital has large wards only.

Number and classification of cases of disease present: There are no present cases except of the ordinary chronic and senile types. There is no case of tuberculosis.

Medical supplies, how furnished: By the county and the physician.

Medical service, by whom performed: Dr. J. B. Miller, of Alexander, 8 miles distant.

Frequency of calls and efficiency of physician: Weekly, and more frequently if needed.

Does he examine all the sick on each regular visit: Yes.

What record is kept of patients treated: None. A record was formerly kept.

Number of paid hospital attendants: Men, 0; women, 0; total, 0.

Nursing of the sick: The Keeper and Matron with assistance from employes and inmates care for the sick.

Surgical dressing, where, when and by whom made: By the physician.

Inmates with leg ulcers apply their own dressings, but are supervised by the Keeper. Dressings were found clean and well applied.

Disposition of soiled dressings and sputum: They are burned.

Dental and optical work: The physician does extracting. Glasses are supplied.

VII. CLOTHING.

Supply on hand: Ample, except that no new shoes are on hand.

Quality: Satisfactory.

From whom purchased: From the State prisons and from local dealers.

Care of clean clothing: Kept in orderly and clean storerooms.

Care of soiled clothing: Removed to the laundry daily.

VIII. FOOD.

Condition and equipment of dining rooms, kitchen and storerooms: The men's dining room is poorly lighted. Another window should be put in. Stools are used by the men, and chairs by the women Many of these are broken. New ones are needed. Agate ware cups and crockery dishes are used. The kitchen is well equiped. There is no good storeroom for supplies. They are kept on a raised platform in the administration wood and coal house. It is dry and clean, but not convenient. The bakery is in the laundry building.

Describe cold storage facilities: There is a good cooler in a detached building.

Food supplies on hand, quantity, quality, variety: Groceries were on hand in good quantity, quality and variety. The bread is good. Pork is raised on the farm, and beef usually bought on the hoof. Meat on hand was good.

Service of food: Fresh meat is used 5 days in the week. Inmates have all the milk (separated) they wish for. Butter is served twice a day to men and three times to women. The women always have oatmeal for breakfast. All inmates have it twice a week.

Meals for the day; inspector present at dinner.

Breakfast: Cold beef, potatoes, gravy, bread, butter, tea.

Dinner: Boiled beef, potatoes, boiled or warmed, squash, bread, butter, tea.

Supper: Men, mush and milk; women, bread and butter, tea, potatoes.

Oline Hart,	Attendant	$208.00
Mrs. Newton,	Cook to Keeper	$208.00
Vacancy,	Cook to Inmates	$208.00
John Conway,	Farm hand	$360.00
Gustave Stoss,	Farm hand	$360.00
Farm hand at 8 months at $30,		$240.00
J. B. Miller, M. D.,	Visiting physician	$150.00
For religious purposes,		$100.00

Frequency of visits of non-resident Superintendents of Poor: They meet regularly once in three weeks, and visit frequently in the intervals.

Are rules established for the government of the almshouse: There are no printed rules.

Is proper discipline maintained among employes and inmates: There is little or no trouble from drunkenness or any other cause.

Any defects in management, relative to distribution of, or failure to

perform duties: It is difficult to secure competent women help. The present lack of a cook throws too heavy a burden upon the other employes, especially the matron who now cooks for the inmates.

Efficiency of Civil Service employes: None.

Is an "efficiency record" of employes kept: No.

Treatment of inmates: Proper.

By whom is punishment inflicted and how: There has been no need of any punishment for a long time. A detention room would be convenient for new inmates who arrive intoxicated or with delirium tremens.

Separation of the sexes: Separate cottages and dining rooms. There is no yard for the women.

Provision for religious services: There is a Protestant service every two weeks. A Catholic priest visits the almshouse occasionally and when sent for.

XII. CARE OF THE DEAD.

Morgue: There is no morgue. A small room in one of the dormitory buildings is used for temporary reception.

Is there religious service at burial: Always.

Are relatives notified: Yes.

Are markers furnished: No.

How is record kept: None, but the entries in the register.

XIII. REMARKS.

The inspector was accompanied and statistics furnished by Superintendent Crosman and Keeper Hart. The premises were found clean and orderly.

The recent investigations by the State Comptroller's office disclosed lax and illegal methods in handling the county funds and business. As a result a new system has been adopted by the Superintendents of the Poor, and it is their purpose to comply scrupulously with all provisions of law in their financial relations to town and county. They feel that the results of the investigation have been good, though not concurring in all of its conclusions.

The commitment of children between 2 and 16 years old to the almshouse even though they be kept in the administration building, as was recently done is contrary to law.

XIV. SUMMARY OF NEEDS.

1. Fire escapes.

2. A morgue, and markers for graves.

3. A mangle.

4. A paid hospital attendant to care for the sick of both sexes.

5. Metal sheathing in the dormitory building.

6. A better water supply. This is urgently needed and is now under consideration.

7. Additional windows in the men's dining room.

8. An operating room and hospital equipment.

Respectfully submitted,

(Signed) JAMES H. FOSTER,
Inspector.

Special Session.

Batavia, N. Y., May 22d, 1909.

The Board of Supervisors of Genesee County convened

in Special Session in their room in the Court House in Batavia, N. Y., pursuant to the following call:

Batavia, N. Y., May 19th, 1909.

To John W. Mullen, Clerk of the Board of Supervisors of Genesee County:

You are hereby requested to convene the Board of Supervisors of Genesee County in Special Session at their room in the Court House at Batavia, N. Y., on Saturday, May 22d, 1909, at 10 o'clock a. m., for the purpose of considering the question of installing a cooler at the County Home and to transact such other business as may properly come before the meeting.

LOUIS H. WELLS,
FREEMAN EDGERTON,
GEO. A. FLEMING,
ARCH. McVEAN,
W. B. DAVIS,
GEORGE E. PERRIN,
JAMES A. BISSELL,
HOMER A. WEEKS.

COMMITTEE TO PURCHASE COOLER—REPORT OF.

Your Committee to investigate the matter of installing a cooling plant at the County Home, find owing to the mild winter it was impossible to secure the usual supply of ice for their needs in the regular manner, and at present they are without any means of cooling or refrigeration whatsoever, the amount of ice usually consumed being about 200 tons it is necessary either to purchase ice from time to time during the season or, establish some means of cooling in the very near future.

Ample room is already provided for the placing of a cooling plant, and a room 14 feet by 6 feet for the cooler proper. We find the cost of installing a plant ready to run would be $1,000. This includes complete installation, exclusive of power. It would require a gasoline engine of a 5 horse power capacity to run it successfully, the cost of which would be about $250.00 installed ready to run, making the total cost of the plant fully equipped approximately $1,250.00.

In this connection we examined a plant that has been in use some 8 years and that can be purchased for much less, but, it would require something of an outlay to put it in running order and install it. It is a question whether it would be good judgment to expend any considerable amount on an old machine. Finding the facts as above stated, your Committee believes it wise to refer the matter back to your Board for your consideration.

GEORGE E. PERRIN,
FREEMAN EDGERTON.

Upon motion of Supervisor McVean:

Resolved, That the report of the Committee be accepted.

Carried.

Mr. Townsend of Le Roy appeared before the Board and explained in relation to a plant which he has for sale.

Mr. Hill appeared before the Board and explained the working of the machine which he represents.

Upon motion of Supervisor Edgerton the Board took a recess to 1:30 p. m.

Afternoon Session.

Superintendent of the Poor John R. Bennington and Keeper T. A. Hart explained as to the necessity of a cooler at the County Home.

Upon motion of Supervisor McVean:

Resolved, That we install a cooling plant at the County Home at a cost not to exceed $1,250.00.

Yeas—Supervisors Miller, Perrin, Bissell, Fleming, Steele, Weeks, McVean and Wells—8.

Nays—Supervisor Reed, Edgerton, Davis, Haskell and Peck—5.

The Chair declared the motion carried.

Upon motion of Supervisor Miller:

Resolved, That the Repair Committee to the County buildings be instructed to contract with some responsible person to do the job.

Carried.

Upon motion of Supervisor Davis:

Resolved, That the County Treasurer be instructed to transfer the money belonging to the County Highway fund to the Contingent fund.

A majority of the Supervisors voting in the negative the motion was declared lost.

Upon motion of Supervisor Perrin the Board adjourned.

Seventh Day.

Batavia, N. Y., July 12, 1909.

The Board of Supervisors of Genesee County convened in regular Bi-monthly Session in their room at the Court House in Batavia, N. Y., with all members present.

REPAIR COMMITTEE—REPORT OF.

Supervisor Perrin, chairman of the Committee on Repairs to County Buildings, reported that the Committee have purchased a cooler and gas engine for the County Home at a cost of $950.00, also have had plastering done at the jail, the Sheriff's and District Attorney's offices repapered and painted, and some minor repairs in the County Clerk's office.

Upon motion of Supervisor McVean the report was accepted and ordered published with the proceedings.

JOHN THOMAS—OFFER TO SETTLE LIABILITY.

Attorney W. C. Watson addressed the Board in relation to the matter of Ex-Supervisor Thomas.

Judge E. A. Washburn addressed the Board in relation to the same matter.

Mr. Watson made a proposition to the Board that the Thomas family would pay over to the County $6,000 if they

would release them and their bondsmen from any further responsibility.

Upon motion of Supervisor Perrin:

Resolved, That the matter of Ex-Supervisor Thomas be taken up by the whole Board at 1:30 p. m.

Carried.

Upon motion of Supervisor Perrin the Board took a recess to 1:30 p. m.

Afternoon Session.

The hour having arrived for the special order (the Thomas matter) the Board took the business up immediately.

Judge Washburn explained at some length the Thomas matter.

CORONER RYAN'S BOND APPROVED.

Upon motion of Supervisor Davis the bond of Coroner William J. Ryan of Oakfield was approved with Edwin J. Ingalsbe and Charles B. Wagner as his sureties for $500 each.

JOHN THOMAS—OFFER TO SETTLE REJECTED.

Upon motion of Supervisor Peck:

Resolved, That the proposition of Mr. Watson of $6,000 from the Thomas family for the settlement of the Thomas matter be rejected.

All of the Supervisors voting in the affirmative the motion was declared carried.

Upon motion of Supervisor McVean:

Resolved, That the Thomas matter be referred back to the Committee to report at the next meeting.

Carried.

Carried.

COAL BILL—AUDIT OF.

Upon motion of Supervisor Bissell:

Resolved, That the bill for $713.36 of Arthur Ferris for coal be allowed, and that the Clerk be instructed to draw an order on the Contingent fund for the same.

All of the Supervisors voting in the affirmative the motion was declared carried.

Upon motion of Supervisor Fleming the Board recessed to 2 o'clock p. m.

Afternoon Session.

MR. KNICKENBERG'S CONTRACT—SUPERINTENDENT AND COMMISSIONER TO SUPERVISE.

Upon motion of Supervisor Perrin:

Resolved, That F. W. Knickenberg having requested that some person or persons be authorized on behalf of this Board to supervise the work to be done by him under his contract, made with this Board December 9th, 1908.

Resolved, That the County Superintendent of Highways and the Superintendent or Commissioner of Highways for the Town of Batavia be authorized and requested to supervise said road, and that they make a certificate to this Board signed by them when in their judgment the work has been completed in complance in all respects with the terms of said contract.

STATE OF NEW YORK—STATE BOARD OF CHARITIES.

Department of State and Alien Poor.

Report of an inspection of the Genesee County Almshouse by Inspector Hall:

Date, June 21st, 1909.

Superintendent of Poor Cortland Crosman, began service January 1, 1875.

Superintendent of Poor George H. Craft, began service January 1, 1900.

Superintendent of Poor John R. Bennington, began service January 1, 1901.

Keeper Thurman A. Hart, appointed January 1, 1900.

P. O. Address and R. R. Station, Linden, N. Y.

I. THE PLANT.

Capacity, 100. Plan, cottage. Estimated value, $35,000.

The almshouse group consists of administration and service buildings, hospital, men's dormitory, women's dormitory and laundry. There is steam heat, acetylene gas light, a power laundry (lacking a mangle), adequate water supply and sewage disposal, and good fire protection. Fire pails should be refilled weekly. The toilet rooms are sanitary and there are tub and shower baths. The detached laundry building contains laundry machinery, a hot air pump, acetylene gas generator, bake oven and bread trough and milk separator.

RECENT IMPROVEMENTS.

1. Water supply increased by piping water from three springs to the concrete reservoir.

2. Iron stair fire escapes of a safe pattern on the hospital and each dormitory building.

3. New stove to heat irons.

A meat cooler is being constructed, and interlined with tar paper. This will taint the meat.

II. ADMINISTRATION.

In the absence of Keeper and Mrs. Hart to attend the Superintendents of the Poor Convention, Miss Olive Hart accompanied the inspector and furnished the statistics. The buildings were clean through-

out, free of vermin and the beds well made. A few old bedsteads are in use. The meals for the day were:

Breakfast: Meat, potatoes, oatmeal, sugar, milk, bread, butter, tea.

Dinner: Meat, potatoes, a vegetable, gravy, bread, butter, tea.

Supper: Bread, butter, tea, milk, and warmed up potatoes for the women.

In the hospital were five men and five women patients, including a cancer case, dropsy and a man in the last stages of tuberculosis. There are open wards in the hospital, and no provision is made for isolating filthy or contagious diseases. No nurse is hired and the sick are without proper care. It would require the whole time of one person to care properly for the ten patients, and the present officers are physically unable to do it in addition to their other labors. The most serious defect in this almshouse is the lack of a nurse.

Since overseers in Genesee County have repeatedly committed children between the ages of 2 and 16 years to the almshouse, which is against the law, it is suggested that a circular letter be sent out warning them that such action is illegal and that no children of this age will be admitted to the almshouse.

III. THE CENSUS.

Number of inmates	Men	53.	Women	16.	Total	69.
Children under two years of age with mothers	Boys	1.	Girls	0.	Total	1.
Persons over seventy years of age	Men	22.	Women	7.	Total	29.

Deaf-mutes	Men	0.	Women	0.	Total	0.
Vagrants present on commitment	Men	0.	Women	0.	Total	0.
Tramps cared for since last inspection: None.						
Defectives and Children: Children under sixteen years of age	Boys	0.	Girls	2.	Total	2.
Feeble-minded	Men	14.	Women	0.	Total	14.
Idiots	Men	0.	Women	0.	Total	0.
Epileptics	Men	0.	Women	0.	Total	0.
Insane	Men	0.	Women	1.	Total	1.

Name inmates who need transfer: Mrs. Weaver, aged 86, is insane and troublesome.

Six men and one woman are able to work.

IV. RECORDS.

The State Board of Charities Record of Inmates is maintained. Last entry No. 764, May 28, 1909.

Duplicate records have been forwarded monthly as required by law.

The Almshouse Register of Inmates is neatly kept.

County and town poor are distinguished.

The State Board of Health record of vital statistics is kept with stubs on file.

Births since last inspection, Dec. 14, 1908. Male. 0. Female 0. Total 0.

State of New York
STATE BOARD OF CHARITIES
Office at the Capitol

Albany, N. Y., July 23, 1909.

Board of Supervisors, Genesee County, Batavia, N. Y.

Gentlemen:—The State Board of Charities transmits for your consideration the inclosed report of the recent inspection of the Genesee County Almshouse, made by Inspector Hall, June 21, 1909.

These reports are classified as to plant and management as follows:

Class I show practically no defects.

Class II show few or less important defects.

Class III show many or more serious defects.

Reports placed in Class I are sent for your information.

Those placed in Class II are sent in the belief that the indication of any defect, however small, will cause remedial action.

Reports placed in Class III indicate many or more serious defects, and are transmitted to Boards of Supervisors and Superintendents of the Poor that they may comply with Section 118 of the Poor Law, and take immediate action "with a view to proper remedies in accordance with the advice of the State Board of Charities."

The State Board of Charities has considered this report and placed it in Class I as to plant and Class I as to administration.

Attention is called to the following needs:

1. Employment of a nurse.

2. A morgue, and markers for graves.

3. A mangle.

4. Metal sheathing in dormitories.

5. Insulating paper should be used in meat cooler. See page 340, Text, Volume I, Forty-first Annual Report of the State Board of Charities, 1907.

Will you please to give prompt consideration to this report and inform the Board of the action taken thereon?

Yours respectfully,

ROBERT W. HILL,
Secretary.

STATE ROAD IN BATAVIA—COMPLETION OF.

We, William M. Torrance, County Superintendent of Highways, and Frank J. Harris, Town Superintendent of Highways of the Town of Batavia, hereby certify that Fred W. Knickenberg has completed the work on the State highway between Batavia and Pembroke and all drains, approaches and other matters provided for by the contract entered into between him and the County of Genesee on the 9th day of December, 1908, and that said work has been done by him in all respects in accordance with the terms of said contract.

Dated, July 22d, 1909.

WM. M. TORRANCE,
County Superintendent of Highways.

F. J. HARRIS,
Town Superintendent of Highways for the Town of Batavia.

F. W. KNICKENBERG—PAY OF.

Upon motion of Supervisor Perrin:

Whereas it appears by the written certificate of William M. Torrance, County Superintendent of Highways, and Frank J. Harris, Town Superintendent of Highways of the Town of Batavia, that Fred W. Knickenberg has completed the work on the State highway between Batavia and Pembroke called for by the agreement made December 9, 1908, between said Knickenberg and the County of Genesee and that said work has been done in all respects in accordance with the terms of said contract.

Resolved, That the County Treasurer be instructed to pay to the said Fred W. Knickenberg the sum of $250 now remaining in special account in the hands of the County Treasurer and referred to in the said contract of December 9, 1908, upon receiving a proper voucher therefor from the said Knickenberg, said voucher to be in full of all claims against the County of Genesee.

Carried.

STATE GOOD ROAD FUND—DIVISION OF.

Upon motion of Supervisor Perrin:

Whereas the County of Genesee and the Town of Batavia together raised the sum of $24,850 for the payment of their one-half of the cost of constructing the Batavia-Pembroke State highway and whereas the total expense of said state highway to the county and town as shown by the books of the County Treasurer amounts to the sum of $23,423.04 leaving a balance in the hands of the County Treasurer of the moneys so raised amounting to $1,426.96 and no reason exists why the same should not be divided among the municipalities contributing the same

in proportion to their respective rights therein and whereas of the said sum so raised the county contributed $17,500 and its share of the expense of said highway amounts to $16,396.13 leaving a balance due to it of $1,103.87 and the Town of Batavia contributed the sum of $7,350 and its share of said expense amounts to $7,026.91 leaving a balance due to it of $323.09.

Resolved, That the County Treasurer be requested and instructed to pay and distribute the sum of $1,426.96 remaining after the construction of said state road as follows: To the County of Genesee the sum of $1,103.87 to be placed in the Contingent fund; to the Town of Batavia the sum of $323.09 to be paid to the Supervisor of said town and used by him for general town purposes.

Carried.

The Chairman of the State Highway Commission, S. P. Hooker, addressed the Board in relation to good roads.

COUNTY SUPERINTENDENT OF HIGHWAYS—APPOINTMENT OF FOR FULL TERM.

Upon motion of Supervisor Perrin:

Resolved, That Superintendent of Highways Wm. M. Torrance be appointed for the full term.

Carried.

GOOD ROADS—SPECIAL SUBJECT FOR SEPTEMBER MEETING.

Upon motion of Supervisor Davis:

Resolved, That the Good Roads question be made a special subject for the regular September meeting.

Carried.

BILLS—AUDIT OF.

Upon motion of Supervisor Perrin:

Resolved, That the following bills be allowed, and that the Clerk be instructed to draw orders against the Contingent fund for the same:

Hellriegel & Company, Buffalo, for cooler, etc.	$803 87
Bickford & Francis Belting Co., Buffalo, belts..	19 45
Total	$823 32

All of the Supevisors voting in the affirmative the motion was declared carried.

Upon motion of Supervisor Haskell the Board adjourned.

Ninth Day.

Batavia, N. Y., September 13, 1909.

The Board of Supervisors of Genesee County convened in Bi-annual Session at their room in the Court House with all the members present, expect Supervisor Peck of Stafford. Chairman Wells presiding.

Minutes of July 13th and 31st were read and approved.

A communication from the State Superintendent of Weights and Measures was read by the Clerk, and also one from the Sisters of the Good Shepherd.

PEMBROKE HIGHWAY RESOLUTION

Upon motion of Supervisor Haskell:

County of Genesee, Petition No. 2. First resolution requesting the construction or improvement of a County Highway in the Town of Pembroke, as provided in Article Six of the Highway Law (chapter 330, Laws of 1908), passed by the Board of Supervisors of the County of Genesee, pursuant to section 123 of the Highway Law, on the thirteenth day of September, 1909, a quorum being present and 10 supervisors voting in favor of such resolution and 2 supervisors voting against the same.

1. Whereas public interest demands the construction or improvement of the highway hereinafter described, as a County Highway, therefore be it

Journal of November 15th was read and approved.

A notice from Craig colony was read by the Clerk stating that Cora Langenstein of Alexander was on October 6th, 1909, received in that institution.

The following report of the inspection of the jail was read by the Clerk:

GENESEE COUNTY JAIL.

Inspected September 24th, 1909.

On the day of inspection there were 27 prisoners confined, 25 males and 2 females. Everything about the premises was in good order.

This is a fireproof structure and built on lines which characterize all modern jails constructed in this State.

The prisoners are not kept employed, nor do they get any outdoor exercise. One had been an inmate since April 27th, and his only chance for air and exercise was walking up and down in the corridor.

RECOMMENDATIONS.

A better water supply should be provided. The well from which the water was obtained was dry on the day of my visit. Pillow slips should be provided. A jail yard should be built in rear of building, as there is plenty of room.

The matron should receive compensation for her services. As in many other counties, persons charged with crime are detained for months before having case presented to the grand jury—the one referred to above for example. There should be a session in June of each year.

CHAS. F. HOWARD,
President.

District Attorney Coon appeared before the Board and made a report on the John Thomas case.

Mr. Gardner, secretary of the Fish and Game Association, appeared before the Board in relation to the Hungarian Partridge bill.

Upon motion of Supervisor Steele:

Resolved, That there be taken from the Byron assessment roll for the year 1909 an assessment of a parcel of land containing 32 acres and valued at $900.00 now assessed to Frank Bickle of Byron, as it is already assessed in the Town of Elba.

Also, That the Clerk be instructed to draw an order against the Town of Byron in favor of the said Frank Bickle for $7.63 being taxes

on said parcel of land for the year 1908, as this land was assessed in both Byron and Elba.

All of the Supervisors voting in the affirmative the motion was declared carried.

HIGHWAY TAX—LEVY OF.

Resolution offered by Supervisor George E. Perrin levying a tax upon the taxable property of the several towns in Genesee County, for highway purposes as provided by Sections 90 and 91 of the Highway Law:

Whereas, The Town Superintendents of the several towns of Genesee County have made an estimate of the amount of money necessary to be raised by tax for the improvement of the highways and bridges and other miscellaneous highway purposes of their respective towns, as provided by Section 90 of the Highway Law; and

Whereas, The respective Town Boards have approved or changed said estimates, as provided by Section 91 of the Highway Law,

Therefore, be it Resolved, That the said estimates as approved by the Town Boards be received and the sum set opposite the name of the respective towns in the column which bears the heading, "Amount of 1st Item" (which is the amount of the First Item in said estimates), be assessed, levied and collected upon the taxable property of the respective towns, exclusive of the property within the limits of the incorporated village or villages of their respective towns which maintain their streets and highways as a separate road district, and be it further

Resolved, That the sum set opposite the names of the respective towns, in the columns which bear the heading, "Amount of 2d Item," "Amount of 3d Item" and "Amount of 4th Item" (which is the amount of the Second, Third and Fourth Items of said estimates as approved by the various town boards) be assessed, levied and collected upon the entire taxable property of the various towns of Genesee County, as follows, that is to say:

	Amount of 1st Item.	Amount of 2d Item.	Amount of 3d Item.	Amount of 4th Item.

SEALER OF WEIGHTS AND MEASURES—REPORT OF.

E. C. Moulton, Sealer of Weights and Measures, presented his report, which was read by the Clerk and upon motion of Supervisor Fleming was received, ordered placed on file and published with the proceedings.

Second Annuad Report of Weight and Measure Department.

Alexander, N. Y., November 21st, 1909.

There was 113 places of business visited since April 1st, 1909, and 245 scales and measures tested and sealed.

There was less work done this year than last because measures such as quart, peck and half bushel having last year's seal on and being in good shape were passed as all right.

I find several new scales in use where old ones were no good and I ordered them out of commission.

I made my annual trip over the county and some places made the second trip and even the third trip to some sections I found where they were using very short measures—even the top of potato crates had been sawed off to show full measure but not full weight.

The liquid quart seems to be the main quart to overcome as it has been used so many years as a quart measure for all commodities that to get it in the the liquid class which is 57 75-100 cubic inches and

is 9 45-100 cubic inches less than a dry quart. But I think the merchants are better informed now than a year ago.

The greatest objection I strike in my inspection is the fee system, and until this is removed by a salary the results will be slower in adjusting the weight and measure system.

Hoping I have pleased the Board and the people of Genesee County, I remain,

Respectfully,

E. C. MOULTON,
Sealer of Weights and Measures of Genesee County.

Upon motion of Supervisor Haskell the Board adjourned to Saturday, November 27th, 1909, at 10 a. m.

Twenty-First Day.

Batavia, N. Y., November 27th, 1909.

The Board of Supervisors of Genesee County met pursuant to adjournment with all the members present, except Supervisor Steele of Byron. Chairman Wells presiding.

ANNUAL VISIT TO COUNTY HOME—REPORT OF COMMITTEE.

Supervisor Perrin, Special Committee to report on the annual visit to and inspection of the Genesee County Home, presented the following report:

To the Honorable, the Board of Supervisors of Genesee County:

Gentlemen:—Your special committee appointed to report on the annual meeting held at the County House, July 31, 1909, report as follows:

The morning was taken up in a general inspection of the grounds and buildings. They were found to be all that could be desired. Ample floor space and all necessary comforts and conveniences for the 103 inmates during the past year were provided. An ice cooling plant has been installed with ample capacity for all the requirements of the Home both for ice and cooling purposes and is considered by all interested to be one of the most modern up-to-date installations at the home.

At the afternoon session the Board, besides the routine business, had the pleasure of listening to the Hon. S. Percy Hooker, chairman of the State Highway Commission, who gave a very interesting talk on building good roads, which was greatly appreciated by the Board.

The good management and excellent condition of the farm and buildings are due to the combined efforts of the keeper and matron, Mr. and Mrs. T. A. Hart. By their kind treatment of the inmates and their unsurpassed executive ability the Genesee County Home has attained a degree of excellence not to be equalled.

GEORGE E. PERRIN,
Committee.

During the past year there has been raised on the County Home farm: 550 bushels of wheat, 500 bushels oats, 1,200 bushels potatoes, 125 bushels beans, 700 bushels corn in the ear, about 125 tons of hay, 100 bushels beets, 100 bushels turnips, 100 bushels carrots, 1,500 head of cabbage, ensilage corn enough to fill silo, and vegetables enough for the institution's use.

There is now on the farm: 5 work horses, 1 brood mare, 4 colts, 28 head of cattle, 65 hogs and pigs, 90 hens and 10 geese.

We have painted all the buildings two coats on the outside and have laid about 150 feet of cement sidewalk. We have put in an additional water supply by building a reservoir and pumphouse near springs, which are located in the southeast corner of the farm about a mile from the buildings, and use a gasoline engine with a duplex pump to force the water to the main reservoir. This supply of itself is large enough to meet all the requirements of the institution and is of excellent quality. We have also installed a cooling plant in place of the old ice house which is very satisfactory. We are also able to make ice enough

when plant is running for all the needs of the institution. In addition to the above we have made numerous other repairs and inside painting.

We most respectfully recommend the following appropriations to defray the poor expenses during the coming year:

Appropriation	$7,500 00
Physician	225 00
Religious services	100 00

All of which we most respectfully submit.

CORTLAND CROSMAN,
GEORGE H. CRAFT,
JOHN R. BENNINGTON,
Superintendents of the Poor.

Since my last report to you a year ago, District No. 16, Darien, has built a large, comfortable, well-heated, lighted and ventilated schoolhouse, and added sufficient land to its school site to make an excellent play ground.

No. 8, Batavia, has improved its grounds as well as the interior and exterior of its school to such an extent that it stands today almost the equal of any modern school plant in the land, and is a good example of what may be done with the old school buildings and surroundings toward making them comfortable, healthful and beautiful.

No. 5, Bergen, has added a half acre to its grounds and thereby given to its boys and girls a play ground—something they never had before.

The Board of Education of Le Roy High School has purchased the historical site of Ingham University, and is erecting thereon a large and beautiful modern building, which is destined to be an honor to the village and the community.

All of which is respectfully submitted.

CHAS. W. STICKLE,
School Commissioner.

H. K. BISHOP,
First Deputy.

Section 172. Cost to town for maintenance of state and county highways. Each town shall pay for the maintenance and repair of state and county highways each year the sum of fifty dollars for each mile or major fraction of a mile of the total mileage of state and county highways within the town. On or before the first day of November in each year the commission shall transmit to the clerk of the Board of Supervisors of each county, and to the County Clerk thereof, a statement specifying the number of miles of state and county highways in each town in such county and the amount which each of such towns is required to pay into the county treasury on account of the maintenance of state and county highways. The Board of Supervisors shall cause the amount to be paid by each town of the county to be assessed, levied and collected therein in the same manner as other town charges, and such amount when collected shall be paid into the county treasury, to the credit of the fund for maintenance of state and county highways in the several towns of the county.

Report of the District Attorney.

December 30th, 1909.

To the Honorable, the Board of Supervisors of Genesee County:

I, William H. Coon, District Attorney of the County of Genesee, do hereby make my report to the said Board, pursuant to Section 201 of the County Law.

I have not received any amount of money on account of any fine or any penalty or in any other matter in which said County, any Town of said County or the State of New York has any interest, since January 1st, 1908, at which date I assumed the duties of said office.

There is now due from me and remaining unpaid on account of moneys which I am authorized to receive and in which said County, Town or State is interested no sums of money.

WM. H. COON.

State of New York,
County of Genesee, ss.:

William H. Coon, being duly sworn, says that he is the person named in and who makes the foregoing report; that the same is true.

Sworn to before me on this 30th day
of December, 1909.

Minnie Pfeifer,
Notary Public.

Report of the Genesee County Fish and Game Association.

December 1st, 1909.

To the Honorable, the Board of Supervisors of Genesee County:

Gentlemen:—The Genesee County Fish and Game Protective Association takes this opportunity to make its annual report. The re-organization of our Association a year ago has given excellent results and much in an educational way has been accomplished. Our monthly meetings have been largely attended and great interest shown in the papers read and in the general discussions, and the sentiment of protection of insectiverous and song birds is growing rapidly. Through our persistent efforts and the co-operation of your Board and our representatives in the Legislature and our friends in the New York State Forest, Fish and Game League we have secured the appointment of a Game Warden for this County, he needs Deputies in the several towns, they are appointed by the State Commission on the recommendation of the Board of Supervisors or the Fish and Game Associations and we desire your co-operation in this important matter. These Deputies must serve without salary. Through the efforts of our Game Protector Mr. Henry DeWolf and other civil officers we know of thirteen convictions aggregating fines of $215.00 and there are no doubt others that we do not know of.

During the past year we have incorporated our Association under the laws of the State of New York. We have joined the New York State Firest, Fish and Game League and sent our delegate to the meeting at Syracuse last December. Several of our individual members have joined the Western New York Sportmen's Association, all of which shows the growing interest in the objects for which our organization is maintained and we are pleased to report the very large increase in membership to 126 at the close of our fiscal year, September 1st, since which time we have admitted five more and have other applications waiting to be acted upon.

RE-STOCKING OF FIELD AND STREAM.

As yet we have been unable to secure any White Rabbits, they do not seem to be on the market. May 15th, 900,000 Pike-Perch Fry were planted in Godfrey's Pond. May 25th, Brown Trout Fingerlings were distributed as follows: 1,000 in Spring Creek, 1,000 in Wilson's Creek and 1,000 in another brook in Oakfield. May 25th, Brook or Speckled Trout Fingerlings were distributed as follows: 1,000 in Todd's Brook, 1,000 in Mill's Brook, 1,000 in Hackley's Brook, 500 in Bigelow's

Brook and 500 in Thornell's Brook. In addition to these planted by the Association several thousand Trout Fry were planted the past year by Mr. Richmond in Bergen and Mr. Reese in Pavilion. August 31st, Yearling Perch were distributed as follows: 1,000 in Fuller's Pond, 1,000 in Byron Center Pond, 1,000 in Tonawanda Creek. September 19th, 700 Black Bass were planted in Godfrey's Pond. December 1st we liberated in Batavia, Stafford and Le Roy fourteen pairs of Hungarian Partridges. A copy of a receipt is herewith attached showing the disposal of the $100.00 appropriated by your Board, we herewith present copies of the Annual Report of the New York State Forest, Fish and Game League, the frontispiece showing a group of Hungarian Partridges, and there is an interesting article on pages 57 to 63, inclusive, showing the large extent to which these birds are being liberated throughout the country, and their adaptability to the different conditions in the several sections where they have been planted. As a manifest of the sentiment of the people where we have liberated these birds we would say that we have the signed permission, from owners and residents in the several localities to plant the birds and their agreement to co-operate with the Association in the protection of them from the following list: Messrs. F. I. Judd, David Clark, C. M. Bosworth, Peter Grentzinger, J. R. Houseknecht, Martin Goodenbury, Fred. Hauker, P. G. O'Brien, William Lane, Arthur A. Prole, John H. Ward, Chas. W. Coulson, Louis Yauchzee, W. C. Meier, Herbert Austin, W. A. Peters, Joseph H. Miller, J. G. Fargo, Mrs. Mary Clark, Messrs. Louis Bower, Wm. J. Lampke, W. J. Briggs, J. N. Ess, Geo. B. Price, John McCleary, Samuel McCleary, M. A. Godey, John Galloway, Francis Galloway, Robert Galloway, Earl Galloway, G. G. Boshart, John Heywood, Albert C. Heywood. We have the verbal permission of the Misses Pratt of Bushville. We have the verbal permission and agreement to send signed permission of Mr. C. O. Hodges. Also signed permission of Mrs. M. Dailey and Mr. Piere Clencey.

Supervisor McVean can vouch for the sentiment of the residents in the locality of Le Roy where a pair were liberated.

The Association have a Committee appointed to meet with the Grange to offer their co-operation in the endeavor to correct several abuses which now exist and to solicit their co-operation in the protection of insectiverous and song birds and the enforcement of the game laws.

RECEIPTS.

Dues	$ 131 00
Board of Supervisors	100 00
	$ 231 00
Balance in hands of the Treasurer	$ 11 56

Please note that our report a year ago showed only $21.00 receipts while we show above $131.00 not counting the $100.00 given by your Board.

If the expenditure of your appropriation meets your approval and we are able the coming summer and fall to report that the Hungarian Partridge have been properly protected, that they are holding their own or increasing and in your opinion we have expended your appropriation judiciously and well we respectfully request that you give the matter your careful consideration looking toward a suitable appropriation for continuing this good work.

The above report is respectfully submitted this 4th day of December, 1909.

CHAS. W. GARDNER,
Secretary.

Report of Russian Thistle Commission.

To the Honorable, the Board of Supervisors of Genesee County:

Gentlemen:—Your Russian Thistle Commissioner would report a less number of plants growing in the county this year than last.

On the Retsof property, south of Le Roy, they have done good work and there were but few plants left this year in comparison with last.

On the Geo. W. Root farm in Byron I found less than a dozen plants on August 16th, 1909. They were small and it looks as though another year would exterminate them.

I found quite a good many plants growing along the north side of the Salt Plant at Le Roy.

West Shore R. R.—Found one plant in Section 20, opposite telegraph pole 381-07, north side, and several in Section 21 from telegraph pole 386-09 to 387-16, also several plants along the switch to elevator at Elba but the management there promised to give them especial attention. There were a few scattering plants in the town of Oakfield, also through the town of Alabama as far west as the Tonawanda Creek.

The N. Y. C. R. R. Main Line—A good many plants were growing the entire length of this road in crossing the county, but the plants were growing mostly between the sod lines, except along the north bank of the fill between the Alexander road and Section House No. 13, where I found many plants.

Attica Branch of N. Y. C.—Found only one plant and that was just south of the farm crossing to the Moulton buildings, a little south of the D. L. & W. R. R.

Tonawanda Branch N. Y. C.—Found no thistles growing along this road, except for a short distance west of the Alexander road, along the south switches to the Section house, where there were quite a good many plants.

Found no thistles along the Canandaigua Branch of the N. Y. C.

Erie Railroad—Found no thistles from the east county line to Attica, via Batavia, and only two plants from Linden to Attica, they were near mile-post 34, also one plant between Attica and Alden, this was near east end of Section 16 just a little west of the depot at Darien Center.

L. V. R. R.—Found scattering plants from the stone crusher, west to North Le Roy. About eighty rods west of the depot there was a great many growing on the north side of the tracks and there were scattering plants from there to the cut, east of the pump station at Stafford, and here was a great quantity growing on the south bank of this cut. This is in Section 35 and it looks as though the foreman was not paying any attention to the thistles. Section 36, Stafford to Batavia, had only one thistle. Section 37, west of Batavia station, had one plant just east of Tonawanda Creek and a few plants along the siding west of the Alexander road. No thistles in Section 38, and only one in Section 39, this was on the south siding east of Longwood, and a few scattering plants in Section 40 for about two miles east of the Erie County line.

B. R. & P. R .R.—Found only one plant on this road and that was growing back of the depot at Pavilion.

D. L. & W. R. R.—Found one plant growing on the Y at the junction near the shed. Found four plants in Section 114 just west of the Gardner farm, and a few large plants just east of the Erie and N. Y. C. tracks. In Section 115 found a bunch growing on south side of tracks about one and one-half miles west of Alexander depot, where the railroad fence is built on the fill. Found only one plant in Section 116 and that was a short distance east of the Darien Station.

Respectfully submitted,

W. F. PRATT,
Commissioner.

CHAIRMAN AND CLERK'S CERTIFICATE.

STATE OF NEW YORK.
CHAMBER OF THE BOARD OF SUPERVISORS.

Pursuant to the provisions of the Statutes, we do hereby certify that the foregoing volume was printed by the authority of said Board of Supervisors, and contains a true record of the proceedings of said Board, and the whole thereof, at its annual session commencing on the 3rd day of January, 1909, and meeting bi-monthly during the year closing on the 31st day of December, 1909. Also the records of the Special Sessions held on the 23rd day of February, the 1st day of April, the 22nd day of May, the 31st day of July, the 18th and 22nd days of September and the 6th day of October, 1909. Also on the 10th day of March, 1909, the Board met with the State Highway Commission and the several Town Boards, and March the 11th, 1909, they met with the Assessors of the various towns, of which there were no records kept.

LOUIS H. WELLS,
Chairman.

J. W. MULLEN,
Clerk.

RULES OF THE BOARD OF SUPERVISORS OF GENESEE COUNTY.

1. The Board shall assemble at such times as they may determine at a previous session, or upon call of the Chairman; and when so called, shall be at the hour of 10 o'clock A. M.

2. The Chairman shall preserve order at the sessions and have power to call any member of the Board temporarily to the Chair, and shall appoint all committees of the Board, unless specially ordered.

3. A member desiring to speak or present any subject matter to the Board shall arise and address the Chair, and shall not proceed further until recognized by the Chair, and awarded the floor for such purpose.

4. No debate shall be in order until the pending question shall be stated to the Chair.

5. When two or more members arise to speak at the same time the Chair shall determine which is entitled to the floor.

6. Any member upon being called to order shall take his seat, and shall remain therein until the Board determine the point raised, and if the call shall be sustained, he shall not further proceed except in order and by the permission of the Board.

7. Any resolution, which by its terms calls for the appropriation of money for any specific object or purpose, shall be read, for the information of the Board, at least one session prior to its being put upon its passage, upon the request or motion, of any member thereof.

8. No motion for the reconsideration of the vote upon any question shall be entertained unless moved by one who voted in the majority upon such question, nor unless such motion be made within three days (upon which sessions of the Board shall be held) subsequent to such vote having been taken.

9. A motion for the reconsideration of any question having been made and decided in the negative, no proposition for further reconsideration shall be entertained.

10. The "previous question" shall be as follows: "Shall the main question be now put?" and until it is decided shall preclude all amendments or debate. When, on taking the previous question, the Board shall decide that the main question shall not be now put, the main question shall be considered as still remaining under debate. The "main question" shall be on the passage of the matter under consideration, but when amendments are pending, the question shall first be taken upon such amendments in their order.

11. The ayes and nays shall be taken upon any question on the demand of two members, and every member within the railing shall vote when his name is called, unless excused by the Board therefrom.

12. Order of Business.

After the minutes are read and approved the order of business shall be as follows::

1. The Presentation of Petitions and Communications.
2. Report of Standing Committees.
3. Report of Select Committees.
4. Introduction of Resolutions, Notices and Motions.
5. Unfinished Business.
6. Special Orders of the Day.

13. Standing Committees.

Standing Committees shall consist of three, except the Equalization and Superintendents of the Poor Committees, which shall consist of five members, and shall be appointed on the following subjects, to wit:

1. Equalization.
2. Superintendents of the Poor Accounts.
3. Footing Assessment Rolls.
4. County Claims.
5. County Treasurer's Accounts.
6. Sheriff's Accounts.

9. Public Institutions.
10. Clerks' and Printers' Accounts.
11. Loan Commissioner's Accounts.
12. Supervisors' Compensation.
13. Erroneous Taxation and Assessment and Ordinary Repairs to County Buildings.

14. Every member requesting to be excused from voting may make a brief and verbal statement of the reason for making such request, and the question shall be taken without further debate.

15. Committees on making reports shall return to the Clerk all the papers relating thereto.

16. All reports of committees may be read by the members making them when called in their order, and then be presented to the Board; but the Board may dispense with the reading thereof.

17. All reports of Standing Committees on the auditing of accounts and the report of the Equalization Committee shall lie over one day at least before being acted upon.

18. All reports, resolutions and other matters laid on the table may be called therefrom under subdivision four or rule twelve in the order of business.

19. All resolutions offered for the purpose of raising moneys shall be adopted only by a two-thirds vote of all the members present.

20. All questions not covered by the rules shall be decided according to parliamentary law.

21. Any rule may be suspended by the unanimous consent of the members of the Board.

REPAIR COMMITTEE—REPORT OF.

Supervisor McVean, Chairman of the Repair Committee

reported that the committee had plans and specifications prepared and bids have been received for the proposed improvements to the basement of the Court House.

Upon motion of Supervisor Peck:

Whereas, An Act has been introduced in the Assembly of this State, No. 896, entitled "An Act to make the office of Sheriff of Genesee County a salaried office, in part, and to regulate the management thereof," which bill by its terms is to take effect upon the expiration of the term of the present Sheriff of Genesee County, which will be on the first day of January, 1912; and, whereas, any bill to make the office of Sheriff of this county a salaried one cannot take effect until nearly two years from this date; and, whereas, an Act making the office of the County Clerk of Genesee County a salaried office was introduced and passed at the request of this Board by the Legislature of the year 1909 and became a law, going into effect on the first day of January, 1910; and, whereas, before taking action in the way of recommendation of legislation making the office of Sheriff of Genesee County a salaried office, this Board desires the added experience to be gained from an observation of the workings of the County Clerk's office under the present bill, during the year 1910; and, whereas, the bill first above referred to now pending in the Assembly has been introduced without any request on the part of this Board, and without any opportunity to the Board to be heard in regard to the same or concerning the substance or form of the bill.

Resolved, That no bill making the office of Sheriff of this county salaried should be passed during the present year, and the Senator and Assemblyman representing this county are requested to oppose the passage of the said bill first above referred to, Assembly Bill No. 896.

Carried.

Upon motion of Supervisor Haskell:

Whereas, An Act has been introduced in the Assembly of this State, No. 826, entitled "An Act to make the office of Treasurer of Genesee County a salaried office, and to regulate the management thereof"; and, whereas, the said office is now a salaried office, in part, and by the County Law of this State, Section 12, Sub-division 5, the Board of Supervisors in each county is given authority to fix the salaries and compensation of County Treasurers, which authority has existed and been exercised in this and the other counties of this State for many years; and, whereas, no reason exists for special legislation in the County of Genesee, taking from its Board of Supervisors the power to fix such salary and compensation, and the said act so doing has been introduced without notice to or authority of this Board; therefore, be it

Resolved, That it is the sense of this Board that the legislation called for in the said bill is unnecessary and undesirable and the Senator

and Assemblyman representing this county in the Legislature are requested to oppose its passage.

All of the Supervisors voting in the affirmative the motion was declared carried.

BRUMSTED BILL—TAKEN FROM THE TABLE.

Upon motion of Supervisor Haskell:

Resolved, That the bill of John H. Brumsted be taken from the table and acted on.

Carried.

Upon motion of Supervisor Davis:

Resolved, That the bill of John H. Brumsted be rejected, it not being a proper claim against the County.

Carried.

BASEMENT ROOM AND WHO TO OCCUPY.

Upon motion of Supervisor McVean:

Resolved, That we take a ballot to determine which room the School Commissioner shall occupy.

Upon motion of Supervisor Davis:

Resolved, as an amendment, That the whole matter be referred back to the Repair Committee.

The Chair declared the amendment lost.

Upon the vote being taken on the original question (that a ballot be taken to determine which room the School Commissioner shall occupy), the Chair declared the motion carried.

Supervisor Davis appealed to the Board for a ruling.

The Chair put the question:

Shall the decision of the Chair stand?

The question was declared carried.

The result of the ballot was as follows:

For School Commissioner to occupy west room.....7
For School Commissioner to occupy east room.....5
Blank 1

The Chair declared that the School Commissioner was to occupy the west room.

Upon motion of Supervisor Bissell the Board adourned to Tuesday, March 8, 1910 at 10 A. M.

Upon motion of Supervisor Edgerton:

PETITION No. 1779.

Resolution approving plans, specifications and estimates of cost for the construction or improvement of a County Highway in the Town of Batavia and Elba, County of Genesee, passed by the Board of Supervisors of the County of Genesee on the eighth day of March, 1910, pursuant to Section 128 of the Highway Law (Chapter 330, Laws of 1908), a quorum being present and thirteen Supervisors voting in favor of such resolution and no Supervisors voting against the same.

1. Whereas, At a meeting of this Board held on the 15th day of February, 1906, a resolution was adopted pursuant to Section 123 of the Highway Law requesting the construction or improvement in accordance with the provisions or Article Six of said law of that portion of a highway described as follows:

Beginning at a point in the Town of Batavia, at the Village of Batavia, thence northerly through the Villages of Daws, Elba and Lancton Corners, to the north line of the Town of Elba.

2. Whereas, The State Commission of Highways has examined the highway above described and has determined that it is of sufficient public iimportance for construction or improvement in accordance with the provisions of Article Six of the Highway Law and has certified its approval of the said resolution; and

3. Whereas, Said Commission has caused a section of said highway, which section is described as follows:

From the north corporation line of the Village of Batavia, northerly to the south corporation line of the Village of Elba, a distance of 4.07 miles, in the Towns of Batavia 2.39 miles and Elba 1.68 miles, Genesee County, and known as the Batavia-Elba County Highway, to be surveyed and mapped, and has caused maps, plans, specifications and estimates of cost to be made for such construction or improvement and after examination thereof by the district or county superintendent has transmitted the same to this Board, showing the total estimated cost of the work to

be $16,280.00, of which the State, County and Town pay the following proportions:

The State pays 50 per cent	$8,140 00
The County of Genesee pays 35 per cent	5,698 00
The Town of Batavia pays 15 per cent of cost of 2.39 miles	1,434 00
The Town of Elba pays 15 per cent of cost of 1.68 miles	1,008 00

4. Resolved, That this Board request that the highway above described in paragraph one be constructed or improved as a County Highway in that portion thereof above described in paragraph three in accordance with the maps, plans, specifications and estimates of cost prepared therefor by the State Commission of Highways under the provisions of Article Six of the Highway Law; that said work be performed under the charge, care and superintendence of the State Commission of Highways, and that said maps, plans, specifications and estimates of cost prepared for said work, under the direction of said Commission as provided in Section 125 of the Highway Law, are hereby duly approved and adopted by this Board.

5. Resolved, That there is hereby appropriated and made immediately available the sum of eight thousand one hundred and forty dollars, being an amount sufficient to pay the share of the cost of the construction or improvement of such County Highway which is to be borne by the said county and towns, as determined in accordance with the provisions of Section 141 of the Highway Law. And the County Treasurer of said county is hereby authorized and directed to pay such proportion of the amount so appropriated as may be required to pay said share, upon the requisition or draft of the State Commission of Highways; and if there are not sufficient funds in the county treasury with which to pay such requisition or draft, the County Treasurer of said County is hereby authorized and empowered as provided by Section 142 of the Highway Law to borrow all or part of said sum on the obligation of the said county issued by him for, on behalf of and in the name of the said County and acting for and on behalf of said county.

6. Resolved, That the Clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

STATE OF NEW YORK, }
County of Genesee, } ss.

This is to certify that I, the undersigned, Clerk of the Board of Supervisors of the County of Genesee, have compared the foregoing copy of resolution with the original resolution now on file in the office and which was passed by the Board of Supervisors of said county on the 8th day of March, 1910, and that the same is a correct and true transcript of such original resolution and of the whole thereof.

In witness whereof I have hereunto set my hand and the official seal of the Board of Supervisors, this 8th day of March, 1910.

JOHN W. MULLEN,
Clerk of the Board of Supervisors.

PRISON LABOR—REPORT OF SPECIAL COMMITTEE TO INVESTIGATE.

Supervisor Peck, Chairman of the Special Committee appointed to investigate the employment of prisoners in the County Jail, presented their report, which, upon motion of Supervisor Davis, was made a special order for Thursday, December 8th, at 11 A. M.

To the Honorable the Board of Supervisors of Genesee County:

Your Committee appointed to investigate the employment of prisoners in the Jails of the State most respectfully report:

In Canandaigua, Ontario County, there is an acre of land in the jail grounds, connected with the jail is the stone yard. An inclosed building of 40x90 feet in which the prisoners are employed at breaking stone. There are ventilators in the roof and water is sprinkled occasionally to allay the dust. Part of the stone broken from November 1, 1909, to June, 1910, seven months, was sold for $800.00. Men work about eight hours per day in the summer time. Besides the yard work the prisoners are employed in cleaning the walks at the Court House and in janitor work. They are also employed at the County Home, three miles from the jail, and on a Tuberculosis Hospital erected this year. They have also laid all the Court House concrete walks. Formerly they did some of the work on the highways. Before the labor plan was adopted there were from 75 to 100 inmates. Now the average is from 25 to 40. More work was done this year than at any preceding time. The average cost of food was given at about $1.00 per week. At the County Farm this year they raised 2,700 bushels of potatoes from eleven acres of ground. The labor was all done by prisoners. Here they employ from five to seven men for this work. The Sheriff's office is under the salary system. The Sheriff receives $2,000.00 per year, Turnkey $600.00, and two Guards $600.00 each. Sheriff reported to us he thought that the labor plan was practical, economical to the County and helpful to the men.

In Elmira, Chemung County, they commenced the labor plan about ten years ago. Average number of inmates during the last year was 35. Have employed 22 at one time on the stone pile. Trusties clean the jail, do the baking and general janitor work. Cost of food is about $1.10 per week for each inmate. Sheriff's salary is $4,500.00 per year, from which he pays salaries of Deputy, $60.00 per month, and Turnkey $30.00 per month. The Guard is paid $2.00 per day and board. Here they have a jail matron who receives $200.00 per year. The city draws in the stone and takes it out. The profit here at this place seems to be in keeping the prisoners employed and in reducing the number of inmates, which under the old system was as high as 90 at one time. The Sheriff reports the labor system practical and good for the men.

In Bath, Steuben County, the prisoners are employed breaking stone, we were informed by the Sheriffs of Ontario and Chemung Counties.

Binghamton, Broome County, the labor plan was adopted eleven years ago. Inmates are employed at general janitor work and breaking stone. The stone yard is about one-fourth mile from the jail and is a

building of 35x80 feet. Here there was no ventilation for the dust from the breaking stone. Here prisoners were good workers and breaking an average of nearly a ton of stone a day. The stone is bought of the farmers for 50 cents per ton. The number of inmates will average about 30. Food costs from $1.80 to $2.00 per week. The Sheriff receives a salary of $3,000.00 per year, Under-Sheriff $1,200.00, and two Guards at $3.00 and $5.00 per day. The labor plan is found effective and better in every way to the former system.

At Owego, Tioga County, they are building a new jail. Prisoners have been employed at breaking stone for several years. They have done work on the roads. Have built the concrete walks. Work on buildings and at the County Farm, two and one-half miles from the jail. They do all the cooking in the jail and janitor work. Stone is bought of the farmers at 40 cents per ton and is furnished to the towns. The cost to the towns is the freight from Owego. Town of Nichols used twelve car loads of stone last year. The average number of inmates during the year was 25. Cost of food is 11½ cents per meal. The Sheriff receives a salary of $1,750.00 per year, also $125.00 for expenses in the County and $400.00 for expenses outside of the County. He makes an itemized account of all expenses. Two Guards receive $1.50 per day. The stone yard is an enclosed building 60 rods from the jail. The report on the labor plan is that it is better than the old system of unemployment.

We find from the jails visited, where inmates are employed that the labor plan is better than the old system. The reduction in the number of prisoners is from 50 to 75 per cent. Tramps and others who have no special liking for labor do not fill up the jails as formerly.

Your Committee recommend the buying or leasing of a small parcel of ground on which could be erected a suitable building in which the prisoners could be employed in breaking stone.

ELMER HASKELL,

ERRONEOUS TAXES AND ASSESSMENTS—REPORT OF COMMITTEE.

The Standing Committee on Erroneous Taxes and Assessments presented their report as follows, which was read by the Clerk and laid over under the rules.

To the Honorable the Board of Supervisors of Genesee County;

Gentlemen:—We, the undersigned Committee on Erroneous Taxation and Assessment, do hereby respectfully report, that, after having examined the complaints presented to us, we recommend that:

Mrs. Alice K. Barnette of Le Roy be refunded the sum of $21.90, which was paid by her February 2, 1909.

Also that $4.63 be refunded to Geo. Stopplebein, as the property on which this tax was paid was purchased with pension money.

And that the Clerk be instructed to draw orders on the Town of Le Roy to pay the same.

Also that the Town of Batavia refund to Mary H. Hosmer the sum of $4.15, and to Mrs. Adelle Wilbur $2.26, and that the Clerk be instructed to draw orders on the Town of Batavia to pay the same.

And we further recommend that the order of the Supreme Court ordering the Town of Pavilion to refund to the American Telephone & Telegraph Co. the sum of $24.54, with interest to time of payment, said order bearing date January 10, 1910, and is for tax paid in year of 1908, be complied with.

And that the Town of Bethany refund to the same company on Supreme Court order, the sum of $20.75, with interest to date of payment, for the year 1908.

Also that the Town of Darien, on same order, refund to same company $22.87, with interest, for the year 1908.

Amounts to pay: :

Pavilion order, $24.54; interest, $2.94; total, $27.48.

Bethany order, $20.75; interest, $2.49; total, $23.24.

Darien order, $22.87; interest, $2.75; total, $25.62.

And we recommend that the Clerk be instructed to draw orders on the respective towns to pay the same and that the several amounts be added to the abstracts of the towns designated.

FISH AND GAME WARDEN—PETITION FOR REINSTATEMENT OF.

Supervisor Weeks, Chairman of the Committee appointed to draft resolutions petitioning the Civil Service Commission to re-instate Fish and Game Protector Henry DeWolf, presented the following petition, which, upon his motion, was unanimously passed:

Batavia, N. Y., December 9th, 1910.

To the Honorable the Board of Supervisors of Genesee County;

Gentlemen:—Your committee appointed to draft a petition requesting the reinstatement of Henry DeWolf, our former County Game Warden, respectfully submit the following:

To the State Civil Service Commission, Albany, N. Y.:

Mr. Henry DeWolf, our former County Game Warden, stood at the head of the list in Civil Service examination.

He was unanimously endorsed by the Board of Supervisors and the Genesee County Fish and Game Association, which incorporated organization has in its membership some of the best citizens of our county. The Association has offered to send Mr. DeWolf with a committee to Albany to be given a hearing, but this privilege or right was denied them.

The number of arrests, convictions and amount of fines he has collected is above the average.

He has done very much to prevent violations by properly instructing our foreign population as to the provisions of the law.

We have heard praise for his work, and we know that the people of Genesee County desire that he be reinstated, and we, as a Board and representatives of our people, request that this be done.

HOMER A. WEEKS,
J. A. BISSELL,
W. B. DAVIS,
Committee.

The Chair declared Dr. C. F. McCarthy appointed.

BRIDGES—STATE AID FOR 30 FEET INSTEAD OF 5 FEET SPAN.

Upon motion of Supervisor Davis:

Whereas, The reports on bridges made by the Town Superintendents of Highways of the several towns in the County, pursuant to the requirements of the County Superintendent of Highways, show that the greater number are constructed of wood and are in a state of partial decay; and,

Whereas, The general tendency has, and is still, to repair such bridges from year to year, rather than substitute others of durable construction, which policy is obviously due to the desire to avoid the expenditure such replacement would entail; and,

Whereas, The improvement in the bridges throughout the county is not in keeping with the improvement being made in other features of highway work; and,

Whereas, Bridges being component parts of a highway, the repair and improvement of them are justly entitled to the same consideration by the State as any other feature of highway work, and cannot consistently be ignored; therefore, be it

Resolved, That we favor and urge amending Section 101 of the Highway Law so that State aid will apply to the repair and improvement of sluices, culverts and bridges having a span of less than 30 feet instead of 5 feet, which is the present limit.

Resolved, That the Clerk of this Board forward copies to the State Commissioner of Highways, Albany, N. Y., Mr. Charles Van Amburgh, Binghamton, N. Y., Chairman of the General Committee of County

Superintendents, and the members of Assembly and Senator of this district.

Upon motion of Supervisor Bissell the resolution was laid on the table until called up by some member of the Board in the future.

Upon motion of Supervisor Haskell the Board adjourned until Tuesday, December 13th, 1910, at 10 A. M.

Twenty-Second Day.

Batavia, N. Y., December 13th, 1910.

The Board of Supervisors of the County of Genesee met pursuant to adjournment with all the members present.

Chairman Wells presiding.

Journal of last session was read and approved.

HIGHWAY IMPROVEMENT—RESOLUTION FOR EXTRA COST.

Upon motion of Supervisor Perry:

Whereas, On the 8th day of March, 1910, the Board of Supervisors of Genesee County adopted a resolution approving the maps, plans, specifications and estimates of cost for the improvement by State aid of Batavia-Elba Road, No. 853, and appropriated the county's and town's share of the estimated cost thereof; and,

Whereas, A communication has been received from the State Commission of Highways notifying this Board of Supervisors that the original estimated cost of the road has been slightly increased by some excess in excavation and other quantities ascertained upon the precise measurements after completion of the work and necessitating an additional appropriation by the State, County and Town, the total estimated cost of which will amount to $425.00, of which the State, County and Town will pay the following proportions:

The State pays 50 per cent.	$212 50
The County of Genesee pays 35 per cent.	148 75
The Town of Batavia pays 15 per cent. on 2.39 miles.	37 42
The Town of Elba pays 15 per cent. on 1.68 miles.	26 33

Resolved, That the original maps, plans, specifications and estimate of cost as revised to conform with the above described modification be and are hereby approved; and the resolution heretofore adopted by this

Board in regard to said road, No. 853, are hereby made applicable to said revised maps, plans, specifications and estimate of cost.

It is further Resolved, That there is hereby appropriated and made immediately available the sum of$212.50, being the amount necessary to pay the share of the said additional cost which is to be borne by the State, County and Town. And the County Treasurer of said County is hereby authorized and directed to pay such proportion of the amount so appropriated as may be required to pay said share, upon the requisition or draft of the State Commission of Highways; and, if there are not sufficient funds in the County Treasury with which to pay such requisition or draft, the County Treasurer of said County is hereby authorized and emprowered, as provided by Section 142 of the Highway Law, to borrow all or part of said sum on the obligation of the said County issued by him for, on behalf of and in the name of the said County and acting for on behalf of said County.

It is further Resolved, That the Clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commissioner of Highways.

STATE OF NEW YORK, }
County of Genesee, } ss.

This is to certify, the undersigned, Clerk of the Board of Supervisors of the County of Genesee, has compared the foregoing copy of resolution with the original resolution now on file in the office and which was passed by the Board of Supervisors of said County on the 13th day of December, 1910, and that the same is a correct and true transcript of such original resolution and of the whole thereof.

In witness whereof I have hereunto set my hand and the official seal of the Board of Supervisors this 14th day of December, 1910.

JOHN W. MULLEN,
Clerk of the Board of Supervisors.

HIGHWAY RESOLUTION—TOWN OF ELBA.

Upon motion of Supervisor Edgerton:

First resolution requesting the construction or improvement of a County Highway in the Town of Elba, as provided by Article Six of the Highway Law (Chapter 330, Laws of 1908), passed by the Board of Supervisors of the County of Genesee, pursuant to Section 123 of the Highway Law, on the 14th day of December, 1910, a quorum being

present and thirteen Supervisors voting in favor of such resolution and no Supervisor voting against the same.

1. Whereas, Public interest demands the construction or improvement of the highway hereinafter described, as a County Highway; therefore, be it

2. Resolved, That this Board of Supervisors request that the following described highway be constructed or improved as a County Highway as provided in Article Six of the Highway Law, to wit: Beginning at the corporation line north of Village of Elba, on Oak Orchard Road, and running thence north to Orleans County line, that part of said highway from the Elba Village line to Baubie's corners to be resurfaced at a cost not to exceed Five Thousand Dollars per mile, having a total length of 3.62 miles, all in the Town of Elba.

ANNUAL VISIT TO COUNTY HOME—REPORT OF COMMITTEE ON.

Supervisor Bissell, the Special Committee appointed to report on the annual visit to the County Home, presented his report as follows, which was read by the Clerk, and, upon motion of Supervisor Weeks, was received and ordered published with the proceedings:

Batavia, N. Y., December 15th, 1910.

To the Honorable the Board of Supervisors of Genesee County;

Gentlemen:—Your Special Committee to report on the Annual Meeting and Inspection of the Genesee County Home, held June 17, 1910, reports as follows:

The day chosen ushered in with a clear sky and a soft gentle breeze from the south. The highways were in excellent condition, giving to the representatives exhilerating spirits; all arriving early in the day. Soon after a meeting was called by Chairman Wells. Considerable business was transacted.

A recess was taken for dinner.

After partaking of a bountiful repast prepared by Mrs. Hart and her assistants, of which they are not excelled, the members retired to the waiting room and were again called to order by the Chairman and the unfinished business disposed of. The Supervisors and Superintendants inspected the buildings and surroundings. They were found to be in a very satisfactory condition. The farm crops showed a good, thrifty stand, clean and well cultivated, showing a thorough system of farming adopted by the manager of the County Home, Mr. Hart.

J. A. BISSELL,
Committee.

District Attorney Coon appeared before the Board in relation to the bill of Coroner Snow.

To the Honorable the Board of Supervisors of Genesee County;

Your Committee on Printing the Supervisors Proceedings present the following bid of Griswold & McWain as being the lowest and approved by your committee:

FRANK D. PERRY,
HOMER A. WEEKS,
ELMER HASKELL.

December 20, 1910.

To the Honorable the Board of Supervisors of Genesee County;

Gentlemen:—Your Committee will report as follows:

This agreement made this 20th day of December, 1910, between the Board of Supervisors of Genesee County, on publishing the Proceedings of the Board, of the first part, and Griswold & McWain of the second part, witnesseth: That the said Griswold & McWain agree to print and deliver at their office in Batavia, N. Y., three thousand (3000) copies of the Proceedings of the Board properly indexed on or before March 1st 1911, according to the attached specifications, subject to the approval of the Committee of the Board, for the sum of Two Dollars and Five Cents per page, said price to be full compensation and cover all cost of printing and binding.

And the said Griswold & McWain agree that they will publish in one of the papers of Genesee County so much of the Proceedings as may be required by law.

Payment to be made on acceptance and delivery of said Proceedings in compliance with this agreement.

And it is further agreed that said Griswold & McWain shall forfeit the sum of Five ($5.00) Dollars for each and every day's delay in furnishing the said copies of Proceedings. Said Griswold & McWain agree that the book shall not exceed the number of pages in last year's report, provided the copy shall not be more than that furnished for last year's Proceedings

It is hereby mutually agreed that the said Griswold & McWain shall be entitled to one day extra for every day they are without copy.

Paper—The paper shall be machine finished book, 25x38, and weigh not less than 50 pounds per ream of 500 sheets.

Cover—The paper for cover shall not weigh less than 50 pounds per ream of 500 sheets, 20x25 inches.

Type—The Clerk's entries shall be set in Small Pica; resolutions, reports, communications, etc., in Brevier.

Pages—The pages of the pamphlet shall not be less than 5⅝x8¾ inches in size.

Binding—The book shall be hand sewed with linen thread or wire staples.

The said Griswold & McWain agree to furnish Thirty (30) cloth bound copies of the Proceedings with no additional charge for the same.

COMMITTEE OF THE WHOLE—REPORT OF.

To the Honorable the Board of Supervisors of Genesee County;

Your Committee on the Whole reports as follows concerning the salary and compensation which should be paid to the County Treasurer:

We learn, upon examination and inquiry from the present incumbent, that the actual receipts from this office during the past three years

have been as follows: 1908, $2,702.87 (in this year receipts from liquor tax fees were increased by the change in the commencement of the excise year, from May to October); 1909, $2,207.12: 1910, 2,410.74; total, $7,320.73, an average of $2,440.24 per year. This is an amount considerably less than that which has been supposed by many to represent the emoluments of this office, and from it the County Treasurer has annually paid the expense of the premium on his surety bond, amounting to a sum of about $200.00 for each year, or slightly in excess of that amount, and has also paid his assistant. We deem the compensation received by him to have been a fair one, both to himself and to the county, and, in our judgment, the compensation of the incoming County Treasurer should be fixed so as to reach substantially the same result, as is evidenced by the conclusion heretofore reached by this committee to recommend a salary of $2,400.00 per annum, in lieu of all fees and other perquisities pertaining to the office. Upon investigation we find that under the provisions of the Liquor Tax Law and the Transfer Tax Law, the County Treasurer, who, in those matters acts, not on behalf of the county, but as the agent respectively of the State Department of Excise and of the State Comptroller's office, is entitled to the per centages given to him from the proceeds of liquor tax certificates and from the amounts of transfer or collateral inheritance taxes collected, "in addition to the salary or fees" allowed for his other official duties, performed on behalf of the county. While the precise point has not been passed upon by the Courts, a question exists as to the power of the Board to substitute for the fees given to the County Treasurer by these laws an amount fixed by them which might be greater or less than the fees themselves. Consequently action by the Board, which put the office entirely on a salaried basis, might result in subjecting the county to future litigation to recover from it, in addition to the increased salary proposed, these fees on liquor tax certificates and transfer taxes, which litigation, if successful, would permit the County Treasurer not only to receive a salary of $2,400.00 per annum, but in the future to collect additional compensation from the county amounting to several thousands of dollars. Such action would be unwise, and as far as we learn, has not been taken in any county similarly situated. We therefore deem it proper to recommend the passage of a resolution fixing the salary and compensation of the County Treasurer at a sum in lieu of all fees for services and duties performed, exclusive of those under the Liquor Tax Law and Transfer Tax Law. The amount of salary and fees received by the present County Treasurer, aside from these two sources during his term of office, was in 1908, $1,147.44, in 1909, $988.69, and in 1910, $1,034.17. We recommend that the salary (the county to receive all the fees of the office, outside of the two sources mentioned) be the sum of One Thousand Dollars. This, together with the estimated fees to be received from the Liquor Tax Law and Transfer Tax Law, none of which are paid by the county or deducted from any moneys coming to it, will make the compensation of the incoming County Treasurer, as nearly as can now be estimated, the sum of $2,400 per annum practically the same as that of the outgoing officer has been, and will be fair both to the new County Treasurer and to the county.

COMMITTEE OF THE WHOLE—RECEIVED.

Upon motion of Supervisor Peck:

Resolved, That the report of the Committee of the Whole be received and published with the proceedings.

All of the Supervisors voting in the affirmative the motion was declared carried.

Upon motion of Supervisor Haskell:

Resolved, That the salary and compensation of the County Treasurer, commencing on the first day of January, one thousand nine hundred and eleven, be fixed at the sum of One Thousand Dollars per annum, in full of all compensation allowed for every official duty pertaining to the office or performed by him, excepting only the fees allowed him by the Liquor Tax Law, and to be paid from proceeds of liquor tax certificates, and the fees allowed him for services in ascertaining and collecting Transfer Taxes, to be paid to him from such taxes; all other fees and compensation to belong to the county and to be collected and accounted for by the County Treasurer.

REPAIR COMMITTEE—REPORT AND RECOMMENDATIONS OF.

Supervisor McVean, Chairman of the Repair Committee, presented the following report and recommendations in relation to the janitor work:

To the Honorable the Board of Supervisors of Genesee County;

Gentlemen:—The Repair Committee, to which the matter of janitor work was referred, do most respectfully present the following report and recommendations: That there be added to the janitor work the following duties: Give the same care to the District Attorney's, Sheriff's, School Commissioner's and Superintendent of Highway's offices as the contract now requires him to give to the Supervisor's room, and he shall receive for such additional work the sum of $70.00, making the salary $550.00, instead of $480.00, the amount the contract now gives him per annum.

Upon motion of Supervisor Bissell:

Resolved, That the recommendation of the Repair Committee, relative to the janitor work, be adopted.

Carried.

During the last year there has been raised on the County Farm about 700 bushels of wheat, 700 of oats, 300 of beans, 200 of carrots, 200 of beets, 100 of turnips, 100 of onions, also an abundant supply of garden truck for the institutions use. We raised corn enough to fill silo 1980 bushels of potatoes, about 125 tons of hay. There is now on the farm six work horses, one brood mare and three colts, fifteen hogs, twenty-five shoats, ten pigs, twenty-six head of cattle, one hundred hens and eleven geese.

We have done the usual amount of repairing during the year, and would most respectfully recommend the following appropriations to defray the poor expenses for the ensuing year:

Appropriation	$7,500 00
Physician	225 00
Religious Services	100 00

All of which we most respectfully submit.

CORTLAND CROSMAN,
G. H. CRAFT,
JOHN R. BENNINGTON,
Superintendents of the Poor.

To the Honorable the Board of Supervisors of Genesee County;

Gentlemen:—Your Committe on the Accounts of the Superintendents of the Poor have examined this report, have compared the vouchers

with the bills and receipts and find them correct. The orders and bills are on file with the County Treasurer.

Your Committee recommend that the sum of $7,500.00 be raised by tax for the support of the poor for the ensuing year; also $225.00 for Physician and $100.00 for Religious Services.

ARCH McVEAN,
HOMER A. WEEKS,
ELMER HASKELL,
A. G. STEELE,
Committee.

Value of the School Libraries is $33,150.00.
The number of School Districts is 123.
The number of School Houses is 132.
Of these there are this year closed 5.
During the past year I have inspected 243 School Rooms.
There were arrested for infringement of the Truant Laws 27, of whom one was fined and one imprisoned.
The number of Truants arrested was 21, but none committed to the Truant School.
Attendance Officers paid 387 visits to the various Schools.
185 School Record Certificates were issued.

AVERAGE MONTHLY WAGES PAID TEACHERS OF GENESEE CO.

Alabama	$47 20
Alexander	45 00
Batavia	58 85
Bergen	53 84
Bethany	46 73

Byron	48 80
Darien	42 83
Elba	43 05
Le Roy	55 78
Oakfield	53 26
Pavilion	46 50
Pembroke	48 25
Stafford	47 28

The average monthly wages throughout the County are $52.18, an increase over last year of $1.65.

No new School Houses have been completed during the year, though No. 6, Oakfield, has added an addition to its old building.

No. 2 Alabama, is erecting a two-room School, which we hope will lead in the future to a Union School District.

No. 1, Le Roy, has not quite completed its beautiful structure begun a year ago, while No. 11, Darien, and No. 12, Batavia, have both installed ventilating plants, rendering their houses less a menace to the health of their children, and No. 12, Darien, has lately purchased a large new site on which to erect a two-room School.

For the first time of my incumbancy of this office I have a surplus of teachers, a condition existing, I believe, throughout Western New York, but not in the eastern part of the State.

All of which is respectfully submitted.

CHAS. W. STICKLE,
School Commissioner.

For the repair and construction of the bridge on the Clipnock Peck Road, crossing the stream known as Black Creek, and located on or near the property of J. M. Peck.....	$ 200 00	$ 200 00

For the repair and construction of the bridge on the Covell Road, crossing the stream known as Oatka, and located on or near the property of A. Covell.....	$ 600 00	$ 600 00
Total for Bridges	$ 800 00	$ 800 00

THIRD ITEM.

Machinery Fund.

For the purchase and repair of machinery, tools and implements	$ 150 00	$ 150 00

FOURTH ITEM.

Miscellaneous Fund.

For removal of obstructions caused by snow, cutting weeds and brush, wire fencing, allowance for shade trees, allowance for watering troughs and other miscellaneous purposes	$ 500 00	$ 500 00

FRED M. BOLT,
Town Superintendent.

Dated October 31, 1910.

We, the undersigned, constituting a majority of the members of the Town Board of the Town of Stafford, in the County of Genesee, do hereby approve the foregoing estimate and declare the amounts set opposite each item in the column headed, "The amount approved by the Town Board," is the amount which shall be raised by tax for the specific purpose mentioned therein.

The Supervisor is hereby authorized to increase the amount of item one of this estimate to an amount which shall comply with the requirements of Section 90, Subdivision 1 of the Highway Law.

District Attorney's Report.

November 30, 1910.

To the Honorable the Board of Supervisors of Genesee County;

I, William H. Coon, District Attorney of the County of Genesee, do hereby make my report to the said Board, pursuant to Section 201 of the County Law.

I have not received any amount of money on account of any fine or any penalty or any other matter in which said County, any Town of said County or the State of New York has any interest, since December 30, 1909, at which date I made my last report.

There is now due from me and remaining unpaid on account of moneys which I am authorized to receive and in which said County, Town or State is interested no sums of money.

W. H. COON.

County of Genesee,
STATE OF NEW YORK, } ss.

William H. Coon, being duly sworn, says that he is the person named in and who makes the foregoing report, and that the same is true.

W. H. COON.

Sworn to before me this 30th day
of November, 1910.

MINNIE PFEIFER,
Notary Public.

Report of County Superintendent of Highways.

Batavia, N. Y., November 25th, 1910.

To the Honorable the Board of Supervisors of Genesee County:

Gentlemen:—I hereby present my Annual Report as County Superintendent of Highways of Genesee County:

In the County, as a whole, the highway work of the past year has been done in a fairly satisfactory manner, and I think it is safe to say that a marked improvement is shown in the conditions of the highways, bridges and culverts in every town, but there is room for greater improvement, which will be shown the coming year.

The primary work in some of the towns was a little neglected, and some Town Superintendents failed to organize their forces so as to carry on their work in the best manner, but these things will be remedied in the future.

There were five new Town Superintendents in the County this year, and with the experience gained by them better work may be expected of them the coming year.

The reports made by the Town Superintendents show that some good work in the way of permanent improvements has been done, those towns in which steam rollers were used showing up the best.

The total amount raised by tax in the County for highway purposes was $40,500.00, State aid received $20,250.00, making a total for highways of $60,750.00. The amount raised by tax for bridges was $11,348.00, for machinery $4,340.00, and for the removal of snow and miscellaneous purposes $2,430.00.

From the reports of Town Superintendents, which form a part of this report, it is shown in the line of permanent work there was built the past year in the county 4,553 rods or 14¼ miles of macadam road, at a cost of $18,788.33; 3,983 rods or 12½ miles of gravel road, at a cost of $8,548.16; 98 concrete culverts, at a cost of $3,590.84; 19 iron culverts, at a cost of $616.51; 12 bridges, solid floors, at a cost of $5,218.11; 2 bridges, concrete abutments, plank floor, at $286.04.

The Town Superintendent of the Town of Bethany built 474 rods

of sub-drain at a cost of $996.97, tile 4 to 7 inches laid 3 to 8 feet deep, average cost per rod, $2.10⅓.

There was purchased the past year, under the lease plan, in the County 3 steam road rollers, 1 traction engine, hauling outfit (engine and 3 ten ton cars), also purchased by the Towns, 1 road grader, 4 dump wagons, 4 dump boxes and 19 road hones, all but one town in the county owning and using hones.

The law in regard to cutting and removing weeds and brush has been pretty well enforced throughout the county and water breaks almost entirely eliminated.

Some good work has been done in the way of grading and turnpiking.

The Town Superintendents see the need of a better system of keeping their accounts that a more complete report may be made, which will be done the coming year.

WM. M. TORRANCE,
County Superintendent of Highways.

Report of Tuberculosis Committee's Visit.

The problem is a large one, and it is most impossible to touch upon all points that might be of interest and profit. Our first visit was to Otisville, Orange County, which started with six patients, and now has four hundred.

Arrived at 9 A. M. and found all busily engaged in the general routine work of the morning.

This sanatorium is under the supervision of the Health Department of Greater New York; is a charitable institution exclusively. Upon admission of patients they are given very close attention, watching temperature, character of cough and sputum, and looking after their general physical condition. For the first ten days no work is given them. Then, if thought best, they are given five minutes exercise walking, in both forenoon and afternoon, gradually increasing the time day by day. After a time they are given two hours work in the forenoon and two more in the afternoon. No trouble to find work, for there are beds to make, floors to keep clean, windows to wash, lawns to be kept in order, and plenty of farm work if able to do so.

They try to keep them six months at least, and then if improvement warrants, are discharged, sent home and looked after by district nurses, and if at any time are found going back they are advised to return for further treatment. The greatest pains is taken to prevent their spitting on lawns or about the buildings, and if found doing so are severely lectured. All have sputum cups; as they walk about they are carried under the arm, thus always having them ready for use. These cups are turned in every morning, the contents noted, and if any blood is found that patient is put to bed for careful observation.

The cups are emptied, sterilied, and another of the same number given in return, these to be returned next morning. The inmates here all seemed contented and cheerful. They sleep almost virtually in the open, and spend all of twenty-two of the twenty-four hours of the day breathing good, fresh, wholesome air. The other two hours are consumed in dressing, undressing, and while eating.

Every building is freely ventilated, and in the lean-to the sleepers are protected from the storms and winds only by canvas screens. Great pains are taken that all are fed liberally with fresh fruits and vegetables, and all the meat they wish for. Every forenoon they are all visited by a physician, and he makes his report to the superintendent. Found one

man who had gained 18 pounds in three weeks, and one 38 pounds in three months.

The administration of the men's unit has its library, reading room, billiard room, amusement hall, and among so many, all kinds of talent can be found, so they have dances, concerts, plays and amusements of all kinds.

Our visit in the afternoon was to the Loomis Sanatorium at Liberty, about two and one-half miles from the railroad. This is a fine, large institution, beautifully situated, giving a south and east exposure to all buildings. The various branches and subdivisions make it possible to extend its benefits to almost all classes of consumptive invalids, from the very poor to the rich, and from the incipient ambulant cases to the patient with acute and advanced tuberculosis.

The main sanatorium is on the cottage plan, with reception hospital, administration building, lean-tos, research laboratory and dispensary Some of the cottages are occupied as homes, under the strict supervision the superintendent, Dr. King. Upon admission all come to the main sanatorium, and as soon as justifiable are transferred to regular cottages. The intermediate division is devoted to the curables and those convalescent or convalescing. The annex division is the philanthropic part, and is devoted to those in the incipient stage.

Every means is given for healthy bodily exercise and diversion of thought. Treatment was not gone into, but it largely depends upon hygiene and dietetics.

They strongly urge that patients stay a long time, as the percentage of cures are enough greater to pay.

Most stress is paid to hygiene and dietetice, and scientific dietitions are entirely replacing the ordinary cooks, thereby a gain of nutrition and a saving in cost of food.

Every pains was taken at Liberty and Otisville to make our stay pleasant and profitable, and only regret this whole board could not have seen what is being done for these unfortunates.

The part assigned me by the chairman of the committee was cost and maintenance.

The cost to maintain each one of the 450 patients at Otisville, Orange

County, including interest on money invested in the 1,300 acres of land, with all improvements and equipments, is $26.00 per month.

Was unable to learn very much about the cost of the lean-tos or shacks occupied by the patients, but they average about $175 per bed and contain sixteen beds.

This institution is owned and maintained by Greater New York, and only New York City patients are cared for.

At Liberty, Sullivan County, the Loomis Sanatorium is conducted on a different plan. There are three grades. The main sanatorium, where they can occupy regular cottages, the rates are from $15.00 to $30.00 per week. Capacity, 125 patients.

The intermediate division, capacity, 14 patients, the rate is uniformly $10.00 per week. There are no private rooms in this division or in the annex. The annex of the Loomis Sanatorium is for patients who are unable to pay more than $5.00 per week, which is the rate charged in this division. Although in the year ending October 31st, 1908, the cost for each patient was $6.45¼ per week, and the year ending October 31st, 1909, shows a deficiency of $2,127.44.

The first lean-to they built cost $72.50 per bed, eight beds, total cost $580.00. The last one they built is a little more elaborate; has lockers large enough for a chair, so that the patient may be by themselves occasionally if they care to. It has eight beds and cost $1,200.00, including plumbing, heating, a separate locker for each patient, etc.

The physician in charge said the patients improved as rapidly in the annex as in any division.

The patients here are from every State in the union and of almost every nationality.

ARCH McVEAN.

Report of Russian Thistle Commission.

To the Honorable the Board of Supervisors of Genesee County:

Gentlemen:—Your Russian Thistle Commissioner reports with satisfaction that there is a less number of plants growing this year than last.

On the Retsof property, south of Le Roy, the foreman is quite persevering, and has succeeded in narrowing the area on which these pests have previously been very abundant.

On the George W. Root farm, in Byron, I found only five or six small plants, so the prospect is favorable for exterminating them.

There are still a few plants growing near the north-west corner of the Salt Plant in Le Roy, along the Canandaigua switch, also farther west where their refuse is dumped.

West Shore R. R.—Found scattering plants for about two and one-half miles east of the Elba Station. A few plants two telegraph poles west of the "Pekin Road," and a quantity near the east end of the switch that runs into the yards at the first Plaster Mill west of Oakfield. Found no plants growing west of there to the county line.

The N. Y. C. R. R. Main Line.—Conditions were the same on this road as last year, with the exceptions of a few places on the north side of the fill, outside the sod line, as follows: A few rods east of the freight house at Bergen, and along the switches for twenty rods east of the water tank at Byron, and from the Alexander road west to section house No. 13. There is no improvement from last year on the latter named piece of road.

Attica Branch of the N. Y. C. had no thistles.

Canandaigua Branch of N. Y. C.—I found only one plant, that was about two miles west of Le Roy, back of the Lyman farm.

Tonawanda Branch N. Y. C.—Conditions here same as last year, with scattering plants from the Alexander Road west to section house, along the south switches.

Erie R. R.—Found no thistles on this road from the east county line to Attica, on either branch, but found one plant just a little north-west of the county line west of Attica, also a few plants near the

east end of the siding in south track, about one mile west of the above mentioned point.

L. V. R. R.—Found a few plants in the cut west from the stone crusher plant in Le Roy. A few scattering plants for a mile on the west end of section 34, and one mile on east end of section 35. (This is between North Le Roy and Holmes's Crossing.) There were a good many plants growing near the west end of the siding here, also a few plants north of the stone crusher near this crossing. Thistles were quite abundant along the sidings from the Randall farm to the pump station at Stafford, and especially so on the south bank of the cut just east of the pump station. Apparently the section foreman here is doing nothing to eradicate this pest. There was also a bunch of plants in the switch a little west of the cattle chutes at Stafford, and two plants a little east of the Erie bridge, south side of fill, and scattering plants from the Canandaigua bridge west to Clifton avenue, Batavia. From here to the west county line I found two plants, they were near the east end on the south side of the Longwood siding.

D. L. & W. R. R.—Found but few plants on this road. One just east of the highway crossing east of the B., R. & P. Junction. Two plants between the Transit road and East Bethany, and one plant near east end of section No. 114, about two miles east of the East Alexander Station. There was also a bunch growing on south side of fill east of the Dean crossing, where the railroad fence curves around a pond of water. One large plant twelve poles east of the first milk station east of Fargo, also a bunch just east of the creek, west of the last named place, on the south side of tracks.

B., R. & P. R. R.—Found only one plant on this road, and that was about one mile west of Lime Rock.

Respectfully submitted,

W. F. PRATT,
Commissioner.

Report of the Genesee County Fish and Game Association.

Batavia, N. Y., December 5th, 1910.

To the Honorable the Board of Supervisors of Genesee County:

Gentlemen:—The Genesee County Fish and Game Protective Association takes this opportunity to present its annual report.

Eighty-one members paid their dues and were in good standing for the year ending September 1st, 1910, since which forty-two have paid for the present fiscal year.

The $50.00 appropriated by your board was expended for Hungarian Partridges, seven pairs being liberated on the property of Supervisor Edgerton on November 29th. The cost was:

Seven Pair of Birds at $7	$49 00
Ten per cent. insurance alive	4 90
Express and Livery about	3 00
	$56 90

The Hungarian Partridges liberated last December in the Towns of Batavia and Stafford seem to have done well and increased. The single pair liberated in Le Roy became separated and at last report one was missing. These birds should be liberated in colonies so those that are left may mate in the spring.

April 21st 4,500 brook trout fingerlings were planted.

June 3d 13,000 brown trout fingerlings were planted.

Some of these are reported as having been seen lately and doing nicely.

Due to a change in administration Mr. Henry DeWolf, Genesee County Game Protector, has been dropped for the good of the service. By direct request the Commissioner has denied Mr. DeWolf a hearing. Through other sources we learn there are no charges against him. The convictions he has secured and the large decrease in illegal hunting and fishing, due to the efficient performance of his duties, show him to be an excellent man for the position. He has the hearty endorsement of our Association and we respectfully request that your Board use its influence to secure the re-appointment of Mr. DeWolf.

If this can not be done we request that you endeavor to secure the appointment of a protector for this County.

Our Treasurer reports a balance on hand of $50.83.

Our report shows that the appropriation granted by your Board was judiciously expended, and we respectfully request that you co-operate further with the Association by making a liberal allowance for the ensuing year.

Respectfully submitted this 5th day of December, 1910.

WILLIAM W. DORMAN,
Secretary.

Report of Sealer of Weight and Measure.

Alexander, N. Y., November 23, 1910.

Third Annual Report of the Weight and Measure Department. I can say there has been an improvement.

I find where the liquid measure was used three years ago the merchants are using the dry quart or selling by the pound.

Since the salary system I find there are more calls from scale owners.

I have handled over 1,400 pieces, viz: Measures, weights and scales since June 1st, 1910, to date. I have visited every town in county from two to more times. I find a good per cent of merchants now selling dry beans by the pound, where three years ago they were selling by liquid quart.

I also find the majority of farmers' scales are in worse shape than the merchants' scales, and a house to house test would be the only way to get them all in line.

The common house scale, which is used by most house wives, are what we call "N. G."

The salary system has made an improvement for the sealer in doing his work, and is looked on by the merchant in a better light. But until the salary has been adjusted you cannot expect a sealer to devote his entire time at it, and until he does you will not have the service complete.

E. C. MOULTON,
County Sealer, Genesee County.

Care of Prisoners.

THIS AGREEMENT, made this 14th day of January, 1911, between the Board of Supervisors of the County of Monroe, in the State of New York, of the first part, and the Board of Supervisors of the County of Genesee, in said State, of the second part.

Witnesseth, That said first party, in consideration of the covenants and agreements on the part of said second party, hereinafter mentioned, does hereby convenant and agree with said second party to receive and keep in the Monroe County Penitentiary, any person or persons not idiotic, insane, crippled or incapaciated for labor, from age, sickness, or any other cause, who may be sentenced between the 1st day of April, 1911, and the 1st day of April, 1912, by any duly authorized Court or magistrate in said County of Genesee, in this State to confinement at hard labor in the Monroe County Penitentiary for not less than sixty days, and who shall be conveyed to said Penitentiary by the Sheriff or other proper officer of said County of Genesee within —— days from the time of receiving such sentence, for and during the full term of such sentence, unless sooner discharged according to law, or by executive pardon.

In consideration whereof, the party of the second part hereby agrees to pay to the party of the first part the sum of $2.10 per week for the maintenance of each prisoner sentenced and con committed to the said penitentiary and actually received therein, before the first day of April, 1912, for the full term of sentence each prisoner shall have received. It is further understood and agreed by the said parties that the account of the said County of Monroe shall be made out in the month of September, of each year, for the maintenance of all prisoners received before the first day of October, of each year, from said County, and confined in the said Penitentiary, and that said account shall be forwarded to the said party of the second part, with the usual affidavit attached and sworn to by the Superintendent or one of the Inspectors of said Penitentiary; and the party of the second part agrees to audit the said account at the price per week set forth in the contract, and issue a warrant therefor drawn upon the Treasurer of the County of Genesee, and the same shall be delivered to said Superintendent or Inspectors of said Penitentiary. It is further agreed that when fines are paid at the Penitentiary, the same shall be retained and belong to said Penitentiary.

It is further agreed that the County of Genesee be put to no other or further expense with reference to said prisoners so received in said Penitentiary, than as hereinbefore mentioned. Except it is agreed that the said County of Genesee will repay to the Penitentiary the amount advanced its discharged convicts to return to said County if residents

thereof, and if not residents a sum not exceeding $1.50 may be advanced to discharged persons for railroad fare.

It is further agreed by the parties hereto that if from the prevalence of contagious disease, total or partial destruction of said Penitentiary by fire, or the elements, or from any cause, the Inspectors of said Penitentiary shall deem it necessary, for any given time to decline to receive prisoners sentenced as aforesaid, a notice in writing, personally served on the Clerk of the Board of Supervisors, of said County of Genesee, ten days before the time fixed for declining to receive such prisoners shall release the party of the first part from any obligation imposed by the contract, during the time stated and set forth in the notice so given.

It is further agreed, by the party of the second part, that all persons so sentenced, as aforesaid, in the County of Genesee, shall be transferred to the Monroe County Penitentiary within —— days after their sentence

IN WITNESS WHEREOF the party of the first part, by the Superintendent of Monroe County Penitentiary, and thereunto duly authorized, and the party of the second part by their Clerk or Committee, thereunto duly authorized, have hereunto set their hands and seals, the day and year first above written.

W. H. CRAIG, Superintendent.

JOHN W. MULLEN, Clerk of Board.

Inspection of Genesee County Jail.

Located at Batavia.

Inspected October 20, 1910. David Garrett, Sheriff.

The number of inmates on the day of inspection was 14, all males, classified as follows: Serving sentence, 8; held for Grand Jury, 4; held for examination, 2. The highest number at any one time during the year was 46; lowest, 8; average about 25. The total number of females detained during the past year was 16.

This institution is constructed along modern lines, and was found in a commendable condition throughout. The interior is just receiving a coat of paint, which work is being done by the prisoners. The law relative to the separation and classification is complied with, but prisoners are not regularly employed, and persons detained several months awaiting trial receive no outdoor exericse. The bedding, which is purchased from the prisons, was found in fair condition, but could be greatly improved by the use of slips for both mattress and pillow, which could frequently be removed and washed.

The County would do well to follow the example of some other counties of the State in the employment of prisoners, rather than house them in idleness.

Respectfully submitted,

CLIFFORD M. YOUNG,
Inspector.

Contract for Soldiers' Head Stones.

THIS AGREEMENT, made this 16th day of December, 1910, by and between the Worden-Crawford Co. of Batavia, N. Y., of the first part, and the Board of Supervisors of Genesee County, N. Y., of the second part;

Witnesseth, That the party of the first part shall perform in a faithful and workmanlike manner the following specified work, viz:

To furnish and set on a foundation complete, prepared by the superintendent of the cemetery, under the direction of the Town Committeeman, in any cemetery in the County that may be designated by the party of the second part, according to the design adopted December 9th, 1907, to be set one foot in the ground, and one foot six inches out of ground. Material to be of the best grade of Barre Vermont granite, fifteen (15) inches wide and eight (8) inches thick.

Work to be completed within the specified year, and the party of the second part agrees with the party of the first part in consideration of the faithful performance of the above specified work to pay the party of the first part the su mof Fifteen Dollars ($15.00) per marker. And it is further agreed by the party of the first part, that when a headstone is to be erected in a town, they shall notify the committeeman of such town that same is to be erected, giving him an opportunity to be present and see that it is properly placed and erected.

In witness whereof we have hereunto set our hands and seals the day and year first above written.

A. G. STEELE,

W. B. DAVIS,

HOMER A. WEEKS,

Chairman and Clerk's Certificate.

STATE OF NEW YORK.

Chamber of the Board of Supervisors.

Pursuant to the provisions of the Statutes, we do hereby certify that the foregoing volume was printed by the authority of said Board of Supervisors and contains a true record of the proceedings of said Board and the whole thereof of its annual sessions, commencing on the 9th day of January, 1910, and meeting bi-monthly during the year closing on the 31st day of December, 1910, also the records of the special sessions held on the 17th day of June, the 3d and 4th days of October, 1910. Also the Board met with the State Highway Commission on January 13th, the Board of Assessors of the several Towns of the County on March 26th, and with the State Tax Commission on August 25th, all of which there were no records kept..

JOHN W. MULLEN,
Clerk.
